CONDUCT/DISCIPLINE

The Woodbridge Township Board of Education (“Board”) believes that an effective instructional program requires an orderly school environment and that the effectiveness of the educational program is, in part, reflected in the behavior of students. The board approved code of student conduct is established to achieve the following purposes:

- A. Foster the health, safety, and social and emotional well-being of students;
- B. Support the establishment and maintenance of civil, safe, secure, supportive and disciplined school environments conducive to learning;
- C. Promote achievement of high academic standards;
- D. Prevent the occurrence of problem behaviors;
- E. Establish parameters for the intervention and remediation of problem student behaviors at all stages of identification; and
- F. Establish parameters for consistent responses to violations of the code of student conduct that take into account, at a minimum, the severity of offenses, the developmental ages of student offenders and students' histories of inappropriate behaviors as appropriate.

The board of education expects students to conduct themselves in keeping with their level of maturity, with a proper regard for the rights and welfare of other students, for school personnel, for the educational purpose underlying all school activities, and for the care of school facilities and equipment. Students are required to conform to reasonable standards of socially acceptable behavior; respect the person, property and rights of others; obey constituted authority and respond to those who hold that authority.

The board of education believes that standards of student behavior must be set cooperatively by interaction among the students, parents/guardians, staff and community, producing an atmosphere that encourages students to grow in self-discipline. Such an atmosphere must include respect for self and others, as well as for district and community property.

Board policy requires each student of this district to adhere to the rules and regulations established by the administration and to submit to such disciplinary measures as are appropriately assigned for infraction of those rules. The chief school administrator shall provide to students and their parents/guardians the rules of this district regarding student conduct and the sanctions that may be imposed for breach of those rules. Provisions shall be made for informing parents/guardians whose primary language is other than English.

The chief school administrator shall establish the degree of order necessary to the educational program in which students are engaged.

This policy shall apply to each act conducted on or off school property if the acts are deemed to constitute hazing.

Harassment, Intimidation, And Bullying

- A. The board acknowledges that a safe and civil environment in school is necessary for students to learn and achieve high academic standards. Harassment, intimidation or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe environment. Since students learn by example, school administrators, faculty, staff and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect, demonstrating traits of good character and refusing to tolerate harassment, intimidation or bullying.
- B. The board prohibits any student from engaging in any act or behavior of harassment, intimidation, or bullying towards other students in accordance with policy 5131.1.

"Harassment, intimidation or bullying" is defined as any gesture, any written, verbal or physical act, or any electronic communication, whether it be a single incident or a series of incidents, that is reasonably perceived as being motivated either by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity or expression, or a mental, physical or sensory disability, or by any other distinguishing characteristic, that takes place on school grounds, at any school-sponsored function or on a school bus, or off school grounds in accordance with law, that substantially disrupts or interferes with the orderly operation of the school or the rights of other students and that:

- 1. A reasonable person should know, under the circumstances, will have the effect of physically or mentally harming a student or damaging the student's property, or placing a student in reasonable fear of physical or mental harm to his/her person or damage to his/her property; or
- 2. Has the effect of insulting or demeaning any student or group of students; or
- 3. Creates a hostile educational environment by interfering with the student's education or by severely or pervasively causing physical or emotional harm to the student.

CONDUCT/DISCIPLINE (continued)

“Electronic communication” means a communication that is transmitted by means of an electronic device, including, but not limited to a telephone, cellular phone, computer, or pager, that takes place on school grounds, at any school-sponsored function or on a school bus, or is communicated or circulated during school by either the original student or other students.

