GOALS AND STRATEGIES

I. Student Achievement and Citizenship

When students graduate from Rocky Mountain School, they will have the academic knowledge, skills, and behaviors necessary for high school and beyond. In order to achieve our Mission Statement, Rocky Mountain Public School is committed to helping all students:

1. Acquire and utilize the basic academic and communication skills necessary to become independent problem solvers and lifelong learners.
2. Establish and sustain a respect for self and others.
3. Demonstrate a comprehension of and a responsibility to local, national, and international issues.
4. Develop and express personal creativity and respond to the creative works of others.
5. Possess and practice personal technological literacy and life skills.
6. Recognize the historical significance and contributions of the ethnic cultures that make up our national citizenry.
7. Acquire an awareness of careers and career opportunities.
8. Practice responsible mental and physical health.

II. Drug-Free and Safe School:

The primary goal of the Board of Education is that Rocky Mountain Public School will develop students who excel academically, reason and solve problems rationally, and act responsibly by displaying good character and citizenship.

This goal can only be achieved if teachers can teach and students can learn in an environment in which they feel safe and secure. In both learning and behavior, we establish clear expectations for our students. We invite and encourage parents to be partners in achieving our goal. We continue to ensure that a safe and secure learning and working environment exists by maintaining our “zero tolerance” position regarding drugs and alcohol, weapons, gang-related activities, all types of assault, intolerance and sexual harassment.

Students are prohibited from any of the following activities:

- _ Having any type of weapon on their person, or in their locker, or in their car, or
- _ Bringing, selling, giving or using drugs or alcohol at school, or
- _ Coming to a school event under the influence of drugs or alcohol, or
- _ Showing disrespect to another person because of gender, race, religion, beliefs or physical condition, or
- _ Showing defiance to or disrespect of a staff member, or
- _ Student involvement in any type of physical confrontation.

Students will be subject to discipline measures for an act stated above.

Students can best learn in an environment in which there is good instruction, a respect for authority, an adherence to discipline standards, and a spirit of love.

Video surveillance is located in areas where surveillance has proven to be necessary as a result of prior property damages or security incidents. Video surveillance is 24/7.

III. Technology:

Rocky Mountain Public School will create an environment for all members of the school community that ensures the continuous acquisition of, and access to, technological exposure, knowledge and literacy that is both appropriate and essential for ultimate intellectual, social, and character development of students as citizens of the 21st century.

PLEDGE OF ALLEGIANCE AND MOMENT OF SILENCE

The Pledge of Allegiance is recited daily and a Moment of Silence is allowed for students to mediate, pray or focus on the day ahead. Students are expected to spend the time allowed quietly and respectfully to allow all students the ability to utilize the time well.

STUDENT RESPONSIBILITIES AND DISCIPLINE DRESS AND APPEARANCE POLICY

In developing a dress policy, Rocky Mountain School recognizes student appearance is not the sole responsibility of the school. It is a cooperative endeavor between the school, parents, and students; with parents and students assuming the larger share of responsibility. All students are expected to be neatly groomed. Because a relationship between one's appearance and behavior does exist, attire for students must be reasonable, modest, and in such a style as it will not cause distraction from the educational process. The responsibility of upholding and enforcing this code rests with those students, parents, teachers, and Superintendents concerned. Where there is a judgment to be made, the superintendent will make the decision in accordance with the site policy, as approved annually by the School Board.

PROCEDURAL STEPS TO LONG-TERM SUSPENSION

1. When a student violates board policy or a school rule or regulation or has been adjudicated as a delinquent for an offense that is not a violent offense, the Superintendent will conduct an informal conference with the student.
2. At the conference with the student, the Superintendent will read the policy, rule or regulation which the student is charged with having violated and will discuss the conduct of the student which is a violation of the policy, rule or regulation.
3. The student will be asked whether he/she understands the policy, rule or regulation and be given a full opportunity to explain and discuss his/her conduct.
4. If it is concluded that an out-of-school suspension is appropriate, the student will be advised that he/she is being suspended and the length of the suspension.
5. The superintendent will immediately notify the parent by phone and in writing that the student is being suspended out-of-school and that alternative in-school placement or other available options have been considered and rejected. Students will not be dismissed before the end of the school day without advance notice to the parent.

