DRUG-FREE SCHOOL

Crisp County School System maintains a drug-free educational environment.

CHILD ABUSE POLICIES

As child care providers, all staff and volunteers are mandated reporters. This requires all staff and volunteers to report any cases of suspected abuse or neglect to the proper authorities. All staff receive annual training in identifying and reporting child abuse and neglect.

GIFTED EDUCATION PROGRAM

To be eligible to receive gifted education services, the State Board of Education has established multiple criteria for qualification. A student must demonstrate exceptional performance in three of four areas, which are mental ability, achievement, creativity, and motivation. All students are screened annually by their teachers for possible referral for gifted education services. Teachers routinely observe students throughout the year for the recognized traits, attitudes, and behavior characteristics of this population. In addition, teachers review test scores, academic progress, grades, special recognition, and awards received by their students. Students demonstrating these exceptional qualities are then referred to the school's Gifted and Screening Committee. This committee has the authority to make the final consideration for evaluation purposes.

AUTOMATIC REFERRAL

Based upon a review of system testing, certain students shall be referred for gifted program consideration called an automatic referral. The scores to be used for the automatic process will be determined by the administration each year. Those eligible for automatic referral shall be determined no later than the first grading period of a school year. ** Although students may be automatic referrals more than one time, a student may not be tested two consecutive school years.

ROUTINE REFERRAL

Students may be referred for consideration for testing in the gifted program by teachers, counselors, parents, administrators, or self. Routine referrals may be submitted and received no later than the end of the first semester. The information will be considered and reviewed by a Gifted Eligibility team to determine if further testing is needed.

CONFIDENTIALITY

All personnel records are confidential in so far as third parties are concerned, with the school and the parent being the first and second parties. The Family Educational Rights and Privacy Act (FERPA) prohibit disclosure of educational records unless:

- Required by court order or subpoena
- Warranted by health or safety emergency
- Parents or an eligible student provides written consent.

School employees may disclose information obtained through personal observation but not information gleaned from student records. The guidance counselor must inform parents when a student admits a drug problem, after first giving the student the option of informing the parent. The annual student handbook shall serve as a means to communicate school drug policy to students, school staff, and parents.

TITLE I PARENT AND FAMILY ENGAGEMENT POLICY

WHAT IS FAMILY ENGAGEMENT?

Family Engagement means the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities including:

- *Parents play an integral role in assisting their child's learning
- *Parents are encouraged to be actively involved in their children's education
- *Parents are full partners in their children's educations and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child.
- *Carrying out of other activities, such as those described in Section 1116 of the Every Student Succeeds Act (ESSA).

ABOUT THE PARENT AND FAMILY ENGAGEMENT POLICY

In support of strengthening student academic achievement, the CCSS has developed this parent and family engagement policy that establishes the district's expectations and objectives for meaningful family engagement and guides the strategies and resources that strengthen school and parent partnerships in the district's Title I schools. This plan will describe commitment to engage families in the education of their children and to build the capacity in its Title I schools to implement family engagement strategies and activities designed to achieve the district and student academic achievement goals. When schools, families, and communities work together to support learning, children tend to do better in school, stay in school longer, and enjoy school more. Title I, Part A provides for substantive family engagement at every level of the program, such as development and implementation of the district and school plan, and in carrying out the district and school improvement provisions. Section 1116 of ESSA contains the primary Title I, Part A requirements for schools and schools systems to involve parents and family members in their children's education. The CCSS will work with its Title I schools to ensure that the required school-level parent and family engagement policies meet requirements of federal law and each include, as a component, a school-parent compact.