- C. The board expects students to conduct themselves in keeping with their levels of development, maturity and demonstrated capabilities with a proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities, and the care of school facilities and equipment.
- D. The board believes that standards for student behavior must be set cooperatively through interaction among the students, parents/guardians, staff and community members, producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for the board and community property on the part of students, staff and community members.
- E. The board believes that the best discipline is self-imposed, and that it is the responsibility of staff to use disciplinary situations as opportunities to help students learn to assume and accept responsibility for their behavior and the consequences of their behavior. Staff members who interact with students shall apply best practices designed to prevent discipline problems and encourage students’ ability to grow in self-discipline.
- F. The board is committed to a policy that identifies those students who become involved in any act or behavior of harassment, intimidation, or bullying. In determining the appropriate response to students who commit one or more acts of harassment, intimidation or bullying, school administrators should consider the following factors: the age, developmental and maturity levels of the parties involved, the degrees of harm, the surrounding circumstances, the nature and severity of the behaviors, past incidences or past or continuing patterns of behavior, the relationships between the parties involved and the context in which the alleged incidents occurred. In determining remedial measures, school administrators should consider various personal and environmental factors. Concluding whether a particular action or incident constitutes a violation of this policy requires a determination based on all of the facts and surrounding circumstances. It is only after meaningful consideration of these factors that appropriate consequences and remedial responses should be determined, consistent with the case law, Federal and State statutes, regulations and policies and board policies and procedures.
- G. Some acts of harassment, intimidation or bullying may be isolated incidents requiring that the school respond appropriately to the individuals committing the acts. Other acts may be so serious or parts of a larger pattern of harassment, intimidation or bullying that they require a response at the classroom, school building or school district levels or by law enforcement officials.
- H. Institutional (i.e., classroom, school building, school district) responses can range from school and community surveys, to mailings, to focus groups, to adoption of research-based bullying prevention program models, to training for certificated and non-certificated staff, to participation of parents and other community members and organizations, to small or large group presentations for fully addressing the conduct and the school’s response to the conduct, in the context of acceptable student behavior and the consequences of such conduct, and to involvement of law enforcement officers, including school resource officers, as appropriate.
- I. Parents and students may anonymously report an incident of harassment, intimidation, or bullying. Disciplinary action may not be based solely on the basis of an anonymous report.
- J. The board will not tolerate any reprisal or retaliation against any person who reports an act of harassment, intimidation or bullying. School employees, students, and volunteers must not engage in reprisal, retaliation, or false accusation against a victim, witness, or an individual who provides reliable information

CONDUCT/DISCIPLINE (continued)

about an act of harassment, intimidation, or bullying. The consequence and appropriate remedial action for a person who engages in reprisal or retaliation shall be determined by the administrator after consideration of the nature and circumstances of the act, in accordance with case law, Federal and State statutes and regulations and Board policies and procedures.

- K. The board prohibits any person from falsely accusing another as a means of harassment, intimidation or bullying. Consequences and appropriate remedial action for a student found to have falsely accused another as a means of harassment, intimidation or bullying range from positive behavioral interventions up to and including suspension or expulsion. Appropriate remedial action takes into account the nature of the behavior, the developmental age of the student, the student's history of problem behaviors and performance, and may include the following:
1. A behavioral assessment or evaluation including, but not limited to, a referral to the child study team, as appropriate; and
 2. Supportive interventions and referral services, including those at N.J.A.C. 6A:16-8;
- L. Consequences for a student who commits an act of harassment, intimidation or bullying shall be varied and graded according to the nature of the behavior, the developmental age of the student and the student's history of problem behaviors and performance.
- M. Consequences and appropriate remedial action for a school employee found to have falsely accused another as a means of harassment, intimidation or bullying shall include discipline in accordance with board policies, procedures and agreement.
- N. Consequences and appropriate remedial action for a visitor or volunteer, found to have falsely accused another as a means of harassment, intimidation or bullying shall be determined by the school administrator after consideration of the nature and circumstances of the act, including reports to appropriate law enforcement officials.
- O. Notice of the board's policy will appear in any board publication that sets forth the comprehensive rules, procedures, and standards of conduct for schools within the school district and in any student handbook. Provisions shall be made for informing parents/ guardians whose primary language is other than English.
- P. The superintendent may in his or her discretion establish bullying prevention programs, and other initiatives involving school staff, students, administrators, volunteers, parents, law enforcement and community members.
- Q. The board shall:
1. Annually review the training needs of district staff for the effective implementation of the harassment, intimidation and bullying policies, procedures, programs and initiatives of the board and implement staff training programs consistent with the annual review of training needs and the findings of the annual review and update of the Code of Student Conduct, as determined appropriate by the board.

