

Advanced Practice Provider-Coleman School-Based Health Center

MidMichigan Community Health Services is looking for a part-time Advanced Practice Provider (NP or PA) to provide primary care services within the Coleman School-Based Health Center. Must be comfortable working with children and adolescents and have EMR experience.

General Summary of Duties:

The Advanced Practice Provider (APP) will provide a full range of medical services from general preventative care to ongoing acute and chronic illness management in a School-Based Health Center (SBHC) environment to students ages 5-21. APP will be responsible for the diagnosis and treatment of common and chronic illnesses, planning of periodic health assessments, vaccines, screenings, promoting optimal health and preventative care. Additional responsibilities include community referrals and regulatory compliance documentation.

This is a part-time position, 24 hours per week.
