

Trenton R-IX Patrons,

Apple Bus Company and the Trenton R-IX School District are experiencing some untimely difficulty providing drivers for all the bus routes. This is due to multiple factors, most prominently the area-wide driver shortage for public school transportation. Please bear with us as we use the resources we have available to get our students to and from school. This may include combining routes, and bus times running a few minutes behind until we get our full roster of drivers back.

We appreciate your cooperation and grace as we navigate through the first few weeks of school, always keeping the safety and well-being of the R-IX students in mind.

If you are interested in becoming a Bus Driver for the Trenton R-IX School District, please contact the Apple Bus Company Trenton Office at 660-339-7227.

Thank You,

Kris Ockenfels

Trenton R-IX Director of Supportive Services.