Information regarding the board's policy against harassment, intimidation, or bullying shall be incorporated into the board's employee training program.

2. Develop a process for annually discussing the board's harassment, intimidation or bullying policy with students; and
3. Annually review the extent and characteristics of harassment, intimidation and bullying behavior in the school buildings of the school district and implement programmatic or other responses, if determined appropriate by the board.

The programs or other services shall be planned in consultation with parents, students and other community members, including appropriate community-based social and health provider agencies, law enforcement officials, school employees, school volunteers, students and school administrators, as appropriate.

Threatening Behavior Prevention

CONDUCT/DISCIPLINE (continued)

The board recognizes that school personnel must take seriously all suggestions, demonstrations, or communications of threatening behavior. When confronted with an actual situation in which threatening behavior or ideation is present, immediate mobilization of all appropriate resources is paramount.

Racial and Bias Incidents

The building principal will report racial and bias harassment incidents to the Director of Diversity, Equity and Inclusion and the County Prosecutor as appropriate.

If parent cannot be contacted, the student should be detained on another day. It shall be the responsibility of the superintendent to promulgate guidelines to implement this policy.

Students with Disabilities

Classified students are subject to the same disciplinary procedures as nondisabled students and may be disciplined in accordance with their IEP and accommodation plans. However, before disciplining a classified student, it must be determined that:

- A. The student's behavior is not primarily caused by his/her educational disability;

FACE COVERINGS

Due to the circulating and highly contagious Delta variant of the coronavirus, the CDC recommends universal indoor masking by all students (age 2 and older), staff, teachers, and visitors to K-12 schools, regardless of vaccination status ([Guidance for COVID-19 Prevention in K-12 Schools | CDC](#)).

According to the American Academy of Pediatrics (AAP) it is possible to have COVID-19 but not have any symptoms. AAP asserts that wearing face coverings is vitally important, especially for unvaccinated children. Masks reduce the chance of spreading SARS-CoV-2, the virus that causes COVID-19. Until a child is fully vaccinated against COVID-19, they should continue to wear a face covering and keep a safe physical distance indoors around people they don't live with or who may have the virus. Anyone unvaccinated should also wear face coverings outdoors in large group settings or when physical distancing isn't possible ([Guidance for COVID-19 Prevention in K-12 Schools | CDC](#)).

Executive Order 253 has declared that as of October 18, 2021, all staff members who are eligible to be vaccinated against COVID-19 must receive the vaccine or be subject to routine COVID-19 testing. Executive Order 253 also applies to contracted employees, vendors, providers and any other individuals working in the schools where regular visits to the schools are part of the individual's job duties, including volunteers.

According to N.J.S.A. 26:13-3, the Governor of the State has the authority to declare a public health emergency. According to N.J.S.A. App.A:9-33, the purpose of the Civilian Defense and Disaster Control Act is to "provide for the health, safety and welfare of the people of the State of New Jersey and to aid in the prevention of damage to and the destruction of property during any emergency ... by prescribing a course of conduct for the civilian population...." According to N.J.S.A. App.A:9-40, public officials are required to fully cooperate with the Governor in all matters affecting any declared emergency and may not take any action that conflicts with or impedes Executive Order 253.

Therefore, in accordance with [Executive Order No. 251](#), and [Executive Order 253](#), the recommendations made by the Centers for Disease Control and Prevention (CDC), and the American Academy of Pediatrics (AAP), the district shall require that all staff, students, and visitors use face coverings in the indoor portion of the school district premises.

Any face covering requirement shall comport with the mandates of any Federal directive, executive order of the Governor, administrative order of the State Director of Emergency Management, or order of a state, county or local health department having jurisdiction over the school district.

