Windsor Community:

Windsor Unified School District is committed to following all rules, mandates and guidelines from our local, state and federal health departments and other governmental entities to combat COVID-19. On Friday, Oct. 1, Governor Gavin Newsom announced mandatory vaccinations for school children to help combat COVID-19.

ADMINISTRATION

- Austin Matzaganian
Chief Business Officer
- Lisa Saxon
Director of Educational Services
- Debra Ryan
Director of Special Education
- Chris Meredith
Director of Human Resources
- Brad Rigney
Instructional and information
Technology Services Director

Details are still emerging and it is, as yet, unclear exactly when these new rules will go into effect, however, as WUSD gains greater understanding of timelines and requirements, we will share them with our community.

While we support vaccination as an effective way to end the pandemic, the details of how this will be accomplished, where the necessary additional funding and staff will come from, and what other effects this might have on the district are not yet clear. It is likely the district will see an increase in independent study requests as some families decide not to be vaccinated.

Comunidad de Windsor:

El Distrito Escolar Unificado de Windsor se compromete a seguir todas las reglas, mandatos y pautas de nuestros departamentos de salud locales, estatales y federales y otras entidades gubernamentales para combatir el COVID-19. El viernes 1 de octubre, el gobernador Gavin Newsom anunció las vacunas obligatorias para los niños en edad escolar para ayudar a combatir el COVID-19.

Los detalles aún están surgiendo y, hasta el momento, no está claro exactamente cuándo entrarán en vigencia estas nuevas reglas, sin embargo, a medida que WUSD obtenga una mayor comprensión de los plazos y requisitos, los compartiremos con nuestra comunidad.

Si bien apoyamos la vacunación como una forma eficaz de poner fin a la pandemia, aún no están claros los detalles de cómo se logrará esto, de dónde vendrán los fondos y el personal adicionales necesarios, y qué otros efectos podría tener esto en el distrito. Es probable que el distrito vea un aumento en las solicitudes de estudios independientes ya que algunas familias deciden no vacunarse.

Por favor sepa que estamos trabajando arduamente para comprender nuestras responsabilidades y elaborar un plan para manejar las necesidades futuras de nuestros estudiantes y familias. En cuanto tengamos algo más concreto, lo compartiremos con ustedes.