B. Immediate Suspension without a Pre-Suspension Conference

1. A student may be suspended without the above pre-suspension conference with the student only in situations where the conduct of the student reasonably indicates to the Superintendent that the continued presence of the student in the building will constitute a danger to the health or safety of the students, staff, or to school property, or a continued substantial disruption of the educational process.
2. In such cases, a suspension conference with the student and the parent or guardian will be rescheduled as soon as possible after the student has been removed from the building.

C. Conference with Parents

1. The Superintendent or his/her designee will seek to hold a conference with the parent or guardian as quickly as possible after the suspension has been imposed. The parent should be advised of his/her right to a conference with the Superintendent at the time he/she is notified that a suspension has been imposed. The conference will be held during the regular school hours, Monday through Friday, with consideration given whenever possible to the hours of working parents.
2. At the conference, the Superintendent will read the policy, rule or regulation which the student is charged with having violated and will briefly outline the conduct on the part of the student. The Superintendent will provide information as to the basis for an out of school suspension rather than the use of alternative options. The parent should be asked by the Superintendent if he/she understands the rule and the charges against the student.
3. At the conclusion of the conference the Superintendent will state whether he/she will uphold, modify or terminate the suspension. In all cases the parent will be advised of his/her right to appeal the decision of the Superintendent.

D. Right of Appeal - Short-Term Suspension (5 or fewer days)

A student who has been given a short term out-of-school suspension and that student's parent has a right to appeal an out-of-school suspension decision to a committee composed of administrators and/or teachers. 2. If no appeal is received within three (3) school working days after the parent or student receives the superintendent's decision, the superintendent's decision will be final and non-appealable.
3. The Superintendent or his/her designee shall convene a review committee composed of not less than three certified administrators or teachers or a combination of administrators and teachers and shall designate a chairperson. No administrator or teacher is eligible to serve on the committee who was a witness to the student's conduct, nor is any teacher eligible to serve who has the student in his/her class for the current school term.
4. The Superintendent or his/her designee shall schedule the committee hearing as soon as possible during regular school hours, Monday through Friday. Reasonable consideration will be given to accommodate the

schedule of the parent or guardian whenever possible. If possible the student and his/her parent or guardian will be notified in writing of the date, time and place of the hearing. The superintendent who issued the suspension decision shall attend the committee hearing. Either party choosing to have legal counsel at the committee hearing shall give the other party twenty-four (24) hours advance notice of that decision. The failure to give such notice will preclude the party's right to have counsel attend the hearing.

5. The committee will conduct a full investigation of the student's suspension in an informal manner. The superintendent will briefly outline the student's conduct, read the policy, rule or regulation which the student's conduct violated, and present any evidence and witnesses that support the superintendent's decision to suspend the student. The student and his/her parent or guardian will be asked by the committee if they understand the rule and charges against the student. The student and his/her parent or guardian will briefly explain the student's conduct and present any evidence and witnesses that support the student's position.
6. At the conclusion of the presentation of the evidence, the committee shall retire to render a decision by a majority vote as to guilt or innocence of the student. The committee shall also determine the reasonableness of the term of the out-of-school suspension. The suspension committee may uphold the suspension, modify the terms of suspension, or terminate the suspension. The Committee's decision shall be rendered in writing within three (3) school working days of the hearing to the parent or guardian of the student, the Superintendent, members of the committee, and the superintendent.
7. The decision of this committee will be final and non-appeal able.

