Informed consent: COVID-19 Vaccination Status

I authorize Potosi School District staff to access the Wisconsin Immunization Registry to verify if _____ is fully vaccinated against COVID-19.
(student's name)

I further authorize the Potosi School District to contact the parent/guardian (or myself if an adult student) to provide evidence of vaccination for COVID-19 if the registry does not provide evidence of such vaccination.

The District will keep student vaccination status confidential to the extent required by applicable law. However, where permitted by law, student vaccination status will be shared with other District personnel as appropriate.

The consent to check the registry and/or contact the parent/guardian/adult student for evidence of vaccination will be valid for the full 2021-2022 school year. If I wish to revoke this consent, I may do so by contacting Kurt Cohen, District Administrator at cohenk@potosisd.k12.wi.us

The Potosi School District will hold the position that a student has **not** been vaccinated if permission to view the information on the registry is not granted or evidence is not provided by the parent/guardian/adult student that the above-named person has been vaccinated.

If no evidence of vaccination is provided to the district, the student will need to adhere to district adopted COVID-19 mitigation protocols which may include the student's exclusion from in-person instruction if an unvaccinated student is deemed to be a close contact to an individual who tests positive for COVID-19 and/or demonstrates symptom(s) of COVID-19 (e.g., application of quarantine recommendations as prescribed by the Centers for Disease Control and Prevention and other public health authorities).

(parent/guardian, adult student's signature)
