

School Annual Education Report (AER) Cover Letter

March 9, 2016

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2014-15 educational progress for Floyd Elementary School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Principal Rod Dishaw for assistance.

The AER is available for you to review electronically by visiting the following web site www.bcreek.k12.mi.us, or you may review a copy in the main office at your child's school.

Floyd Elementary has worked tirelessly to enhance student achievement. In a report from SchoolDigger.com Floyd ranked as the 21st most improved elementary school in the entire State of Michigan. This is Floyd's 2nd year as a "Focus" school and this focus has helped up lead to higher student achievement for our students.

State law requires that we also report additional information:

1. For the past several years students are assigned to classes based on a variety of factors. The main factors for assignment include academic functioning level, behavior, needs of student, and a desire to have classrooms that are heterogeneously mixed.
2. Floyd Elementary School is in the first year of our three year school improvement plan. All goals are in action and being monitored by the school improvement team. Goals from the 2013-2014 school year were folded into our goals to reflect current academic expectations.
3. For the past four years, Floyd Elementary School has offered a Nature Kindergarten and Nature First Grade program. This program is in cooperation with the Chippewa Nature Center and funded generously through a grant from local foundations.
4. A copy of the core curriculum can be accessed by contacting the school office and requesting that a copy be provided to you. A staff member is more than happy to sit with you and review our core curriculum. At this time, we have no significant variances from the state expectations. The core curriculum that we have used has been consistent over the past two years.