JOINTLY DEVELOPED

During the Title I Input meeting held in April, all parents were invited to participate and provide suggestions and ideas to improve this district parent and family engagement plan for the 2023-2024 school year. Methods used to invite parents to this meeting included: labels in students' agendas, each Title I school's website and Facebook page, and email/texts blasts to parents. Feedback was provided on the following topics: Schoolwide Improvement Plan and Home-School compacts (both of these items are specific to each Title I school); Title I Budget; set-aside budget for Parent Engagement; Parent and Family Engagement Policy; Parent Resource Center; and building capacity for parents and staff. Upon final revision, the district parent and family engagement policy was incorporated into the CLIP which was submitted to the state. Parents are welcome to submit comments and feedback regarding the policy at any time on the school district website or by submitting written comments to your child's school. All feedback received by May 2023 was considered for revisions to this policy.

The district's plan to distribute this policy is to post it on district and school websites and in parent resource centers, include in each school's student handbook, disseminate it during the annual Title I school meetings in the fall, and email the link to all parents in a format and language they can understand.

COMMUNICATIONS

CCSS will communicate with all families and the community on a regular basis regarding school wide events and activities, through phone and text messages, emails, social media, school newsletters, and flyers. The district and school will share information in English and other languages to the extent possible through written communications, meetings, conferences, and family engagement events in order for families to understand the school's academic standards and assessments as well as ways parents can monitor their child's progress.

STRENGTHENING OUR SCHOOL

This year, the Federal Programs' Director will provide assistance and support to all schools' Family Engagement Coordinators to ensure parental involvement requirements are being satisfied and that parent engagement strategies and activities are being implemented.

Schools will receive notifications and resources from the district to help them improve and strengthen family engagement. Through frequent communication and school visits, the schools' principals and the schools' Family Engagement Coordinators will review the Family Engagement Plan and school activities. Additionally, at a district leadership team in January, the Family Engagement Coordinator will review parental involvement requirements and discuss planning opportunities for parental involvement activities and meetings for the remainder of the school year.

RESERVATION OF FUNDS

The CCSS will reserve 1 percent from the total amount of Title I funds it receives in 2023-2024 to carry out the parent and family engagement requirements listed in this policy and as described in federal law. Furthermore, the CCSS will distribute 90 percent of the amount reserved to Title I schools to support their local-level family engagement programs and activities. The district will provide clear guidance and communication to assist each Title I school in developing an adequate family engagement budget that addresses their needs assessment and parent recommendations. The district will host an annual Title I Input Meeting in the spring of 2024 for parents to provide suggestions on how these parental involvement funds will be used in the upcoming year. Feedback forms and minutes from these meetings will be reviewed by the district to determine areas of need for the upcoming school year and consider changes to the family engagement budget.

- **OPPORTUNITIES FOR MEANINGFUL PARENT CONSULTATION**

Input and suggestions from parents, family members, and community partners are an essential component of the district and school improvement plans that are developed each year. All parents of students eligible to receive Title I services are invited to attend two meeting opportunities described in this section to share their ideas and suggestions to help the district, schools, and students to reach our student academic achievement goals.

- **Annual Title I Meeting~ Fall of 2024**

At the beginning of the school year, all Title I schools will host a meeting to inform all parents of the Title I requirements and the school's participation in and parent's rights under Title I.

- **Title I Input Meetings ~ Spring of 2025**

All parents are welcome to hear the latest updates from the Crisp County School System as well as review and provide input into the district parent and family engagement policy and the Consolidated LEA Improvement Plan for the 2023-2024 school year. Each school in the district will invite parents to attend this meeting using at least two of the following communication methods: labels in agenda; school website and/or Facebook page; email blasts; texts blasts. The district will also communicate information regarding this meeting on the school district website.

SCHOOL-PARENT COMPACTS

As part of this plan, all Title I schools, along with our families will jointly develop school-parent compacts in order to build and develop a partnership to help our students the challenging state academic standards. These compacts serve as agreements that parents, teachers, and students will work together to make sure all students reach grade level standards by following and accomplishing goals set forth by parents, teachers, and students. The compacts will be revised annually, distributed to all families, reviewed at parent/teacher conferences.