3. The Superintendent or his/her designee should hold a conference with the parent or guardian as quickly as possible after receipt of the appeal. The conference will be held during the regular school hours, Monday through Friday, with consideration given to the hours of working parents whenever possible.
4. At the conference, the Superintendent or his/her designee will read the policy, rule, or regulation which the student is charged with having violated and will briefly outline the conduct on the part of the student. The parent should be asked by the Superintendent or his/her designee if he/she understands the rule and the charges against the student.
5. The student and his/her parent or guardian will briefly explain the student's conduct and present any evidence and witnesses that support the student's position.
6. Within three (3) school working days of the conclusion of the conference the superintendent or his/her designee will notify the student and parent in writing whether he/she will uphold, modify, or terminate the suspension. Students are expected to treat each other with courtesy and respect at all times. Displays of affection for other students by kissing, hugging and inappropriate touching are prohibited. No PDA.

REQUEST FOR LEAVE FROM SCHOOL

ALL STUDENTS ARE REQUIRED TO BE CHECKED OUT THROUGH THE SUPERINTENDENT’S OFFICE BEFORE LEAVING CAMPUS. Parents/ guardians may check their student out during the school day when a parent/guardian personally comes by the school to check the student out. Phone calls will be accepted ONLY if an emergency exists. A parent may designate a responsible person to pick up their student when arrangements are made with the Superintendent.

When parents come by to pick up a student, they should buzz the intercom at the main entrance and students will be sent out to the parent. Parents should limit early pickup to appointments that cannot be scheduled before 8:00 A.M. or after 3:02 P.M.

If custody issues arise through separation, divorce, or court orders, it is necessary for the parent to notify the Superintendent's office and present the filed court order in the event that a child should not be released to the other parent because of said court order. This should be updated by the custodial parent at the beginning of every school year, or at any time the custodial situation changes.

RIGHTS OF SEPARATED OR DIVORCED PARENTS AND OTHERS REGARDING MINOR CHILDREN

This Policy explains the obligations of Rocky Mountain School staff with respect to the rights of divorced or separated parents/guardians, grandparents, step-parents and others regarding students who are minors.

A. General Rule is Equal Rights for Parents

Unless a court, by valid court order, has taken away or altered a parent's rights, both parents will continue to have equal rights with respect to their children, even after they become separated or divorced. These rights include both "legal custody" and "physical custody" as defined below. In situations where a court order alters a parent's custody rights, school staff should recognize that both parents are still the parents of the minor child and no parent should be demeaned or disrespected in any way as a result of having only limited custody rights.

B. Legal Custody vs. Physical Custody

The term "legal custody" as used in this Policy is all the rights the law affords parents/guardians with respect to their children, except for "physical custody", including but not limited to:

The right to view and receive copies of their child's educational records, including progress reports, reports cards, discipline records, attendance records, etc.;

- The right to sign consent forms, permission slips or other documents parents are required or asked to sign;
- The right to enroll or withdraw their child from school.

The term "physical custody", as used in this Policy, is the right to be in the physical presence of and to move the child from place to place, including but not necessarily limited to:

- The right to pick up or check their child out of school; and
- The right to visit their child briefly at school.

C. Responsibility of Parents/Guardians

If a parent/guardian wishes that the rights of the other parent with respect to their child be restricted, it is that parent's/guardian's responsibility to produce to the Superintendent a valid, current and legible court order which restricts the other parent's rights. Such court orders will be honored by the Rocky Mountain School.

D. Interpreting Court Orders

When interpreting court orders regarding child custody, school officials should use the following general guidelines, unless doing so would conflict with a specific provision in the court order:

- Court orders granting "joint custody" to parents/guardians do not restrict either parent's rights to legal custody or physical custody;
- Court orders granting "primary custody" to one parent/guardian and "secondary custody" to the other parent/guardian are to be interpreted as granting primary physical custody to one parent and secondary physical custody to the other, while both parents/guardians maintain their rights to legal custody;
- A parent/guardian who is given secondary custody by a court order may exercise that parent's rights to physical custody only during the times specified in the court order during which that parent is given secondary custody rights, which are typically referred to as visitation rights.
- Parents/guardians who are given primary custody by a court order have physical custody of their child at all times except those specific times when the other parent/guardian has visitation or secondary custody rights;

- Court orders granting sole custody to one parent should typically be interpreted to mean granting sole physical custody and not affecting the other parent’s right to legal custody.