The chief school administrator, in consultation with the school nurse and the school medical inspector may at his/her discretion reinstate the face covering requirement and require staff, students and visitors to use face coverings in the indoor portion of the school district premises. Face covering requirements may be reinstated school-wide or in certain classes or school areas where social distancing cannot be implemented. The chief school administrator shall inform the board president prior to reinstating the face covering requirement.

The board prohibits bullying in accordance with law and board policy 5131.1 Harassment, Intimidation and Bullying of students who choose to wear personal protective equipment (PPE), including face coverings. Any student or staff member who is found to have harassed, intimidated or bullied a student for wearing personal protective equipment shall be disciplined in accordance with the code of student conduct and board policy 5131.1 Harassment, Intimidation and Bullying.

The chief school administrator, after consultation with the school nurse and the school medical inspector may at his/her discretion reinstate the face covering requirement and require staff, students and visitors to use face coverings in the indoor portion of the school district premises. Face covering requirements may be reinstated school-wide or in certain classes or school areas where social distancing cannot be implemented. The chief school administrator shall inform the board president

FACE COVERINGS (continued)

prior to reinstating any universal face covering requirement. The chief school administrator may require staff and students to wear face coverings when:

- A. Recommended by the Centers for Disease Control and Prevention (CDC) and/or the New Jersey Department of Health (DOH) including the local DOH;**
- B. Recommended by the New Jersey Department of Education;**
- C. Local conditions indicate an escalation of infection in the schools or the towns sending students to the district;**
- D. Social distancing cannot be implemented in a classroom or other school areas, including school assemblies and performances;**
- E. Exposure to COVID-19 or any variant of the virus would be potentially life-threatening to a student or staff member with an underlying medical condition;**
- F. Other reasons deemed appropriate by the board in consultation with the chief school administrator and school nurse.**

Face Coverings

- A. **When** staff, students, and visitors are required to wear face coverings, unless doing so would inhibit the person's health. It is necessary to acknowledge that enforcing the use of face coverings may be impractical for young children or individuals with disabilities. Exceptions to the requirement:
 1. When doing so would inhibit the individual's health, such as when the individual is exposed to extreme heat indoors;
 2. When the individual has trouble breathing, is unconscious, incapacitated, or otherwise unable to remove a face coverings without assistance;
 3. When a student's documented medical condition or disability, as reflected in an individualized education program (IEP) or Educational Plan pursuant to Section 504 of the Rehabilitation Act of 1973, precludes use of a face covering;
 4. When a student's documented medical condition, as reflected in an individualized health care plan (IHP) precludes use of a face covering;
 5. When the individual is under two (2) years of age;
 6. When the individual is engaged in activity that cannot physically be performed while wearing a mask, such as eating or drinking, or playing a musical instrument that would be obstructed by a face covering;
 7. When the individual is engaged in high-intensity aerobic or anaerobic activity;
 8. When a student is participating in high-intensity physical activities during a physical education class in a well-ventilated location and able to maintain a physical distance of six feet from all other individuals;
or
 9. When wearing a face covering creates an unsafe condition in which to operate equipment or execute a task;
 10. Students and staff being transported in connection with school-related activities shall continue to adhere to current CDC guidelines for public transportation.

~~As specified in Executive Order 253,~~ Individuals seeking a medical exemption from mask wearing shall produce written documentation from a medical professional to support the exemption. Self-attestations and parental attestations are not sufficient for this purpose. Where appropriate, the Board's physician shall make a medical determination on a request for a medical exemption.

- B. Individuals shall be frequently reminded not to touch the face covering and to wash their hands frequently;
- C. Information shall be provided to staff, students, and students' families on proper mask hygiene, including

FACE COVERINGS (continued)

use, removal, storage/maintenance, and washing of face coverings;

- D. Currently, the CDC does not recommend use of face shields as a substitute for face coverings. Therefore, they may not be used to satisfy the face covering requirement detailed above. However, under limited circumstances as determined appropriate for medical reasons, they may be an option for students with medical or other challenges that preclude the use of face coverings. If face shields are used without a mask, they should wrap around the sides of the wearer's face and extend to below the chin;
- E. Students and educators that rely on facial cues may consider the use of clear face coverings where available. This might include students who are deaf or hard of hearing, students receiving speech/language services, young students in early education programs, and English-language learners;
- F. Face coverings shall be provided by the student's family/guardian and may be included as part of the back to school supplies list provided to families/guardians prior to the start of the school year. The district shall strive to provide extra disposable face coverings for students who need them, and shall provide face coverings for students that are experiencing financial hardship and are unable to afford them to the greatest extent possible.