BUILDING CAPACITY

The CCSS will build partnerships between its Title I Schools, families, and community with the goal of developing mutual support for student achievement. To develop capacity for this support, the CCSS will implement a variety of family and community engagement initiatives.

Of Parents - CCSS will provide families with information about the overall Title I program and its requirements. The district works with its Title I schools to help families understand academic expectations for student learning and progress. The district also offers assistance to parents in understanding use of its online student information system and other digital resources, including the harms of copyright piracy, through its technology specialists. Notifications about these opportunities will be posted on the district website and shared through school messaging systems, newsletters, and social media postings.

Crisp County School System will build the capacity for strong parental involvement by providing assistance to parents in understanding such topics as: Georgia Milestones, Georgia Standards of Excellence and Georgia Performance Standards, requirements of Title I A, how to monitor their child's progress, how to work with educators to improve the achievement of their child, and Google classroom.

CCSS will foster parental involvement by providing materials and training such as literacy training and using technology, as appropriate, to help parents to improve their student's academic achievement. CCSS will coordinate and integrate parental involvement programs that teach parents how to help their child/children at home. The school will provide resources that encourage and support parents in fully participating in the education of their student (s). CCSS will ensure that information related to school and parent programs is provided in a format and language understandable to all parents/guardians. CCSS will coordinate and integrate the district's family engagement programs under this part with parent and family engagement strategies, to the extent feasible and appropriate, with other relevant Federal, State, and local laws and programs such as, the local preschool program and other federal and state funded preschool programs in the district. The district will invite faculty and staff from those programs to attend planning meetings focused on family engagement activities. In the spring, schools will host Kindergarten Ready days, Middle and High School Transition Nights, and College and Career Fair so parents may receive information to help prepare them and their children for the next life stage.

Of School Staff - Crisp County School System will educate teachers, staff, and principals on the value and utility of the contributions of parents. Ideas for reaching out to and communicating with parents as equal partners will be explored. CCSS will conduct two trainings during the school year to increase family engagement, improve school-family communication, and build ties between parents and the community. CCSS will also host a training for appropriate school staff and faculty that will focus on creating welcoming environments. To ensure that information related to district, school, and parent programs, meetings, and activities is available to all parents in an understandable and uniform format, each school will utilize their social media page and school website, as well as the districts'. Parent notifications and resources will be sent home in parents' native language, where applicable, and interpreters can be available at parent events and meetings, if requested. The district will also utilize other school message systems to post information for parents.

PARENT AND FAMILY ENGAGEMENT EVALUATION

Each year, the CCSS will conduct an evaluation of the content and effectiveness of this parent and family engagement policy and the family engagement activities to improve the academic quality of the Title I schools through an annual parent survey. Beginning in February, each Title I school will send home a survey and email a link to the survey for parents to provide valuable feedback regarding the parent and family engagement activities and programs. These surveys will also be posted on the district and school websites for parents to complete. In addition to the annual survey, each Title I school will also use the School Improvement Forum to facilitate group discussions to discuss the needs parents of children eligible to receive Title I services to design strategies for more effective family engagement.

ACCESSIBILITY

The CCSS will use the findings from the school forums and the survey results to design strategies to improve effective family engagement, to remove possible barriers to parent participation, and to revise its parent and family engagement policies. In carrying out the parent and family engagement requirements established by Section 1116 of the ESSA, the district family engagement coordinator will communicate and collaborate with the Office for Student Support Services to ensure full opportunities for participation of parents with limited English proficiency, parents with disabilities, and parents of migratory children including providing information and school reports in a language parents can understand.

ADOPTION

This district wide parent and family engagement policy has been developed jointly and agreed upon with parents and family members of children participating in Title I, Part A programs as evidenced by the collaboration of parents, school, and district personnel at the annual State of the District meeting. This policy was adopted by the Crisp County School District on May 4, 2023, and will be in effect for the 2023-2024 academic school year. The school district will distribute this policy in multiple ways to all parents of participating Title I, Part A children before or during the first week of fall semester.