Any questions concerning the interpretation of court orders or parental rights should be referred to the Superintendent or the Board Attorney.

E. Unauthorized Contact with Students

If there is an attempt by a parent or other person to pick up or check out a minor child during a time in which that person does not have physical custody rights, school personnel who have been properly informed of the limitations on such person’s custody rights, should take reasonable steps to keep from releasing the child to such person and shall notify law enforcement and the other parent promptly. A person who picks up or removes a minor child from school at a time in which they have no legal right to do so, may be guilty of child abduction.

F. Parental Consent May Override Custody Order

A parent/guardian, grandparent, step-parent or other person who does not have physical custody rights at the time the person attempts to pick up or remove the minor child from school, may nevertheless be allowed to do so with the written consent of the other parent who has physical custody rights during that time.

G. Cooperation Encouraged

Separated or divorced parents, grandparents, step-parents and others are strongly encouraged to work cooperatively with each other and with school personnel to avoid disputes over the exercise of their custody rights, especially with regard to the pick up or removal of children from school. It is not the responsibility of Rocky Mountain School staff to attempt to resolve custody disputes between parents and other family members or interested persons. Should a dispute occur on school property the school will inform the involved parties that they will be required to make arrangements for an alternative pickup site away from the school (such as the Adair County Sheriff’s Office) Parents and others with custody or visitation rights should keep the school office informed of their addresses, residences and contact information at all times.

H. Definition of “Parents”

The term “parents” as used in this Policy includes legal guardians, legal custodians and others in loco parentis with a child, who are given the rights of parents by law, as the context requires. Grandparents, step-parents and others who are awarded visitation rights by a court order will be treated the same as parents/guardians who have visitation rights with respect to physical custody.

CLOSED CAMPUS

For your child's safety, Rocky Mountain School has adopted a Closed Campus Policy. Permission to be away from campus must be made through the superintendent’s office. Parents should make the request to the superintendent.

HALL PASSES

Students are permitted in the halls during class periods only if they have a hall pass unless they are accompanied by a teacher. Violation may result in a referral to the Superintendent's office.

VISITORS

Due to the overcrowding of classrooms, students may not invite guests. Parents are always welcome. All visitors must sign in through the office and get a visitor pass.

WITHDRAWAL

The procedure for withdrawal from school is as follows:

1. Authorization for withdrawal must be made by your parents or guardian
2. Obtain withdrawal forms from the Superintendent’s office
3. Have form filled out by teachers, return all schoolbooks and property and make sure all fines or charges are paid
4. Take completed form to the Superintendent's Office for final clearance

ATTENDANCE POLICY FOR ROCKY MOUNTAIN PUBLIC SCHOOL

I. Regulations

Student Attendance Rationale - Believing there is a proven correlation between good attendance and academic performance; and believing good attendance is the responsibility of the student and the parent; and knowing the state mandates daily attendance for all school-age children; therefore, be it known that the Rocky Mountain School expect every student to be in attendance at school every day. Some absences are unavoidable, but every effort should be made to keep absences to a minimum.

ABSENCE EXPLANATION

- An excused absence is a documented absence with either a doctor's note, dental, funeral, court, etc. (must have documentation), parent note, or parent phone call.
- Unexcused absence is when a parent does not call, or write a note to the school when their child is absent.

