September 3, 2021

Dear Parents/Guardians,

With the upswing in positive student and staff COVID cases, the District will be transitioning to physical distancing in the Middle and High School areas and in the Elementary we will be going back to a cohort model of instruction.

There will be no school for students this coming Tuesday and Wednesday, September 7th and 8th, so that District staff have time to make the transition. Extra curricular activities will proceed as scheduled on both Tuesday and Wednesday.

We will return to in-person instruction on Thursday, September 9, 2021, unless your child has been recently quarantined. Those students will return when their quarantine period has ended. Quarantined students may continue to utilize the school lunch program on a pick-up basis. Contact the appropriate school office if you are interested.

Buses will run at their normal times, however, students can expect that there may be some changes in the bell schedules and lunch schedules. The District will provide more information early next week.

Starting on Thursday, middle school and high school staff will be providing live instruction via Zoom for students that are on overflow or at home due to quarantine.

Though we will be doing our best to distance the students and keep them in cohort groups, it is still expected that we will continue to see positive COVID cases within our students and staff. It is **STRONGLY** recommended that all students and staff wear a mask, whether vaccinated or unvaccinated. Masking is not mandatory, but highly encouraged, particularly in our student population that is not eligible for the vaccine.

Thank you,
Jeff Rykal