GEORGIA COMPULSORY SCHOOL ATTENDANCE LAW

Dear Parents/Guardians, Absenteeism is detrimental to a student's achievement, self-esteem, promotion, test scores, graduation and employment potential. In order for students to succeed in school, attendance is critical; therefore, students need to be present and on time daily.

Recent changes in the Georgia Compulsory School Attendance Law require that students and parents be informed of possible consequences for violation of the Georgia Compulsory School attendance Law. Parents and/or students are in violation of the law each time that a student misses school without a valid excuse. Students may be legally excused from school only for the specific reasons outlines below:

1. When personally ill and when attendance in school would endanger their health or the health of others;
2. When in the immediate family there is a serious illness or death which would reasonably necessitate absence from school;
3. On special and recognized religious holidays observed by their faith;
4. When mandated by governmental agencies (i.e. pre-induction physical or subpoena);
5. When prevented from attendance due to weather conditions rendering school attendance impossible or hazardous;
6. When registering to vote (one day);

*Students should be counted present when serving as pages of the general assembly.

GA Code Section 20-2-690.1 with the revisions of Section 10 of the governor's Education Bill (HB 1190) states that "any parent, guardian, or other person residing in this state who has control or charge of a child or children and who shall violate this Code Section shall be guilty of a misdemeanor and, upon conviction thereof, shall be subject to a fine not less than \$25.00 and not more than \$100.00, imprisonment not to exceed 30 days, community service, or any combination of such penalties, at the discretion of the court having jurisdiction. Each day's absence from school in violation of this part after the child's school system notifies the parent, guardian, or other person who has control or charge of a child of five unexcused days of absence for a child shall constitute a separate offense."

Additionally, the law now requires that each parent/guardian will sign a statement acknowledging receipt of the information above and this statement of acknowledgment will be kept on file at the school for each student enrolled. This letter shall serve as documentation of such. In addition, each child ten years or older will be required to sign this acknowledgment as well.

THE COUGAR WAY (PBIS)

The Cougar Way incorporates Positive Behavior and Instructional Supports (PBIS) as a way to reduce challenging behaviors by increasing desirable behaviors through prevention, positive consequences, and teaching appropriate behaviors (Conroy, et al. 2005).

LEADERSHIP TEAM

Our PBIS leadership team consists of CCPS staff members. Our team is composed of a variety of teachers and specialists that provide support systems within our school.

COUGAR WAY MISSION STATEMENT

Our mission is to provide a positive learning environment where students can be responsible, be respectful, be safe in order to become productive members of society.

The CCPS staff believes that students are successful when they grow academically, socially and emotionally. To be successful, our behavior program needs to be a partnership between home and school.

COUGAR CODE

Be Responsible, Be Respectful and Be Safe are the expectations that allow our students to connect their behavior to our school-wide matrix.

COUGAR CODE BEHAVIOR MATRIX

CCPS has developed a behavior matrix which includes our expectations that align with the Cougar Code - Be Responsible. Be Respectful. Be Safe. Each expectation is broken down into different settings with specific rules that apply to that particular setting.

CRISP COUNTY PRIMARY SCHOOL PBIS SCHOOL-WIDE BEHAVIOR EXPECTATIONS

	CLASSROOM	HALLWAY	RESTROOM	CAFETERIA	PLAYGROUND
BE RESPONSIBLE	Helping hands	Line up on the right side of the hall	Wash your hands every time	Raise your hand for help Keep your area clean	Line up when your teacher calls Discard all trash
BE RESPECTFUL	Be kind	Leave space between you and your friends	Respect each other's privacy	Use Voice Level 2 Use good manners	Take turns with your friends Use kind words
BE SAFE	Walking feet Listening ears	Keep hands and feet to yourself Walk one friend behind the other	Stay in line and wait your turn	Stay in your seat at the table Use walking feet Keep your food on your tray	Keep hands and feet to yourself Use equipment properly

STUDENT ACKNOWLEDGMENT SYSTEM

Positive behavior is encouraged by noticing when students are following the rules and expectations. Classrooms are awarded when the classroom as a whole exhibits positive behavior. When the class meets the goal, the class earns a celebration. Students can also earn points daily when they are caught following The Cougar Code and being kind to others via PBIS Rewards. Students are immediately acknowledged for positive behaviors and point totals are tracked. Students can use their points to purchase items from Cody's Corner.