Work and tests missed due to an excused absence can be completed for credit within a reasonable length of time. It is the sole responsibility of the student to make arrangements with each teacher for completing the work missed. It is the parents' responsibility to inform the school about the circumstances surrounding their students' absence. It shall be the duty of the Superintendent or teacher to notify the parent, guardian or responsible person of the absence of the child for any part of the school day, unless the parent, guardian or other responsible person notifies the Superintendent or head teacher of such absences. (70 10-106) (Section 232 School Laws of Oklahoma).

If a child is absent without valid excuse four (4) or more days or parts of days within a four week period or is absent without valid excuse for ten (10) or more days or parts of days within a semester, the Superintendent or his/her designee shall notify the parent, guardian, or custodian of the child and immediately report such absences to the district attorney in the county wherein the school is located for juvenile proceedings pursuant to (Title 10 of the Oklahoma Statutes.)

Absences for School Activities

School sponsored activities are NOT recorded as absences. The student is responsible for assignments and must make up work missed. **All school activities are to be recorded as ES on the Gradebook.**

Absences Resulting in Failing a Grade

More than 8 unexcused absences in nine weeks will result in a failing grade, unless the Administration decides there are circumstances which would justify the waving of this regulation.

Examples of Excused Absences: Being sick must have a doctor's statement if 2 days in a row are missed, dentist statement, Death in the immediate family, etc.

Student Admits

Students must come to the office before class starts on their first day back following their absences to receive an admit slip to class.

II. Elementary Kindergarten - 8

Absences shall not exceed eight (8) during a semester. Violation of the eight (8) day attendance policy by elementary students will be used as one of the factors considered in reviewing their academic program. Grade level promotion will be determined following a conference.

If a student exceeds the allowed absences due to serious illness or injury, the administrator in charge of attendance must concur that the illness is serious enough to prevent the student from attending school. The administrator may require documentation from a doctor for any or all absences.

In the event of a chronic or recurring illness, documentation by the student's doctor indicating the nature of the chronic or recurring condition will suffice for the doctor's statement required for each individual absence.

Any student who is more than fifteen (15) minutes tardy shall be classified as absent and absence regulations shall apply.

*Skip days or walk-outs are not recognized as sanctioned activities. Participation in these activities constitutes truancy, and appropriate disciplinary action will be taken. A parent call will not excuse these absences.

All emergency exceptions to this rule must be requested in writing to the administrator in charge of attendance. An exception will not be given for absences due to a vacation, truancy or suspension.

III. Tardiness

1. Tardiness - Not being in class on time.
2. Tardiness which number five (5) or more may be referred to the office.
3. Teacher's classroom management plans may dictate disciplinary action for a unexcused tardy

MAKE-UP WORK FOR ABSENCES

1. Students will be allowed to make up work for absences.
2. STUDENT MUST INITIATE ALL REQUESTS FOR MAKE-UP WITHIN TWO (2) DAYS AFTER RETURNING TO SCHOOL.
3. Pre-announced tests which are missed due to an absence or are scheduled for the day the student returns to school will be made up on the student's time, not during class time. It will be expected that tests will be made up the first day the student returns unless the classroom teacher grants an extension.
4. As a general rule, the student will have one day to make up work missed for each day of absence, not to exceed three days. If extra time is needed, please communicate with the teacher for other arrangements. If teachers have provided work for the date(s) of the student's absence, work is due upon return.
5. If teachers have not provided work during the absence, the student has three (3) school days to make up work after the student returns to school.
6. The final decision on the time allowed for make-up work will rest with the individual teacher.

POLICY FOR REQUESTING HOMEWORK ASSIGNMENTS

All requests for homework assignments are made through the Main Office. **The Phone number is 918-696-7509.** Work may be picked up in the main office.