Social Distancing During a Pandemic

~~In addition to the requirement that all staff, students and visitors wear face coverings,~~ The district shall ensure that social distancing within the schools and classrooms is maintained to the maximum extent practicable. This will be achieved by ensuring students are seated at least three feet apart. When conditions such as space in the classroom or other areas of the school make a physical distance of three feet difficult or impossible to maintain, additional modifications shall be implemented. These include but are not limited to using physical barriers between desks and turning desks to face the same direction (rather than facing each other) or having students sit on only one side of the table, spaced apart. ~~During times of higher community transmission of the COVID-19 virus and the Delta Variant, the district may increase the physical distance up to six feet.~~

Any modifications that are made to school district facilities shall be in coordination with local code officials and Department county offices to ensure that alterations adhere to school safety requirements.

Social distancing practices shall be maintained on school buses (at least three feet of distance between riders) to the maximum extent practicable (see board policy 3541.33 Transportation Safety).

Screening

When local conditions indicate an escalation of infection in the schools or the towns sending students to the district, screening procedures may be implemented for staff students and visitors entering the schools according to the following guidelines:

- A. Screening and Personal Protective Equipment (PPE):
 - 1. Adequate amount of personal protective equipment (PPE) shall be available, accessible, and provided for use by staff and students. Staff and students shall be required to wear masks when being admitted to the school and screened for entry;
 - 2. The principal or his or her designee shall develop a school entry plan that includes:
 - a. Staff assigned to do the screening;
 - b. Designated entrances that will be used to admit students;
 - c. The assignment of classes and grades to designated entrances and/or designated entrance times;
 - 3. Staff must visually check students for symptoms upon arrival (which may include temperature checks) and/or confirm with families that students are free of COVID-19 symptoms;
 - 4. Health checks must be conducted safely and respectfully, and in accordance with any applicable privacy laws and regulations;
 - 5. Results must be documented when signs/symptoms of COVID-19 are observed;

FACE COVERINGS (continued)

6. Screening procedures shall take into account students with disabilities and accommodations that may be needed in the screening process for those students;

B. Procedures for symptomatic staff and students:

1. The school principal shall establish an isolation space;
2. Students and staff with symptoms related to COVID-19 shall be safely and respectfully isolated from others. Students should remain in isolation with continued supervision and care until picked up by an authorized adult;
3. The [current Communicable Disease Service](#) guidance for illness reporting shall be followed;
4. If a staff member becomes aware that an individual who has spent time in a district facility tests positive for COVID-19, the staff members shall notify the principal and the school nurse. The school nurse shall immediately notify local health officials, staff, and families of a confirmed case while maintaining confidentiality;

C. Preparations for when someone tests positive for COVID-19:

1. The school principal shall establish an isolation space;
2. Students and staff with symptoms related to COVID-19 shall be safely and respectfully taken to the designated isolation space and isolated from others. Students should remain in isolation with continued supervision and care until picked up by an authorized adult;
3. The [current Communicable Disease Service](#) guidance for illness reporting shall be followed;
4. Readmittance to school shall be consistent with [Department of Health guidance and information for schools](#) and Department of Health/Communicable Disease Service's [Quick Reference Guidance on Discontinuation of Transmission-Based Precautions and Home Isolation for Persons Diagnosed with COVID-19](#);
5. Contact tracing shall be initiated including records of groups/cohorts, assigned staff, and daily attendance.