PARENT INVOLVEMENT

PBIS is not just for school, many families find that what students learn from The Cougar Way at school carries over to promote positive behavior at home. Please support CCPS by:

- Reviewing behavior expectations with your child
- Using the behavior expectations matrix at home
- Using the same language that is being used at school with your child.
- Providing positive reinforcement at home (rewarding good choices with compliments “I see you put your dish in the sink after supper, thank you, that is so helpful” or quality time, “you worked so hard cleaning up all of your toys, let’s get out your firetruck puzzle to do together.”)
- Sharing comments with or asking questions about The Cougar Way to team members

The more involved families are in their child’s education,
the more likely the child is to succeed in school.

Research shows that parent support is more important
to school success than a student’s IQ or economic status.

Download the PBIS Rewards Family App to monitor
your student's earned points, redemptions in Cody's
Corner and see comments about their positive behavior
and kind acts.

These rules apply during school hours, while students are being transported on buses, and during school-sponsored activities.

DISCIPLINE PLAN

POSSIBLE CONSEQUENCES BY TEACHERS

1st Offense: Reminder: verbal reminder to student(s) that a rule is being broken.

2nd Offense: 5-10 minutes time out in the teacher's classroom where the incident occurred.

3rd Offense: 10 minutes time out in the teacher's room where the incident occurred.

4th Offense: Up to 20 minutes time out in another teacher's classroom. Parent contacted by phone and **Classroom Behavior Report** form sent home. The **Classroom Behavior Report** must be signed and returned the following day.

The teacher has the option of discussing habitual behaviors individually with an administrator. Severe misbehavior (profanity, racial slurs, fighting, leaving campus without permission, etc.) will result in an immediate **Office Discipline Referral**. Other offenses that will result in an immediate office referral are bullying, vulgarity, excessive aggression, hostility, and blatant disrespect.

CONSEQUENCES BY ADMINISTRATION

1st Office Referral — Administrator will contact parents. Administrator(s) and teacher will meet to discuss the student's behavior and academic progress. An Office Discipline Referral will be sent home for parents to sign and return the following day.

2nd Office Referral — Parent will be contacted for a conference. A face to face parent conference will be required before the child is allowed back in school. An Office Discipline Referral will be sent documenting contact and/or the required parent conference and signed by the parent.

3rd Office Referral — Administrator will evaluate the situation on a case-by-case basis. If your child continues to disobey the school's rules, more severe consequences such as corporal punishment, STAR, Time Out Room (TOR), or suspension may be administered. An Office Discipline Referral will be sent home documenting action(s) taken by the administration.

SEVERE VIOLATIONS

Office referrals for severe offenses may result in more severe consequences. Please remind your child that objects that could harm others **will not** be tolerated at school. These include sharp objects, knives, guns, firecrackers, lighters, etc. Any student who brings a weapon will be disciplined with consideration given to local board policies. Severe and/or repeated offenses will be evaluated on a case-by-case basis giving consideration to academic, disciplinary, SST, Special Education, and attendance records, as well as relevant extenuating circumstances. Such offenses could result in the student being referred for a system disciplinary hearing with a Disciplinary Hearing Officer.

