

CHANGING OR LEAVING A SPORT

To maintain continuity, facilitate program growth, and contribute to the overall well-being of a positive athletic program, the following policy will be enforced.

Students wanting to change from one sport to another may do so during the first two weeks of school without negative consequences. If a student leaves a sport, for any reason, during the week prior to a sport's first competitive event, the student must participate in the off-season program for the remaining portion of that sport's season. The student may then to another sport or be placed in a class at the end of the semester. After a sport enters its competitive season, a student leaving the sport, regardless of the reason, will receive an "unsatisfactory" grade and will be placed in the off-season program until the end of the semester, at which time the student will be removed from the athletic program.
