If you do not know your username and password, use the [Forgot Password](#) or [Forgot Username](#) links. If you continue to have issues logging in, please contact your school.

Once you log in there is some basic information from the home screen. Middle school and High School students will have a Document in Documents needing attention prior to school start.

Click the  on the top left and then go down and click on more. 

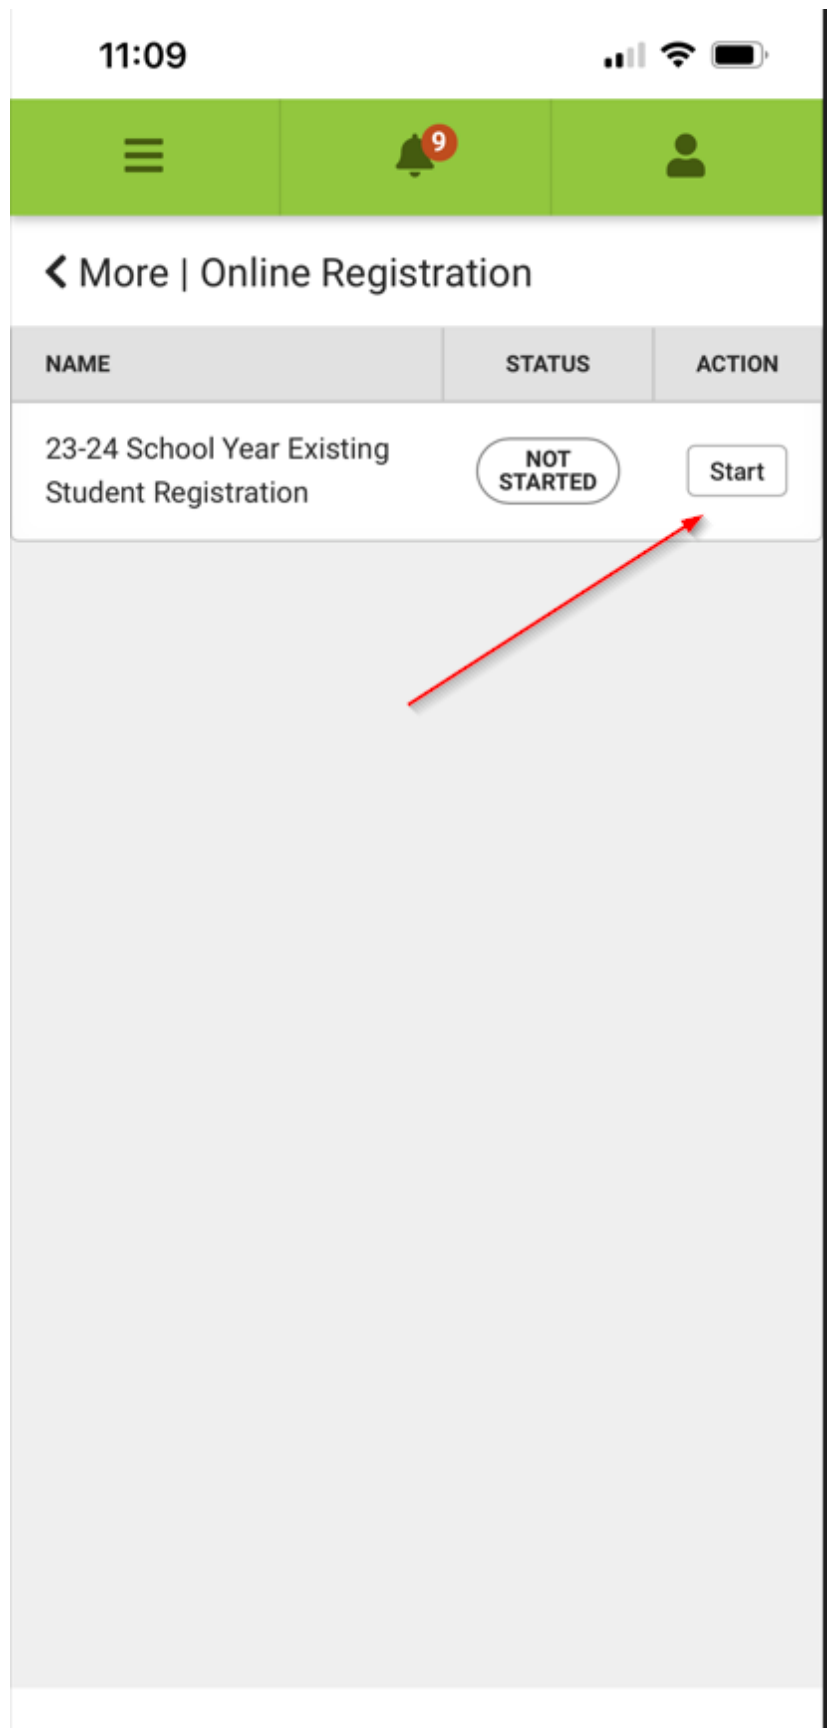

We are asking that all families update their information by clicking on ASD Online Registration.

You can also check out the other tabs as well. User Credentials has your student's initial computer password. That is where you will also find their lunch code.

When you get into the ASD Online Registration simply click start and it will walk you through the process. Most of the information will be prefilled from materials we already have. If we are missing anything it will ask you to fill that out. Not all questions are required but those have a red \* need to be filled out.

▼ Release Agreements

**Directory Information/Media Publication**

Each year schools in Aberdeen maintain school directories that list student names, addresses, and phone numbers. This information is available to public access upon request. Types of information that may be disclosed as directory information include: student's name, degrees and awards received, address, most recent previous institution attended, phone numbers, participation in officially recognized sports, activities, date and place of birth, dates of attendance, major fields of student, e-mail address, class schedule, full or part time status, and photograph. Under PL 107-110, Section 9528 (a) (2), a student or parent of a student has the right to prohibit the release of the student's personal data which the school would otherwise supply for military recruitment. Under "No Child Left Behind," all schools that receive federal funds must give military recruiters the same information they provide to colleges so one cannot be restricted without the other.

Do you give permission for your child to participate in any public/school directory information or media publication?

Yes ▾

**Field Trips**

I understand that field trips and excursions may be taken during the school year for educational purposes and that my child may go or remain in school, depending upon my wish. Unless I so advise the teacher in writing in the case of a particular proposed trip, it is my desire that my child shall take such excursions and field trips. It is understood that I hereby release the teachers and principal of the school from liability for any injury my child may sustain on such trips or excursions and agree to hold said teacher and principal blameless, beyond exercise of due care and caution, in the event of any such injury. I understand that all rules and regulations governing student conduct remain in effect while my child is on the field trip and that my child must be dressed properly and protected appropriately for the environmental conditions.

Do you give permission for your child to attend school-related field trips?

Yes ▾

**Technology Acceptable Use Policy**

Do you agree to the [Technology Acceptable Use Policy](#)?

Yes ▾

Back Save/Continue

During the Online Registration Process there is an area to add non-enrolled household members. If you have children not yet in school, they can be added here. When they are ready for school you will just move them to the kindergarten registration area and will not need to register again.

Thank you for helping us keep our records up to date and remove some of the laborious paper process. There will be more to register this time because it is the first time. Going forward it will be mostly just verification and signing the yearly permission slips.
