

STUDENT SPECIAL HEALTH SERVICES

The board recognizes that some special education students need special health services during the school day. These students will receive special health services in conjunction with their individualized education program.

The superintendent, in conjunction with licensed health personnel, will establish administrative regulations for the implementation of this policy.

Note: This is a mandatory policy and its accompanying regulations and they reflect Iowa law. The regulation is new. For more detailed discussion of this issue, see IASB's Policy Primer, Vol. 13 #3 – June 8, 2000.
