Foreword

WE THE PEOPLE of Jenkins High School In order to always remember the School Year of 1965-1966 Establish in our minds the things we have learned and the fun we have had Insure the memories of our friends and associates Provide for the time when this period will seem long-departed Promote an everlasting school spirit and Secure the blessings of these days for ourselves and our posterity ... do Ordain and establish this CAVALIER for the past year at

JENKINS HIGH SCHOOL

We the people learn . . .

... by informal discussions in a class such as Honor's English.

This class is one in which college preparatory work in composition writing is done, under the supervision of the teacher,

Mrs. Knight.

...a different language. Because Latin is a challenge to many students, Miss Venters is frequently called to the students' desks.

... the many aspects of Home Economics.

Under the guidance of Miss Byers, the
girls are given the opportunity to go beyond the basics of homemaking.

...the many tasks of an efficient secretary. Mrs. Davis strives to make her shorthand class conscious of their errors in both dictation and transcription.

... the advice of our Guidance Counselor, Mr. Dunn. Because he is always ready and willing to help, he is approached by countless numbers of students during each day.

...Laboratory techniques take practice, as Mrs. Litts explains to Roger Greer.

Eva Shelby and Benny Mullins look on to pick up some pointers.

... the anatomy of our bodies as Mrs. Wright attempts to explain further by using a skeleton. Along with anatomy comes the study of physiology, which makes it more interesting.

conducts this experiment for his physics class. Even though he came to J. H. S. the second semester, he quickly became a part of it.

... the techniques by which Mr. Frazier

. . . and observe

... and enjoy

... the music and marching of the Jenkins High School Band. The marching band has participated in all home games and a few away games. The director, Mr. Looney, has taught the band many new marching techniques.

... the opportunity to eat in the school cafeteria. The "Faculty Table" is interrupted by such happenings as picture-taking.

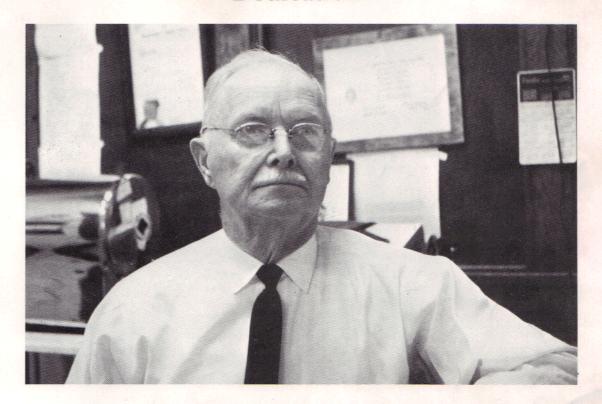

...attending athletic events such as football, baseball, and basketball games.

... congregating in the halls any time we can.

Dedication

Doctor Thurman McKinley Perry

"If I were sitting here and the whole outside world were indifferent to what I was doing, I would still want to be doing just what I am."

Dr. Perry, you have been a true friend to us as well as our parents. You have made us look within ourselves and laugh, and your calm resolution and your perspective of life have taken away our fears. Not only have you given to us personally, but you have given so unselfishly to the activities of the community. Among these have been your many years as chairman of the School Board and membership in the Kiwanis Club. Most important of all, however, has been your long, devoted service to the people of Jenkins as "Doc Do-It-All."

To this man who has been so long loved and respected--We, the Annual Staff of 1966, dedicate the CAVALIER to Dr. T. M. Perry.

Our school secretary, Mrs. Whitaker, is a graduate of Jenkins High School. Her efficiency is very much appreciated by her employers, and her willingness to help the students has won their respect and friendship.

We, the people are deeply indebted to Mr. Wright. As principal of our school, he has won the respect, admiration, and affection of the student body of Jenkins High School. He has continuously encouraged excellence in whatever we undertake. It was his school-spirited enthusiasm coupled with his interest in the individual that made our school and our year great.

We wish to express our gratitude to Mr. Dunn.

As guidance counselor, he has aided us in countless ways. His constant assistance to us in our undertakings has contributed much to us.

Seniors

Seniors

. . . will have their problems, crises, ups, and downs; but they, more than any other class, have their fun. They talk on the phone, go to bed late, attend their club meetings, buy crazy things, and take a lot of dares.

But they are aware of their responsibilities, too. They strive to elect only the most capable officers, and their representatives are to be accomplished young men and women. Seniors like to think for themselves, yet they respect those who train their minds. Some have decided on their future vocation and are now preparing for it. One of the most valuable things a Senior learns is his right to individuality, so they consistently endeavor to be original.

These are the Seniors of Jenkins High School.

The senior year of any class is the busiest, and perhaps, the most important. Strong and capable leadership is needed to guide and direct the class's activities. Sammy Hall, our competent and industrious president, has continually set a good example for us to follow. Benny Mullins, our vice president, and Roger Hall, our secretary-treasurer, have contributed much to the success of our class.

Jenkins High means many things to many people. It is to a few "just a school", but to the Seniors it is the center of all activities. Here is where they learned together, shared together, and had fun together. It was almost the essence of their whole being, and in the future will serve as the basis for never-to-beforgotten memories, made possible by their sponsors, Mr. Bentley, Mr. Francis, Mrs. Wright, and Mrs. Litts.

Four boys of the Senior Class attended the Annual Bluegrass Boys State, held June 6-12 at Eastern Kentucky State College, Richmond, Kentucky. The Jenkins High School participants, Doug White, John Zegeer, Sammy Hall, and Tom Crase, were chosen by the faculty in their Junior year. The theme was Government Education on the state level.

When you think of a high school, what do you see? This is the picture that comes to me:

A high school is people--teenagers and all.

It's assemblies and classes and a rush in the hall.

It's panic at grade cards; it's memories of gold;

It's thrills and excitement that never grow old.

Suspense fills the hallways, and rivalry's keen.

All yearn for a scholarship; who will be Queen?

A high school means many clubs with their fun,

And everyone working till all tasks are done;

Tense moments at ballgames--Will we win or not?

That J. H. S. spirit means more than we thought!

What is a high school? What is its story?

We've told it here in all its glory!

With all these things in mind, We, the Annual Staff of 1966, present to you the CAVALIER.

Hours of laying out, typing, proofreading, picture taking, and selling advertising were put in by this year's CAVALIER Staff.

The humorous (?) captions and picture ideas were inspired in numerous, riotous, but productive meetings.

We hope you enjoy the '66 CAVALIER!

The members of the Jenkins High School Beta Club elected Miss Eva Rae Shelby Beta Club Queen of 1966. She was crowned and presented a bouquet of flowers at their Spring Formal Party.

A student becomes a member of the Beta Club upon recommendation by the faculty and upon attaining a "B" average.

An average
Capitalist
discusses
FREE
ENTERPRISE

"I'VE THE RIGHT TO PLAN MY OWN LIFE, TO EARN A LIVING AS I SEE FIF."

"... I'm limited, of course, by my ability and determination. But, overall, I call the shots. I'll be paid according to what I contribute, too. If I'm valuable, I'll earn more; if lazy, less. But there's always the thought of working up. That's because I live in a Free Enterprise economy where I have freedom of choice and opportunity."

Our management employees and stockholders are united with this student under the Free Enterprise flag. We chose this business because we like it. But like other businesses, we must give the best possible service at the lowest possible cost.
