

## **ESSER III Fund Use Input**

As part of its commitment to stakeholder engagement, Delavan is seeking input on the use of the ESSER III American Rescue Plan (ARP) Grant Funds. Signed into law by President Biden in March of 2021, the ARP provides money to K-12 education. To ensure focused and intentional planning, P-20 Council and the Illinois State Board of Education (ISBE) developed the Framework for return to in person learning. A list of allowable uses has also been created. All documents are attached. Delavan #703 has identified some priorities and needs for the use of the grant funds, however, the school district is wanting your input. If you have suggestions once you read the attached documents, please mail them to Dr. Andrew Brooks, Superintendent ([brooksa@delavanschools.com](mailto:brooksa@delavanschools.com)). We will also be discussing the use of these funds at the upcoming Board meeting on July 22<sup>nd</sup>, 2021 at 7:00 PM.
