years specifically to work with students who may have fallen behind in the past 15 months of school, as well as some coaches and other positions that will help us build a support system for students and to ensure we have the staffing we need in our nursing, guidance, paraprofessional and custodian staff as we return to in-person learning," she said.

The new staff members, their photos by school, and their positions are as noted in the following photos:

RNESU welcomes 57 new employees

BRANDON — Students at Rutland Northeast Supervisory Union will meet a higher than usual number of new teachers and other school staff this school year. According to Supt. Jeanné Collins, 57 new employees will

take their positions in various jobs and duties throughout the district.

"Federal COVID funds are being used to hire more academic interventionists for the next three year. According to Supt. Jeanné Collins, 57 new employees will
