

Lockney ISD is seeking a High School Principal to lead LHS into the future. We are moving toward a P-TECH model with an emphasis on helping students learn their potential to succeed.

The candidate we seek is to be of the highest character and work ethic. A positive attitude and strong instructional leadership skills are essential for this position. It is important that we find a candidate who can be a great team member and build problem-solving teams within the campus. Energy and enthusiasm for our staff and students are important components of this position as is the ability to handle disciplinary issues firmly, fairly, and with professionalism.

This is an exciting time for LISD and Lockney High School. If you would like to work in an environment that values educators and focuses on student growth, we would love to visit with you. We run a four-day instructional week that allows instructional leaders and teachers opportunities for world-class planning, preparation, and communication almost every Monday. From Tuesday through Friday, we are getting after it in the classroom. Our high school staff gained a tremendous amount of momentum this year...and there is a wealth of potential yet to be realized.

If you are interested in working with an administrative team that is committed to providing a great environment for teaching and learning, Lockney ISD is the place to be. We aspire to be a safe haven for great educators who still expect to achieve great things with their students.

Experience preferred.

TTESS Certification Required

Principal Certificate Required

CDL preferred.

Respect for teachers and students is a must.

Interested parties should send letter of interest, resume, and application to Superintendent, Jim Baum at [baum.jim@lockneyisd.net](mailto:baum.jim@lockneyisd.net).
