

Magnolia Public Schools

Department of Special Education

- Magnolia Public Schools serves approximately 380 students with disabilities.
- These students are served throughout the 4 campuses in our district.
- Magnolia Public Schools is committed to providing a quality education for all students.
- We believe that all students can learn and be successful in school.
- Some of the special services provided include: occupational therapy, physical therapy, speech language services, psychoeducational testing.

Arkansas Child Find

Some children need help walking, talking, seeing, hearing, or learning. If you feel your child needs help, contact your Camden Fairview Special Education Department at (870)837-8484. Special education services are available to all eligible children, in both public and private schools, including children who are highly mobile, homeless or wards of the state. Early detection is the key to helping your child get off to a good start. Getting help today will prepare your child for future success.

Child Find is a component of the Individuals with Disabilities Education Improvement Act (IDEA) that requires states to identify, locate, and evaluate all children with disabilities aged birth to 21, who are in need of early intervention or special education services.

Child Find is an ongoing cooperative effort that involves state and local education agencies, parents, the community, professionals, related organizations, and private schools.

IDEA requires all states to have a “comprehensive Child Find system” to assure that all children who are in need of early intervention or special education services are located, identified, and referred.

In Arkansas, the lead agency for Part C of IDEA Early Intervention Program (children birth to 3 years) is the Arkansas Department of Human Services. The lead agency for Part B/619 (children ages 3-21 years), is the Arkansas Department of Education.
