Special Education Medicaid Initiative (SEMI) Parental Consent Form Collingswood Public Schools

Our school district is participating in the Special Education Medicaid Initiative (SEMI) program that allows school districts to bill Medicaid for services that are provided to students.

In accordance with Family Educational Rights and Privacy Act, 34 CFR §99.30 and Section 617 of the IDEA Part B, consent requirements in 34 CFR §300.622 require a one-time consent before accessing public benefits.

This consent establishes that your child's personally identifiable information, such as student records or information about services provided to your child, including evaluations and services as specified in my child's Individualized Education Program (IEP) (occupational therapy, physical therapy, speech therapy, psychological counseling, audiology, nursing and specialized transportation) may be disclosed to Medicaid and the Department of the Treasury for the purpose of receiving Medicaid reimbursement at the school district.

As parent/guardian of the child named below, I give permission to disclose information as described above and I understand and agree that Medicaid may access my child's or my public benefits or insurance to pay for special education or related services under Part 300 (services under the IDEA).

I understand that billing for these services by the district does not impact my ability to access these services for my child outside of the school setting, nor will any cost be incurred by my family including co-pays, deductibles, and loss of eligibility or impact on lifetime benefits.

Student's Name: _____

Student's Date of Birth: _____

Parent/Guardian Name: _____

I give consent to bill for SEMI: ____ Yes ____ No

This consent can be revoked at any time by contacting the administrator at your child's school.

Secondary Internet and Electronic Mail Permission Form

We are pleased to offer students of the Collingswood Public Schools access to the district computer network for electronic mail and the Internet. To gain access to e-mail and the Internet, all students under the age of 18 must obtain parental permission and must sign and return this form to the library media specialist, elementary computer coordinator, or principal. Students 18 and over may sign their own forms.

Access to e-mail and the Internet will enable students to explore thousands of libraries, databases, and bulletin boards while exchanging messages with Internet users throughout the world. Families should be warned that some material accessible via the Internet may contain items that are illegal, defamatory, inaccurate, or potentially offensive to some people. While our intent is to make Internet access available to further educational goals and objectives, despite our best efforts students may find ways to access other materials as well. We believe that the benefits to students from access to the Internet, in the form of information resources and opportunities for collaboration, exceed any potential disadvantages. Ultimately, parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and information sources. To that end, the Collingswood Public Schools support and respect each family's right to decide whether or not to apply for access.

Direct Internet and E-Mail Rules

Students are responsible for good behavior on school computer networks just as they are in a classroom or a school hallway. Communications on the network are often public in nature. General school rules for behavior and communications apply. The network is provided for students to conduct research and communicate with others. Access to network services is given to students who agree to act in a considerate and responsible manner. Parental permission is required. Access is a privilege, not a right, and it requires parental permission. Individual users of the district computer networks are responsible for their behavior and communications over those networks. It is presumed that users will comply with district standards and will honor the agreements they have signed. Beyond the clarification of such standards, the district is not responsible for restricting, monitoring or controlling the communication of individuals utilizing the network. Network storage areas may be treated like school lockers. Network administrators may review files and communication to maintain system integrity and insure that users are using the system responsibly. Users should not expect that files stored on district servers will always be private. However, within reason, freedom of speech and access to information will be honored.

During class, a teacher will guide students toward appropriate materials. Outside of school hours, families bear the same responsibility for guidance as they might exercise with information source such as television, telephones, movies, radio and other potentially offensive media. As outlined in Board policy and procedures on students' rights and responsibilities, copies of which are available in school offices, the following are **not** permitted:

- | | |
|--|--|
| • Sending or displaying offensive messages | • Using another's password |
| • Sending or displaying offensive pictures | • Using or sending obscene language |
| • Trespassing in another's folders, work, or files | • Harassing, insulting, or attacking others |
| • Employing the network for commercial purposes | • Damaging computers, computer systems, |
| • Intentionally wasting limited resources | Computer networks, or violating copyright laws |

I understand that violations may result in a loss of access as well as other disciplinary or legal action. As a user of the Collingswood Public Schools Computer Network, I hereby agree to comply with the above stated rules.

Student Signature: _____ **Date:** _____ **Cell Phone:** _____

As the parent or legal guardian of the minor student signing above, I grant permission for my son or daughter to access network computer services such as electronic mail and the Internet. I understand that individuals may be held liable for violations of the user rules and provisions. I understand that some material on the Internet may be objectionable. I accept responsibility, along with the Collingswood Public School District, to set and convey standards for my son or daughter to follow when using the Internet. These are the same standards I might exercise when selecting, sharing, or exploring information sources such as television, telephones, movies, radio, books, etc.

