

FORT BEDFORD MUSEUM archaeology

SUMMER camp

FIVE DAYS of DIGGING HISTORY

Following primary resources and maps, we will canvass Bedford in search of French and Indian War soldier camps, training grounds and the footprints of outlying stockades from centuries ago. Participants will enjoy using compasses and measuring tapes, shovel digging in the dirt, and screening the soil for pieces of history that were long abandoned and buried. Rain days will be in the Fort Bedford Museum, continuing the project, arts & crafts and playing games.

LIMITED SPACES. SIGN UP TODAY!