D. Protocols to address a positive case:

Students and employees may be asked to leave or not come into school if they test positive for COVID-19 or exhibit one or more of the symptoms of COVID-19, based on CDC guidance, that is not otherwise explained:

1. A fever of 100° F or greater;
2. Cough;
3. Shortness of breath or difficulty breathing;
4. Chills;
5. Repeated shaking with chills;
6. Muscle pain;
7. Headache;
8. Sore throat;
9. New loss of taste or smell;

The **Transportation Committee**, on recommendation of the Superintendent of Schools and the Business Administrator/Board Secretary, presents the following:

1. That the Board of Education adopt the following resolution for participation in Coordinated Transportation with Union County Educational Services Commission of New Jersey, effective July 1, 2022 through June 30, 2022.

UNION COUNTY EDUCATIONAL SERVICES COMMISSION
45 CARDINAL DRIVE
WESTFIELD, NEW JERSEY 07090
(908) 233-9317 X1017, 1018, 1019, 1020

RESOLUTION/AGREEMENT FOR PARTICIPATION IN COORDINATED
TRANSPORTATION SERVICES

WHEREAS the Woodbridge Township Board of Education (hereinafter referred to as “the Board”) desires to transport special education, non-public, public and vocational school students to specific destinations; and

WHEREAS the UNION COUNTY EDUCATIONAL SERVICES COMMISSION, (hereinafter referred to as the “UCESC”) offers coordinated transportation services; and

WHEREAS the UCESC will organize and schedule transportation routes to achieve the maximum cost effectiveness; and

WHEREAS the Board and the UCESC will hereinafter be referred to collectively as “the Parties.”

NOW THEREFORE, it is agreed that in consideration of prorated contract costs, plus an administration fee of four percent (4%), as presented to the **Woodbridge Township** Board of Education, and as calculated by the billing formula adopted by the UCESC, the UCESC will provide the following services:

1. UCESC’s Services:
 - A. Transportation for designated Board students each day while school or classes attended by designated students are in session;
 - B. Monthly billing and invoices to the Board;
 - C. Computer print-outs of student lists for all routes coordinated by the UCESC;
 - D. Providing all information to the Board necessary for the accurate submission of the District Report of Transported Resident Students;
 - E. Providing all necessary interactions and communications between the sending district, receiving district, and the respective transportation coordinators;
 - F. Constant and timely review and, if required, revision of routes,
 - G. Transportation of student as soon as possible after receipt of a formal written request by the Board;
 - H. A bid analysis upon the request of the Board;
 - I. Timely submissions of contracts, contract renewals, or contract addenda to the county office for approval.
2. Billing Formula: The formula adopted by the UCESC for the calculation of billings shall be based on the route cost(s) divided by the number of students allocated to each participating school district. The total amount charged to each school district will be adjusted based on the actual cost of transportation. Any balance which may be due back to the Board based on this formula will be reimbursed, without interest, by the end of June.