1. Do not request assignments unless you are absent at least two (2) full days.
2. If requested **before 9:00 A.M.**, assignments should be picked up before 3:00 P.M. that day.
3. If requesting assignments **after 9:00 A.M.**, the work should be picked up **the following day** before 3:00 P.M.
4. Assignments not picked up within 48 hours (2 days) will be returned to each teacher and the student will be responsible for getting his/her own work.
5. If the assignments are not picked up, the Office will **not request the work from a teacher a second time.**
6. When calling or coming by the Office to request homework assignments, let us know which books the student may already have at home with him/her. This ensures that the student has all books needed to complete the work.

STUDENT GRADING POLICY

One of the responsibilities of Rocky Mountain Public School is to teach the knowledge, information and skills which have been mandated by the state and which the majority of the citizens of this community deem valuable. Another responsibility of the district is to tell students and their parents how well the student is mastering each subject. Rocky Mountain Public School believes that **ALL STUDENTS MAY BE SUCCESSFUL** in this district.

REPORTING PROGRESS

Each student will receive a midterm and end of semester report on attendance and scholarship for each class. In addition, each student will receive a progress report at each mid-nine-week term. Based on these reports, parents are encouraged to contact teachers for assistance in helping their students achieve their capabilities.

GRADING SCALE

Students will be graded on a standardized percentage scale:

100 - 90	= A
89 - 80	= B
79 - 70	= C
69 - 60	= D
Below 60	= F

VALEDICTORIAN - SALUTATORIAN

Selection of Valedictorian and Salutatorian is based on a grade point average of the student's grades from the 6th, 7th, and 8th grades grade point average. The student must attend all of their eighth-grade year at Rocky Mountain School. Grade Point Average (GPA) will be calculated using grades from 1st and 2nd semester of 6th and 7th grade, 1st semester and 3rd nine weeks of 8th grade. No grades given or received will be weighted.

PROMOTION PROCEDURES

Promotion in Rocky Mountain Public School will be based on content mastery and achievement of curricula outcomes. Students who are promoted from one grade to the next in the middle school meet requirements set by state law. A conference will be held for students who do not earn these units; the conference will include the Superintendent, teacher, and a parent or guardian. Factors such as emotional maturity, age and attendance may be considered when deciding to move a child from one grade level to another.

PROFICIENCY BASED PROMOTION

Upon request of a student, parent or guardian, an eligible student will be given the opportunity to demonstrate proficiency in the district adopted learner outcomes. A copy of the Board of Education guidelines for Proficiency Based Promotion is available in the Superintendent's office.

Students not participating in gym, due to a **short-term illness**, must have a note dated and signed by a parent. This is to be given to the gym teacher. Before an **injured student** will be allowed to resume physical activity, a written release from the parent and/or doctor must be presented to the gym teacher.

Information regarding head injuries and concussions are given to athletes and parents each year. Acknowledgement and understanding of the information must be completed by the student athlete and parent prior to the athlete's participation of practice or competition.

Physical Activity Report to Parents

Rocky Mountain Public School provides physical education for all PK-8 students. All students in grades PK-8 receive instruction in physical education and exceed the minimum average of 60 minutes per week mandated by SB 1186. Physical activities within the physical education programs include fitness education, pre/post fitness testing, team and individual sports, and activities and games. At least 50% of the physical education classes are used for actual physical activity.

RMS encourages parents to be regularly active with your child while engaging in fun activities.

The obvious benefits of physical activity range from better health and improved self-esteem to providing a vehicle for family time that allows your child to view you as a positive role model. Contact your child's physical education teacher for more information on the benefits of physical education and activity.

STATEMENT OF AVAILABILITY OF MANAGEMENT PLAN AND NOTIFICATION OF ACTIVITIES

Rocky Mountain Public School will annually notify all parents, teachers, and other employees of the availability of the management plan by posting this information in the main office at each location. Additionally, information regarding any asbestos-related activities planned or in progress, will be posted in the same location and memorandums will be given directly to employees concerning the specific activity.

