THE 1955 CAVALIER

volume 1
a publication of
the journalism club

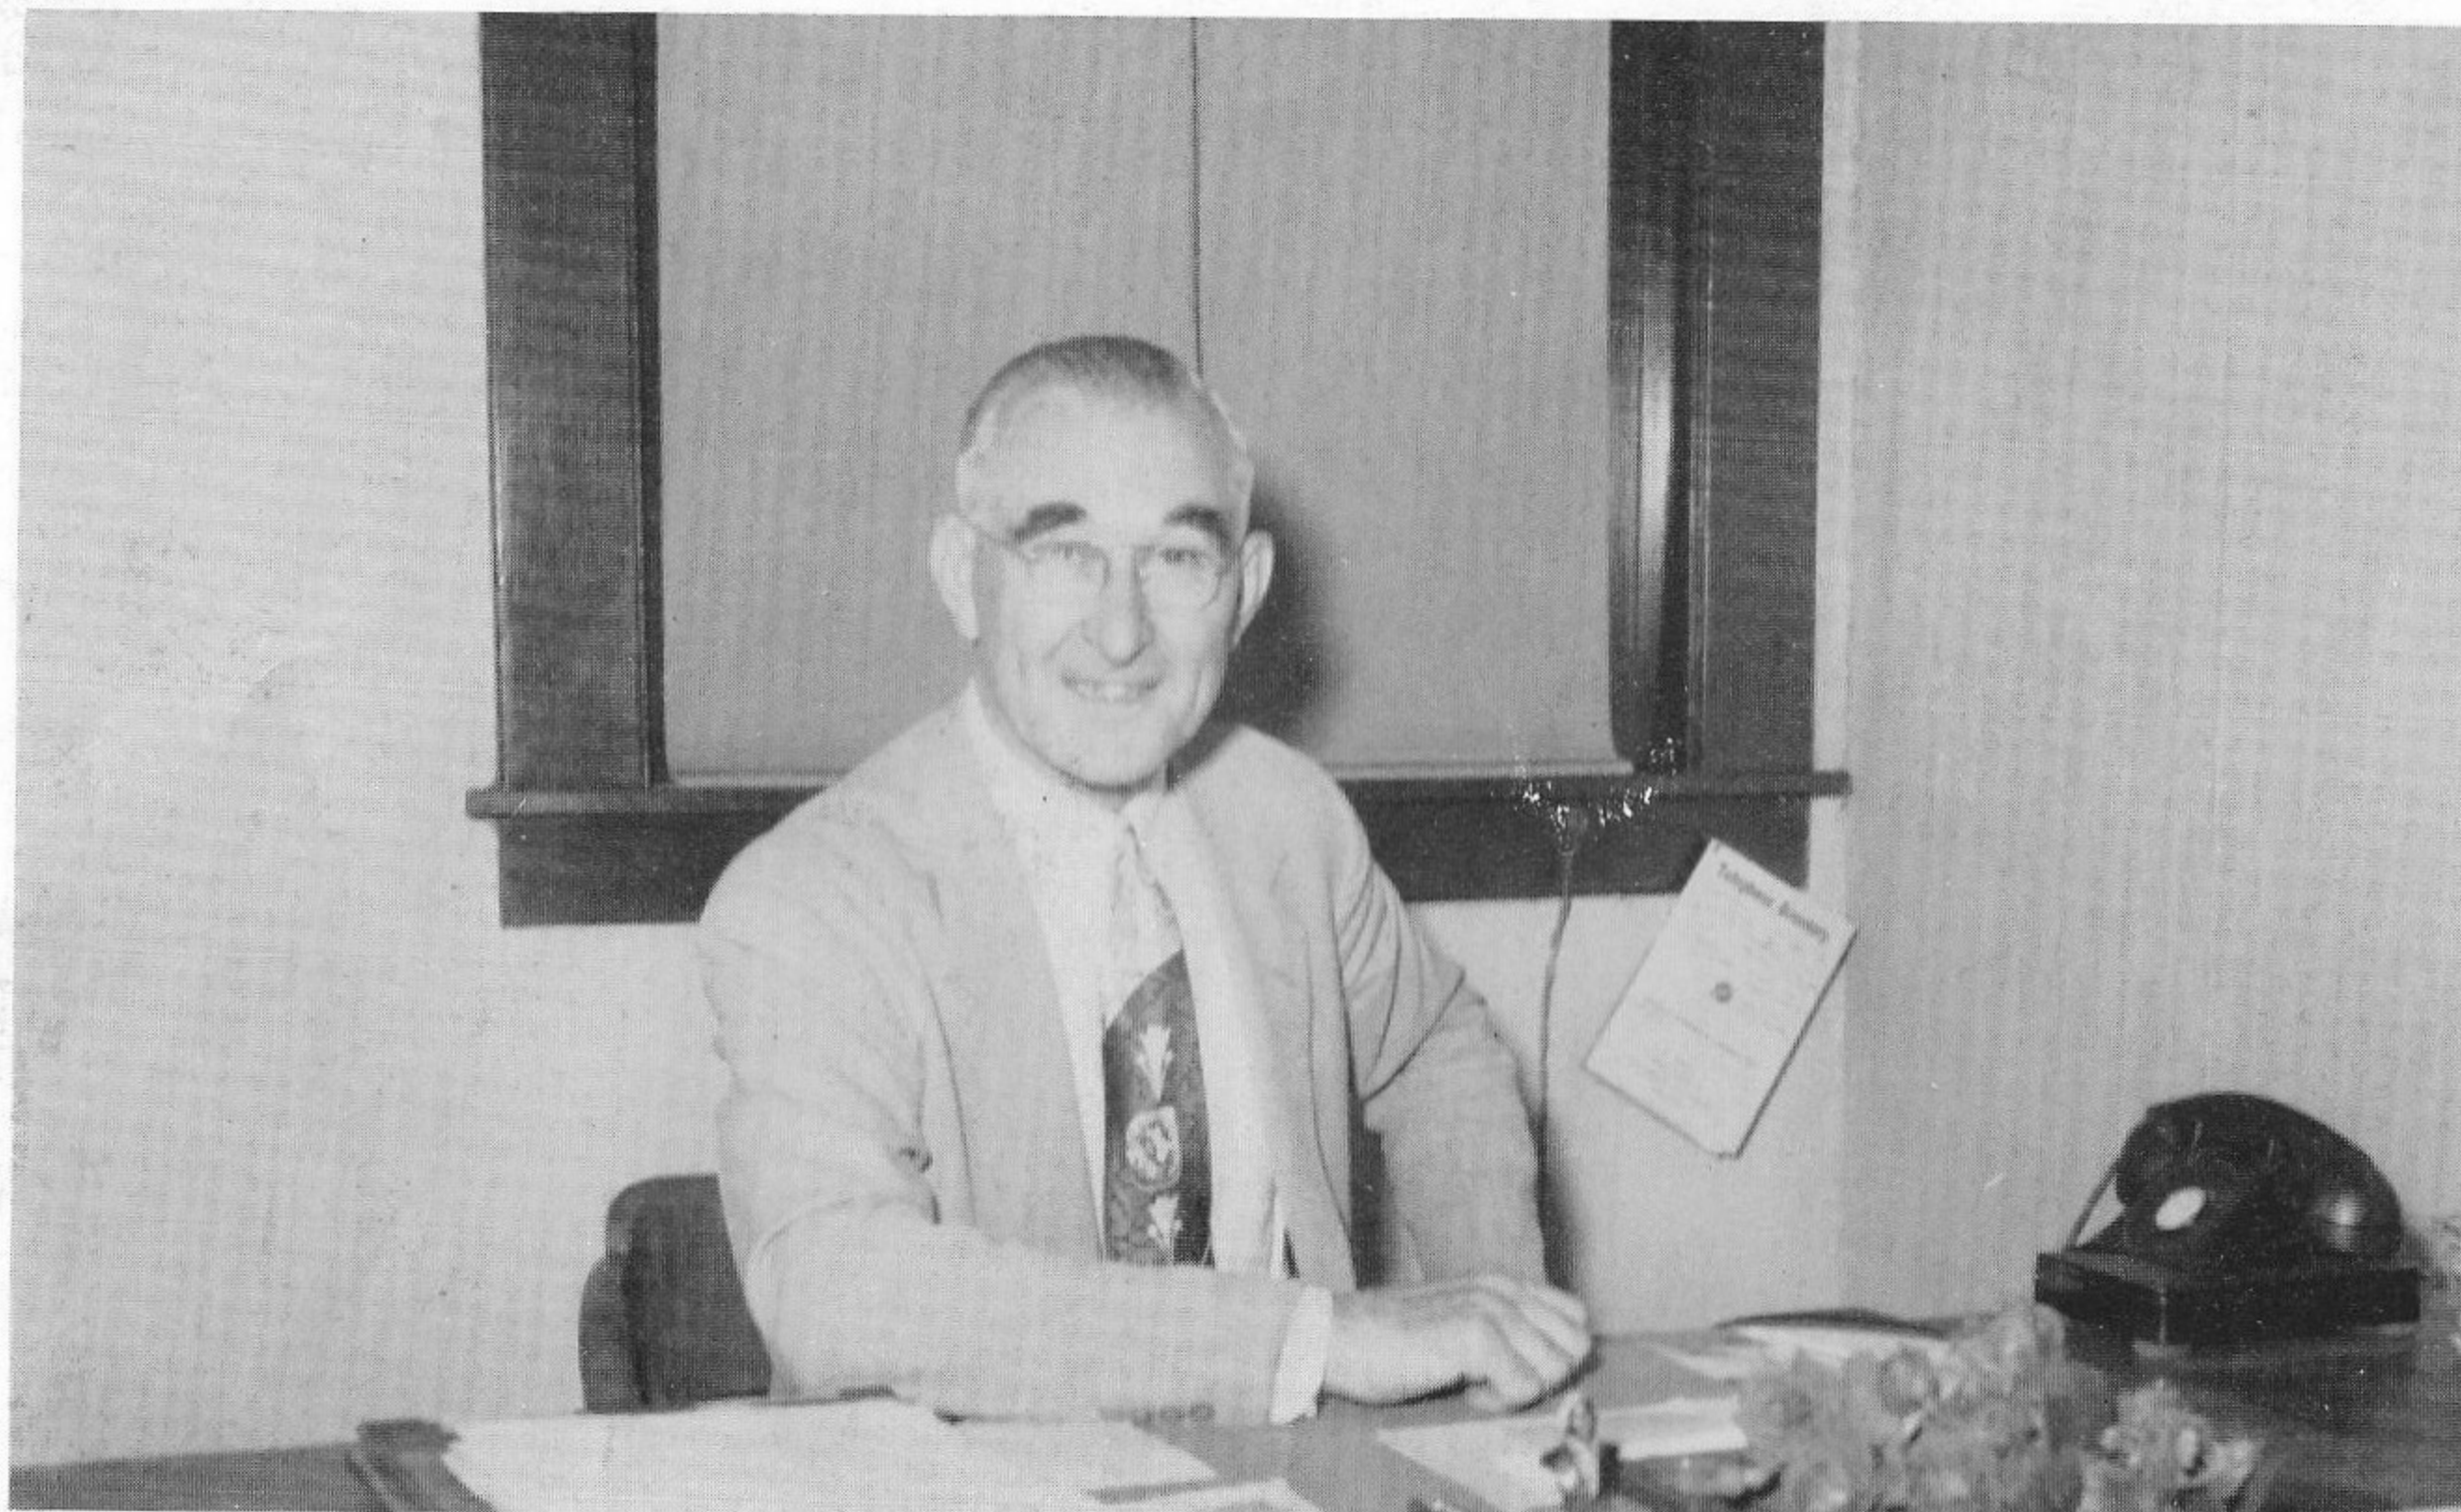

Jenkins high school
Jenkins, ky.

dedication

With the realization that we are still very young in heart and experience; with the knowledge that with their counsel there is yet peace and love, and a deeper, calmer faith for us to seek; we gratefully dedicate this, the 1955 Cavalier, to our Mothers and Fathers.

superintendent's message

To The Senior Class of 1955:

For four years the Jenkins High School has provided for you certain experiences intended to help you make social adjustments and give you some of the tools of learning which will be helpful in your tomorrows. Yes, you have been learning to do by doing and you have also learned from others.

If during these important years you have learned to share with others, if you have learned to respect the ideas, beliefs and opinions of others, if you have learned to recognize true values in life, and if you have learned to stand and live by the principles of justice and right, you can face the years ahead with hope and confidence.

And now I extend personal good wishes to each member of the class for happiness and success in the days ahead.

C. V. Snapp

Homer C. Davis, Principal

To the students of Jenkins High School

Webster once said, "Knowledge does not comprise all which is contained in the large term of Education. The feelings are to be disciplined, the passions are to be restrained; true and worthy motives are to be inspired; a profound religious feeling is to be instilled, and pure morality inculcated under all circumstances. All this is comprised in education."

Your school is ever trying to meet this responsibility by continually striving to turn out well-rounded individuals who have the mental abilities and moral aptitudes to meet life's problems well.

We are proud of our 1955 graduates as we are proud of all our graduates. Congratulations class of 1955.

Homer C. Davis
