Local Plan Section D: Annual Budget Plan

Projected special education budget funding, revenues, and expenditures by LEAs are specified in **Attachments II–V**. This includes supplemental aids and services provided to meet the needs of students with disabilities as defined by the Individuals with Disabilities Education Act (IDEA) who are placed in regular education classrooms and environments, and those who have been identified with low incidence disabilities who also receive special education services.

IMPORTANT: Pursuant to California *Education Code (EC)* Section 56048, adjustments to any year’s apportionment must be received by the California Department of Education (CDE) from the SELPA prior to the end of the first fiscal year (FY) following the FY to be adjusted. The CDE will consider and adjust only the information and computational factors originally established during an eligible FY, if the CDE's review determines that they are correct.

Pursuant to *EC* Section 56195.1(2)(b)(3), each Local Plan must include the designation of an administrative entity to perform functions such as the receipt and distribution of funds. Any participating local educational agency (LEA) may perform these services. The administrative entity for a multiple LEA SELPA or an LEA that joined with a county office of education (COE) to form a SELPA, is typically identified as a responsible local agency or administrative unit. Whereas, the administrative entity for single LEA SELPA is identified as a responsible individual. Information related to the administrative entity must be included in Local Plan Section A: Contacts and Certifications.

Special Education Local Plan Area Funding Distribution

D9. Describe the basic premise of the SELPA Allocation Plan.

All special education funds come from the State directly to the SELPA Administrative Unit, Tulare County Office of Education. The SELPA Administrator allocates the fund to SELPA members according to the SELPA policy and approval of the Superintendents Governance Committee.

D10. Describe how the SELPA distributes IDEA revenues to the LEAs, including the models used to provide services to member LEAs:

For our SELPA AB 602, we use the "off the top" model. The COE operated program and small schools are fiscally made whole and the remaining funds are allocated out to the SELPA members. For the MH, and Infant funds, those funds are kept within the SELPA/COE for services provided to the districts within our county.

Table 5: Projected Expenditures for Supplemental Aids and Services in the Regular Classroom and for Students with Low Incidence Disabilities

The standardized account code structure (SACS), goal 5750 is defined as "Special Education, Ages 5–22 Severely Disabled." Students with a low-incidence disability are classified severely disabled. The LEA may elect to have locally defined goals to separate low-incidence disabilities from other severe disabilities to identify these costs locally.

D13. Does the SELPA, including all LEAs participating in the SELPA, use locally defined goals to separate low-incidence disabilities from other severe disabilities?

Yes No

If "No," describe how the SELPA identifies expenditures for low-incidence disabilities as required by *EC* Section 56205(b)(1)(D)?

Services or equipment needed for low incidence students are placed in a locally defined resource code. Once recorded in that resource, the distinguish between severe and non severe is made and identified using a locally defined goal to identify the disability type.

D14. Enter the total projected expenditures for supplemental aids and services (SAS) for students with disabilities who are placed in the regular education classroom and for those who are identified with low incidence (LI) disabilities.

Total Projected Expenditures for Students with LI Disabilities

D15. Using the form template provided in **Attachment V**, provide a complete distribution of projected federal and state expenditures by LEAs participating in the SELPA.