CHRONIC/HABITUAL DISCIPLINARY PLANS AND BEHAVIOR SUPPORT SERVICES

Georgia law requires local boards of education to implement policies that promote cooperative planning between parents, administrators, and teachers whenever children display a chronic or habitual pattern of misbehavior that disrupts the learning environment within the school. Identification of children for whom official behavioral support plans must be drafted will be handled on an individual basis with regard to the frequency and the severity of a child's poor conduct. A component of this process shall include meetings with the school's Student Support Team, which will establish behavioral benchmarks and identify appropriate support personnel who will implement intervention strategies designed to assist students as they make progress towards established goals.

TIME OUT ROOM

Crisp County Primary can utilize a Time Out Room (TOR) as a consequence for students with chronic or severe discipline issues. TOR can only be assigned and approved by an administrator as a consequence of a reported and documented major behavior. An appropriately trained CCPS employee will be assigned to monitor the students at all times. Time Out is a disciplinary program aiming at improving and managing challenging behaviors allowing students to remain in a learning environment while isolated from the rest of the student body. The main goal is to have students stay caught up work, receive explicit behavior skill and social-emotional instruction and support, and help with any other difficulties they are having.

ANTI-BULLYING STATEMENT

Crisp County Primary School is committed to providing a safe learning environment and to promptly address any bullying behaviors. Behavior that infringes on the safety of students will not be tolerated.

BULLYING PREVENTION

Crisp County Primary School is committed to ensuring students receive the age-appropriate instruction and foundational skills needed to be respectful, responsible and safe. Prevention focuses on strategies for reducing bullying behaviors by blending Cougar Way/PBIS strategies with explicit classroom instruction. Teaching students to identify and respond effectively to bullying and other harmful behaviors of others matches our students' developmental levels. Students receive explicit character education instruction from our Guidance Program and have the support of our School Counselors. Our 3rd grade students attend a Stop Bullying Program presented by our certified School Resource Officer (SRO).

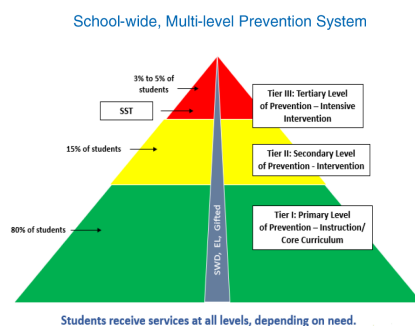

RESTRAINT AND SECLUSION PROCEDURES

All Crisp County Schools support a positive approach with proactive strategies to address students with behavioral needs. Therefore, restraint and seclusion shall be used only when there seems to be an imminent risk of danger to the individual student or to others. Restraint and seclusion shall be used only as a last resort as an intervention choice. In the event that restraint or seclusion is used, the dignity, privacy, and safety of individuals shall be preserved. Restraint and seclusion shall be initiated only in situations that are identified as an emergency and shall be implemented only in a competent and responsible manner.

A PARENT LETTER ON RESPONSE TO INTERVENTIONS

“Learning Today... Graduating our Future Leaders Tomorrow!” is the vision of the Crisp County School System. It is our goal at Crisp County Primary School for all students to have the resources and instruction necessary to reach their full potential while receiving a free and appropriate public education. In compliance with the Every Student Succeeds Act (ESSA), and the Individuals with Disabilities Education Improvement Act, CCPS is dedicated to meeting the needs and services for all students to receive the best quality education through programming for the individual student. The school adheres to a policy of non-discrimination in educational programs and activities while striving to provide equal educational opportunity for all students as required by Section 504 of the Rehabilitation Act of 1973, which prohibits discrimination based on disability. Crisp County Primary School embraces the *Multi-Tiered System of Supports (MTSS) Model* (formerly referred to as “*Response to Intervention*”), as a system of service delivery that uses evidence based interventions, monitoring and evaluation for ongoing tracking of individual students in making informed decisions about the student’s educational and behavioral programming needs. This system provides students who do not respond to instruction with increasingly intensive levels of intervention. CCPS is dedicated to meeting the requirements of the *Multi-Tiered System of Supports*.

*Should you have more questions about the *Multi-Tiered System of Supports*, please contact a school administrator.
