

Buffalo Niagara Waterkeeper

Volunteer Events - Fall 2022

Students can gain hands-on stewardship experience and help protect and restore their waterways by participating in a volunteer program! From cleaning up litter, to planting a native tree, to collecting data there are options for everyone.

Cleanups and Plastic Pollution: Be a steward for our waterways and learn to prevent plastic pollution! Students will gain hands-on experience in methods for plastic pollution prevention and data collection. These volunteer events are best suited for older students (grades 6 -12) who are prepared to work outside.

**THURSDAY
September 15th**

Buffalo Harbor State Park, 4:30 - 5:30pm

Students will assist with a Sea Bin Deep Dive and Shoreline Cleanup, collecting data and removing plastic pollution from our water.

**THURSDAY
September 22nd**

Buffalo Harbor State Park, 4:30 - 5:30pm

Students will assist with a Sea Bin Deep Dive and Shoreline Cleanup, collecting data and removing plastic pollution from our water.

Restore Corps: Be a steward for BNW's restoration sites! Students will gain hands-on experience in a variety of activities including native plantings (trees, shrubs, live stakes, plugs), invasive species identification and removal, plant protection, trail maintenance, and more! These volunteer events are best suited for older students (grades 9 -12) who are prepared to work outside.

**SATURDAY
October 1st**

Tift Nature Preserve, 11am - 1pm

Students will work together to plant native and emergent plants.

**SATURDAY
November 12th**

Ellicott Creek Park, 10am - 12pm or 2 - 4pm

Students will work together to plant native trees and shrubs.

Volunteer event dates are subject to change.
Please contact us as soon as possible to participate with your student group.
