

Paradise Charter School School (PCS)

Paradise Charter School will be an innovative approach to K-8 education in Modesto, California. Using the “school within a school” model, the goal is to create a quality, site-based school of choice, which will stress character development, leadership, technology, citizenship, honor and educational excellence.

We believe our vision statement is clear, “Success Through Character, Honor & Educational Excellence.”

The mission of Paradise Charter School will be to offer a quality K-8, site-based educational program.

We believe that preparing students for the real world is critical to lifelong success. Our core belief is that all students can be successful if learning institutions:

- ◆ Define what students need to know and be able to do.
- ◆ Provide a set of linked, relevant learning experiences that allow students to show what they know.
- ◆ Give students the time and attention they need to be successful.

Paradise Charter School’s goals as an educational charter school of choice will be to offer a broad variety of innovative, quality K-8 educational options, embedded with the National Technology Standards and character education that will promote character, leadership and honor.

Paradise Charter School and Paradise Elementary School District are located two miles west of Modesto, in Stanislaus County.
