Records to which the members of the public shall not have access include, but are not limited to:

- a. To an agent or a family member of the employee

 - d. Upon written request of any employee, the district shall not disclose the employee's home address, home telephone number, personal cell phone number, personal email address, or birth date, and the district shall remove the home address, home telephone number, and personal cell phone number from any mailing list of the district except a list used exclusively to contact the employee.

 7. Information required from any taxpayer in connection with the collection of local taxes that is received in confidence and the disclosure of the information to other persons would result in an unfair competitive disadvantage to the person supplying the information (Government Code 6254)
 8. Library circulation and patron use records of a borrower or patron including, but not limited to, name, address, telephone number, email address, borrowing information, or use of library information resources, except when disclosure is to persons acting within the scope of their duties in the administration of the library; to persons authorized in writing, by the individual to whom the records pertain, to inspect the records; or by court order

(Government Code 6254, 6267)

9. Records for which the disclosure is exempted or prohibited pursuant to state or federal law, including, but not limited to, provisions of the Evidence Code relating to privilege (Government Code 6254)

16. Any other records listed as exempt from public disclosure in the California Public Records Act or other statutes
17. Any other records for which the district can demonstrate that, based on the particular facts of the case, the public interest served by not disclosing the record clearly outweighs the public interest served by disclosure of the record (Government Code 6255)

Inspection of Records and Requests for Copies

Any person may request a copy or inspection of any district record that is not exempt from disclosure. (Government Code 6253) Requests should be directed to the Superintendent. Any request made directly to any other staff members from the public, will not be responded by staff. Members of the public do not direct staff and this can be a distraction for staff from their primary job duties.

Requests can be submitted via email, telephone, or letter. If the following information is provided:

1. The name of the requestor.
2. Organization (if any).
3. A mailing address, telephone/fax number and/or email address.
4. A specific description of the records requested.

Within 10 days of receiving any request to inspect or copy a district record, the Superintendent or designee shall determine whether the request seeks release of a disclosable public record in the district's possession. The Superintendent or designee shall promptly inform the person making the request of the determination and the reasons for the decision. (Government Code 6253)

Logging and Tracking

CPRA requests will be logged and assigned a number for tracking purposes by RSUSD. Requests for public records and our response are themselves public records that may be requested.

In unusual circumstances, the Superintendent or designee may extend the 10-day limit for up to 14 days by providing written notice to the requester setting forth the reasons for the extension and the date on which a determination is expected to be made. Unusual circumstances include the following, but only to the extent reasonably necessary to properly process the request: (Government Code 6253)

1. The need to search for and collect the requested records from field facilities or other establishments that are separate from the office processing the request
2. The need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records which are demanded in a single request

3. The need for consultation, which shall be conducted with all practicable speed, with another agency (e.g., a state agency or city) having a substantial interest in the determination of the request or among two or more components of the district (e.g., two different school sites) with substantial interest in the request
4. In the case of electronic records, the need to compile data, write programming language or a computer program, or construct a computer report to extract data

If the Superintendent or designee determines that the request seeks disclosable public records, the determination shall state the estimated date and time when the records will be made available. (Government Code 6253)

Public records shall be open to inspection at all times during district office hours. Any reasonably segregable portion of a record shall be made available for inspection by any person requesting the record after deletion of the portions that are exempted by law. (Government Code 6253)

Upon request for a copy that reasonably describes an identifiable record, an exact copy shall be promptly provided unless it is impracticable to do so. (Government Code 6253)

The Superintendent or designee shall charge an amount for copies that reflects the direct costs of duplication. Written requests to waive the fee shall be submitted to the Superintendent or designee.

The Superintendent or designee may impose any reasonable limit on the use of personal equipment to photograph, copy, or reproduce a disclosable record that is necessary to protect the safety of the records, or to prevent the copying of records from being an unreasonable burden to the orderly function of the district and its employees. The Superintendent or designee may also impose any limit that is necessary to maintain the integrity of, or ensure the long-term preservation of, historic or high-value records. (Government Code 6253)

In addition to maintaining public records for public inspection during district office hours, the district may comply with public records requests by posting any public record on the district's web site and, in response to a public records request, directing the member of the public to the location on the web site where the record can be found. However, if the member of the public is unable to access or reproduce the record from the web site, the district shall promptly provide an exact copy of the public record upon payment of duplication fees, if applicable, unless it is impracticable to provide an exact copy. (Government Code 6253)

If any person requests that a public record be provided in an electronic format, the district shall make that record available in any electronic format in which it holds the information. The district shall provide a copy of the electronic record in the format requested as long as the requested format is one that has been used by the district to create copies for its own use or for use by other agencies. (Government Code 6253.9)

Transmittal and Cost

1. Responses will generally be mailed or emailed.
2. RSUSD will charge 10 cents per page for copies (including copies that are made for email).
3. If the copying charges are \$5 or less, the district will provide the documents at no charge.
4. The district charges \$5 per CD for electronic versions of certain documents (if available in electronic form).

The cost of duplicating an electronic record shall be limited to the direct cost of producing a copy of the record in electronic format. However, the requester shall bear the cost of producing the copy of the electronic record, including the cost to construct the record and the cost of programming and computer services necessary to produce the copy, under the following circumstances: (Government Code 6253.9)

1. The electronic record is one that is produced only at otherwise regularly scheduled intervals.
2. The request would require data compilation, extraction, or programming to produce the record.

Assistance in Identifying Requested Records

If the Superintendent or designee denies a request for disclosable records, the requester shall be assisted in making a focused and effective request that reasonably describes an identifiable record. To the extent reasonable under the circumstances, the Superintendent or designee shall do all of the following: (Government Code 6253.1)

1. Assist in identifying records and information responsive to the request or the purpose of the request, if specified

If, after making a reasonable effort to elicit additional clarifying information from the requester to help identify the record, the Superintendent or designee is still unable to identify the information, this requirement shall be deemed satisfied.

2. Describe the information technology and physical location in which the records exist
3. Provide suggestions for overcoming any practical basis for denying access to the records or information sought

Provisions of the Public Records Act shall not be construed so as to delay or obstruct the inspection or copying of public records. Any notification denying a request for public records shall state the name and title of each person responsible for the denial. (Government Code 6253)

Timing

The practice of RSUSD is to strive to fully comply with the request within ten calendar days. If this is not possible, RSUSD will notify you with an estimate of the date the records will be made available. If the records will be made available. If the records do not exist, we will notify you as such and not provide them.

The ten-day response period starts with the first calendar day after the date of receipt. If the request is received after 5pm on a weekday, or on a weekend or holiday, the next business day will be considered the date of receipt.