I understand that the Access to Information Software and Computing Agreement my son or daughter signed is a binding agreement and will be supported by me as a parent or legal guardian.

CHROMEBOOK POLICY & USAGE RECEIPT OF NOTIFICATION AND UNDERSTANDING

DUE: September 30th This School Year

The Collingswood Public Schools Student/Parent Pledge for Chromebook Use is on the backside of this document for your review. Your signature indicates that you have read, understand, and agree to abide by the requirements of the pledge regarding the use of computers, including the Chromebook, and the Internet in the Collingswood Public Schools. Your signature also states that you authorize the Collingswood Public Schools to create and utilize "cloud services" accounts that will be under the control of Collingswood Public Schools, but which reside elsewhere on the Internet. (Certain cloud services require parental permission for students regardless of the level of control over the account granted to CPS.)

Additionally, as part of the 1:1 Chromebook initiative, the Collingswood Public Schools is recommending the purchase of a Chromebook Care Repair and Replacement package. Students who purchase the Chromebook Care package will be permitted to take the Chromebook home. This form, with your signature and payment, must be completed prior to the deployment of the Chromebook to your child. Under this agreement, the Chromebooks are protected against accidental damage. The Collingswood Public Schools will require that a police report be submitted in cases of theft. Fraudulent reporting of theft will be turned over to the police for prosecution. A student making a false report will also be subject to disciplinary action as outlined by the school code of conduct.

This fee does not cover for loss of the Chromebook and/or its accessories, cosmetic damage, or damages caused by intentional misuse and abuse. The Collingswood Public Schools will assess the Chromebook damage and repair or replace the device if the damage is determined to be accidental and within the protection guidelines outlined below. Parents/Students will be charged for full replacement cost of a device that has been lost or damaged due to intentional misuse or abuse.

Costs of Repair and Replacement with and without Chromebook Care Plan

Other parts/accessories not listed: 100% cost to district	Other parts/accessories not listed: 50% cost to district	Other parts/accessories not listed: 100% cost to district

**Note: Each time a Chromebook is submitted for repair, the device will be examined for any additional damage. All damages will be repaired and all fees must be paid prior to the Chromebook being returned to the student.*

Please check one of the following options:

- ☐ I would like to purchase the Chromebook Care Plan through the Collingswood Public Schools in the amount of \$25. Purchase of the Chromebook Care Plan is required for the student to take the Chromebook home from school.
- ☐ I DO NOT wish to have my child issued a Chromebook to take home. (PLEASE NOTE: If you choose this option, students will be able to check out a Chromebook for daily use in the CHS/CMS Media Center. Students will be responsible for any damage while the device is in his or her possession).
- ☐ Rather than use a school device, I will purchase a Chromebook for my child for use in school. I would like my child to access district resources (district domain, administrative features) requiring the purchase of a license for a one-time fee of \$30.

I/we understand the terms and conditions of the insurance coverage for the Chromebook provided by the Collingswood School District.

I/we understand that students must return Chromebooks at the end of the school year in the condition it was received with the exception of normal wear. While the District may offer an option for students to keep the Chromebooks over the summer months, I/we understand that the Collingswood School District reserves the right to conduct unannounced inspections of student Chromebooks.

I/we understand that I must report any problems or damage to the Chromebook to the Technology Office.

I/we understand that the use of Chromebooks will be governed by all terms and conditions of the Collingswood School District policies and regulations, including but not limited to the Collingswood School District Use of Technology Policy 2361.

I/we understand that the technology device provided by the school district may record or collect information on the pupil's activity or the pupil's use of the technology device. The school district shall not use any of the capabilities in a manner that would violate the privacy rights of the pupil or any individual residing with the pupil.

Reasons for collecting information include, but are not limited to: Tracking the theft or inappropriate use of the device; honoring a warrant from a local, county, state, or federal law enforcement agency; or, at the request of the student or parent of the student to whom the device was issued.

Individual school Chromebook computers and accessories must be returned to the Collingswood Schools at the end of each school year. Students who graduate early, withdraw, are suspended or expelled, or terminate enrollment at Collingswood Schools for any other reason must return their individual school Chromebook computer on the date of termination. Failure to hand in Chromebook under any of these circumstances will result in the withholding of student records.

I/We agree to the stipulations set forth in the above documents including the Chromebook Policy, Procedures, and Information; the Acceptable Use Policy; Chromebook Care Protection Plan and the Student Pledge for Chromebook Use.
