To: Parents & Students of Mangum Public Schools,
From: Dr. Shane Boothe Superintendent
Re.: P-EBT Food Program

Starting as soon as Friday, September 17th, students enrolled in public schools in Oklahoma will receive credit card vouchers for food based on the number of days a student received 100% virtual instruction during the 2020-2021 school year. Since Mangum Public Schools elected to provide free meals to all students, regardless of family income, all students will be eligible to receive a voucher. It is our understanding that the voucher will come from a vendor the state selected and will not refer to the P-EBT program or have any data about meals, only a credit type card that must be validated. This is not junk mail - it is actual money that can be used to purchase food. The amount of funds will vary student to student and all of the data was derived from records the State Department of Education database pulled from our student information system and provided to the Department of Human Services. Mangum schools did not directly provide any data, nor do we play a role in determining who, what or how much each family/student receives. The link below has been provided by the Oklahoma State Department of Education to address any questions you may have.