3. **The Board's Responsibilities:** In addition to the payment as described above, the Board will provide the UCESC with the following:
 - A. Requests for transportation on forms to be provided by the UCESC, and completed in full and signed by an individual authorized to do so by the Board;
 - B. Forms which contain all necessary and relevant information, including, but not limited to, medical information, the individual student's condition, and transportation needs for all students transported by the UCESC;
 - C. A written withdrawal from any transportation, signed by an individual authorized to do so by the Board;
 - D. Strict adherence to the established payment schedule.
4. **Additional Costs:** All additional costs generated by unique requests, including but not limited to mid-day runs and early dismissals will be borne by the Board making such request.
5. **Changes:** The Board understands and agrees that, as a condition of the herein Agreement, any change in the number of students being transported on each route, or changes in mileage during the course of the year will necessitate a reapportionment and adjustment of costs.
6. **No Responsibility for Student Use of Services:** The parties agree that the UCESC has no responsibility for assuming a pupil's use of arranged transportation or attendance on an established route. Once assigned to a route, the monthly billing for the pupil's reserved seat will continue until the UCESC is otherwise notified, in writing by the Board, to delete the pupil from the assigned route.
7. **Term of Agreement:** This Agreement and the obligations and requirements thereunder shall be in effect from July 1, 2022 through June 30, 2023. The UCESC shall have no obligation to provide transportation services beyond the term of this Agreement.
8. **Termination:** This agreement as to any specific student cannot be terminated by the Board except for one of the following reasons:
 - A. A change in a student's school placement;
 - B. The relocation of a student's residence to another district;
 - C. Student receives home instruction and/or illness. (Note that in this circumstance, immediate reinstatement is not guaranteed).
 - D. Any other situation which is beyond the control of the Board. Note that finding a cheaper rate away from the UCESC after a route has been awarded, is not an acceptable reason for termination.
9. **Breach of Agreement/Attorneys' Fees.** In the event that either Party brings an action to enforce the terms of this Agreement or as a result of a breach of the Agreement by any party, each party bears their own burden of proof as to a breach and damages. In addition to any remedies available at law or in equity, the non-breaching Party may request that the Court award reasonable attorneys' fees and costs incurred in connection with that enforcement or breach action against the breaching party.
10. **Enforceability and Severability.** The Parties agree and acknowledge that each of the provisions of this Agreement is reasonable and should be fully enforceable, and the Parties waive any right to argue, assert, or allege any claim to the contrary. However, if any provision of this Agreement is determined by a Court of competent jurisdiction to be unenforceable because it is overbroad or unreasonable, the Parties agree that such provision(s) may be modified and enforced to the maximum extent permissible. If any provision of this Agreement is held to be invalid and cannot be modified so as to make it

enforceable, then such provision shall be deemed to be severed from the Agreement, and the remaining provisions shall remain in full force and effect.

11. **Waiver of Breach.** A waiver by any Party of a breach of any of the provisions of this Agreement shall not operate or be construed as a waiver of any other provision of this Agreement or of any subsequent breach of the same or any other provisions of this Agreement. The understandings and representations of the Parties set forth in this Agreement shall survive any breach of this Agreement and be enforceable by any non-breaching Party.
12. **Entire Agreement.** This Agreement constitutes the sole and complete agreement among the Parties with respect to the settlement of the Action. Neither Party is relying upon any representation, understanding, undertaking or agreement, whether oral or in writing, not set forth in this Agreement.
13. **Drafting and Negotiation by Counsel.** The drafting and negotiation of this Agreement have been participated in by each of the Parties and their respective counsel and, for all purposes, this Agreement shall be deemed to have been drafted jointly by each of the Parties. No ambiguity shall be resolved against any Party based upon authorship. The Parties hereby acknowledge that they have been represented by counsel throughout the settlement of the above-referenced matter, throughout the negotiation of this Agreement, and at the execution of this Agreement, and have read and consulted with counsel regarding this Agreement.
14. **Headings.** The headings contained in this Agreement are for convenience and reference purposes only and shall not be deemed to be a part of the Agreement or to offer the meaning or interpretation of this Agreement.
15. **Counterparts.** This Agreement may be executed in counterparts, including by fax, each of which shall be deemed an original and all of which shall constitute one and the same instrument.
16. **Authority.** The signatories hereto warrant and represent that they are legally authorized and empowered to enter into this Agreement on behalf of the Parties.
17. **Governing Law; Jurisdiction.** This Agreement shall be construed under, subject to, and governed by the laws of the State of New Jersey, without regard to conflict of law principles. The parties choose the Superior Court of New Jersey, Union County, as their forum for resolving any dispute concerning this Agreement. The parties further agree that this Agreement shall not be filed with any court except in an action to enforce or challenge its terms.
18. **Further Assurances.** The Parties hereto agree to perform such other and further acts or things and to execute and deliver such other and further documents necessary and appropriate to effectuate the terms and objectives hereof.
19. **Approval by County Superintendent:** It is understood by the parties hereto that this Agreement shall be without force and effect until it is approved by the County Superintendent of School of the County of Union, and any additional County Superintendent, if applicable.
