Hello Windsor Families:

The Sonoma County Office of Education (SCOE) is in the process of creating a Multi-Jurisdictional Hazard Mitigation Plan (Plan). Windsor Unified School District, along with the SCOE and all other school districts in Sonoma County agreed to participate in the development of a Multi-Jurisdictional Hazard Mitigation Plan in 2018.

The Plan identifies a range of natural hazards, such as wildfires, earthquakes, floods, landslides, and tsunamis, with the potential to significantly impact SCOE facilities as well as all of the facilities within each of the SCOE districts. The Plan provides a list of mitigation action items that will be used in the future to reduce impacts from the identified hazards.

Part of the FEMA-mandated approval process for the Plan requires sharing the document with the general public as well as external agencies (jurisdictions served, utilities, special districts) in order to solicit input during the plan writing phase.

We are asking you to please review the draft version of the Plan and share your comments with us by Sept. 17, 2021. The plan and survey for your comments can be found at www.scoe.org/hazardmitigation. You are not required to provide your personal information but it will be helpful if you are requesting a response to a question.

Thank you in advance for your time and assistance with this project.

Brooks Elementary – Cali Calmécac Language Academy – Mattie Washburn Elementary - North County Consortium
Windsor Middle School – Windsor High School - Windsor Oaks Academy – North Bay Met Academy
