"Every Student. Every Day"

Mrs. Leigh Barnes, ED. S.
Assistant Superintendent

January 4, 2023

Dear Union Township Community:

Indiana American Water provides water service to Wheeler High School, Union Township Middle School, Union Center Elementary School and the Corporation office. Indiana American Water has notified us that they will be completing work on the water main overnight beginning on January 5th but that water service will be restored by 6:00 a.m. on Friday, January 6th. Due to this improvement, Indiana American Water is advising a boil order for Friday, January 6th.

Union Township School Corporation will have bottled water available for drinking on Friday, January 6, 2023. We will also be providing sack lunches only at Union Center Elementary, Union Township Middle School and Wheeler High School.

We apologize in advance for any inconvenience this may cause.

Sincerely,

John Hunter
Superintendent
