B.I.D Program is a service brought to you by Nodaway County Ambulance District. This service is free of charge to any child that resides in Nodaway County.

## B.I.D Program will:

Help EMS personnel quickly identify patients that may have special needs or communication barriers.

Alert EMS there may be pertinent medical equipment in the vehicle that needs to be transported with the patient to the Emergency Room.

Increase continuity of care by supplying a medical ID card for EMS to share with Emergency Room staff.
