Rapid Responses reflect most current information on the New Mexico Watchlist and do not indicate written notification in all cases. Currently CMS has no written notifications of 4 rapid responses.

CMS must submit a plan to the New Mexico Public Education upon notification of four rapid responses.

Schools may be required to return to remote learning by the NM PED. Parents will have 24 hours advance notice of any required return to remote learning.

Current guidance indicates that these decisions will be made on a case-by-case basis in collaboration with the school district.

Total cases represents the total for each school since August 10, 2021.

Total cases in areas where no students are present are 6 as of 9/24/2021. Total cases for CMS since 8/10/2021 are 311 as of 9/24/2021.

Please help us keep kids in classrooms. Keep children home when they are sick or symptomatic. Please wear a mask when indoors.

Please consider getting a vaccination if you are eligible.
