

FA Goals and Objectives

The facility planning program of the district will provide for new developments in instructional and related activities which affect facility utilization, shifts in population and changes in condition or obsolescence of facilities.

Approved: May, 1994

FB Building Committees

Building committees may be appointed by the board for assessing general or specific facility needs of the district and advising the board.

Approved: May, 1994

Requests to use district buildings and/or facilities for displaying permanent memorials, hosting funeral or memorial services, or honoring a person with its name shall be considered in accordance with the following provisions.

Memorials

As places designed primarily to support learning, school sites should not serve as the main venue for permanent memorials for students or staff. Permanent memorials for deceased students or staff shall be limited in form to perpetual awards or scholarships for district students.

Any permanent memorials in existence before the adoption of this policy can only be removed by board action.

Funerals

Use of school facilities for funerals is discouraged. If requests are made to hold funeral or memorial services at district facilities, such requests will only be considered if any services are scheduled after school has dismissed for the day or on weekends.

The superintendent shall handle requests for funeral and memorial services and shall report the disposition of those requests to the board.

Naming of Facilities

The board will consider requests from school and community groups to name an athletic or other school activity facility, building, or a portion thereof for a person provided the proposed name has special significance and/or the person has made an outstanding contribution to the school or the school system

and has been deceased for at least {10} years. The board shall consider naming requests after they are recommended by the superintendent.

Approved:

KASB Recommendation – 6/13; 6/16

FD Long-Range Planning

Capital outlay needs are continuing in nature. The board expects a District Strategic Planning Committee to conduct long-range planning activities in order that the district may be able to project capital outlay needs in an organized manner. Such long-range plans may include provisions for recommendations from patrons, consultants, architects, the board attorney, the district staff and representatives from local, state and federal governmental agencies.

A long-range needs study will consist of an inventory of existing facilities and potential use or obsolescence in the projected instructional and related programs, enrollment trends, needs for community use, site provisions and financial implications.

Approved: May, 1994