AHERA ASBESTOS

In accordance of federal law, licensed and accredited personnel for the presence of asbestos have inspected Rocky Mountain Public School I-35. There are two types of asbestos containing materials, friable and non-friable. Friable materials are those that can be crumbled by hard pressure, and therefore, have a potential to release airborne fibers if material is damaged or disturbed. Non-friable materials are hard, and are incapable of releasing asbestos fibers, unless the materials are sanded or ground by a machine in some way. The complete report and asbestos management plan are available for review during regular business hours in each school's administrative office. We are pleased with the plan and continue to strive to provide a safe environment for our students and faculty.

INTERNET USAGE POLICY Rocky Mountain School

Internet access is now available to students and teachers in the Rocky Mountain School via ONENET. We are very pleased to offer Internet access and believe the Internet offers vast, diverse, and unique resources. Our goal in providing this service is to promote educational excellence by facilitating resource sharing, innovation, and communication.

TERMS AND CONDITIONS FOR USE OF INTERNET

The Internet is an electronic highway connecting millions of individuals, groups, and computers all over the world. The Rocky Mountain Public School District is committed to increasing students' and teachers' opportunities for access to this increasingly crucial educational tool. With access to such unlimited information and communication resources, however, comes the possibility of accessing material that may not be considered to be of educational value in the context of the school setting, as well as the possibility for students to conduct themselves on the Internet in an unacceptable manner. This policy, therefore, is presented as a legally binding document upholding the high standards requisite of all Rocky Mountain Public School students for successful, appropriate use of--and behavior on--the Internet.

Internet access is coordinated through a complex association of government agencies, and regional and state networks. In addition, the smooth operation of the network relies upon the proper conduct of the end users who must adhere to strict guidelines. These guidelines are provided here so that you are aware of the responsibilities you are about to acquire. In general, this requires efficient, ethical, and legal utilization of the network resources. If a student of Rocky Mountain Public School violates any of these provisions, his or her access may be terminated and future access could be denied. (The signature(s) at the end of the document is (are) legally binding and indicate(s) the party (parties) who signed has (have) read the terms and conditions carefully and understand(s) their significance.)

Use of other organizations' networks or computing resources must comply with the rules appropriate for that network. This includes, but is not limited to: copyrighted materials, threatening or obscene material, or material protected by trade secret. Use for product advertisement or political lobbying is also prohibited. Use for commercial activities is generally not acceptable.
- 2) Privileges - The use of the Internet is a privilege, not a right. Inappropriate use may result in cancellation of those privileges. Each student who receives Internet access must participate in an informational session conducted by the site administrator or his/her designee, pertaining to the proper use of the network. When questions arise regarding problems with student use of the Internet, administrators and teachers will deem what is appropriate use and their decision regarding consequences will be final. Consequences for specific users may include having their Internet access denied, revoked, or suspended, with such action being in effect for any and all Internet use within, and at, all Rocky Mountain Public School District sites.
- 3) Netiquette - You are expected to abide by the generally-accepted rules of the net etiquette. These include, but are not limited to the following:

Use of any information obtained via Internet, the Rocky Mountain Public School District is not responsible for the accuracy or quality of information obtained.
- 5) Security - Security on any computer system is a high priority, especially when the system involves many users. If you can identify a security problem on the Internet, you must notify a teacher or administrator. Do not demonstrate any problems to other student users. Do not use another individual's account without written permission from that individual and permission from a teacher/administrator. Attempts to access the Internet as an adult, or as someone other than who you are, will result in cancellation of user privileges. Any user denied as a security risk or having a history of problems with other computer systems may be denied access to the Internet.
- 6) Vandalism - Vandalism will result in cancellation of privileges. Vandalism is defined as any malicious attempt to harm or destroy hardware, data of another user, the Internet, or any agencies or other networks that are connected to the NSFNET Internet backbone or other networks. BULLYING, HARASSMENT AND INTIMIDATION

No student in this school district will be subject to bullying, intimidation, harassment or any other form of persecution by any student or employee.

