

Welcome fellow BFA Alumnus,

This page is to connect with and inform you and your fellow alumnus of our activities, as well as information about BFA.

A little about us, the Official BFA Alumni Association – we were established in 2003 by BFA alumni Anna Hurlbut, Francis Horan, Lena Smith, Betty Finn, Lawrence Bouchard, Reginald Godin, and James Pelkey. Since that time, we have granted 51 scholarships totaling \$71,000.00.

Every year we wade through the exceptional applications to award scholarships to deserving seniors who are continuing their education into a college program. IN 2020 we awarded four \$1000.00 scholarships to deserving seniors. We recently named 2 scholarships in honor of 2 hardworking and long-time board members.

We honored Francis J. Horan in 2017 with a scholarship named after him. He was recognized for his service and initiative in starting this program. Frank truly started all this! Without his compassion and forward thinking, 51 students would not have had our gift of money to help continue their college education.

In 2019 we created the Reginald A. Godin Scholarship. This was happily named after Reg who bleeds green & gold. His long and tireless dedication to this group grew it into the respected and well managed association of today. He left big shoes to fill!

We need your help to fill them. Please consider a tax-deductible donation to our scholarship fund. Your contribution will provide us with the funds needed to continue our scholarship awards, as well as assist fund raising efforts to support our cause.

Please take some time to look through what we have on our site. Enjoy the memories, we hope they make you smile!

Donna Jean (Anderson) Corrigan