Harassment, bullying and intimidation means any gesture, written or verbal expression, or physical act that a reasonable person should know will harm another student, damage another student's property, or insult or demean any student or group of students in such a way as to disrupt or interfere with the school's educational mission or the education of any student. Yearly, the district will assess and, if needed, modify race and disability harassment policies and procedures to ensure the policies and procedures are being implemented and are effective in preventing race and disability harassment. Definition:

Hazing means any conduct or method of initiation of any student, organization, or team, whether on public or private property, which willfully or recklessly endangers the physical or mental health of any student or another person. Such conduct includes whipping, beating, branding, forced calisthenics, forced consumption of any food, liquor, beverage, drug, or other substance, any brutal treatment, or forced physical activity that is likely to adversely affect the physical health or safety of any student or other person, or that subjects such student or other person to extreme mental stress, including deprivation of sleep, rest, or extended isolation.

Staff's Responsibilities:

Administrators, teachers, volunteers, contractors, and other district employees shall be alert to possible situations, circumstances, or events that may constitute hazing. Any such person who receives a report of, observes, has other knowledge, or belief of conduct that may constitute hazing shall inform the school Principal or school Superintendent immediately. Students who feel they have been subjected to hazing should talk with a principal, teacher, coach, or advisor. The district intends to use this informal reporting procedure to try to stop hazing, not to determine intent or blame.

School District Investigation

Upon receipt of a formal complaint or report of hazing, the school district shall undertake or authorize an investigation by school district officials or a third party designated by the school district. The investigation will be completed as soon as possible and a report will be filed with the Superintendent within fifteen- (15) days of completion of the investigation.

Prohibiting Harassment, Intimidation and Bullying

Regulation

Statement of Legislative Mandate and Purpose

This regulation is a result of the legislative mandate and public policy embodied in the School Bullying protection Act, 70 O.S. 24-100.2. The Oklahoma Legislature requires school districts to adopt a policy to prevent harassment,

Bullying Policy

It is the policy of this school district that harassment or bullying of students by other students, personnel, or the public will not be tolerated. Students are expected to be civil, polite, and fully engaged in the learning process. Students who act inappropriately are not fully engaged in the learning process. This policy is in effect while the students are on school grounds, in school vehicles, at designated bus stops, at school-sponsored activities, or at school-sanctioned events and while away from school grounds if the misconduct directly affects the good order, efficient management and welfare of the school district. Threatening behavior, harassment, intimidation, and bullying of students by electronic communication is prohibited whether or not such communication originated at school or with school equipment, if the communication is specifically directed at students or school personnel and concerns harassment, intimidation, or bullying at school.

The school district is not required to provide educational services in the regular school setting to any student who has been removed from a public or private school in Oklahoma or any other state by administrative or judicial process for an act of using electronic communication with the intent to terrify, intimidate or harass, or threaten to inflict injury or physical harm to faculty or students.

As used in the School Safety and Bullying Prevention Act, "bullying" means any pattern of harassment, intimidation, threatening behavior, physical acts, verbal or electronic communication directed toward a student or group of students that results in or is reasonably perceived as being done with the intent to cause negative educational or physical results for the targeted individual or group and is communicated in such a way as to disrupt or interfere with the school's educational mission or the education of any student. Such behavior is specifically prohibited.

In administering discipline, consideration will be given to alternative methods of punishment to insure that the most effective discipline is administered in each case. In all disciplinary action, teachers and administrators will be mindful of the fact that they are dealing with individual personalities. The faculty may consider consultation with parents to determine the most effective disciplinary measure.

In considering alternatives of corrective actions, the faculty/administration of the school district will consider those listed below. However, the school is not limited to these alternative methods, nor does this list reflect an order or sequence of events to follow in disciplinary actions. The board of education will rely upon the judgment and discretion of the administrator to determine the appropriate remedial or corrective action in each instance.

5. Referral to counselor
