

# Mid-Del Schools 3 Point Tornado Plan

1. Cancel school for a District-Wide Weather Day. In the event of an extreme severe weather report, as notified by the National Weather Service Forecast Office in Norman, Oklahoma, the Mid-Del Administrative Leadership Team will meet to consider school closure.
2. If school is already in session, the District’s automated notification system will notify parents of an Early Release Day. If students remain, we will relocate them to one of the District’s storm shelters. Mid-Del currently has five storm shelters in the District. These are located at Del City Elementary, Midwest City Elementary, Parkview Elementary, Soldier Creek Elementary, and the Mid-Del Technology Center. (Relocation sites will be communicated to parents in writing).
3. If we have no advance warning, we will immediately shelter all students and staff in the safest areas within each school site and facility. However, we know from our research study that these areas during an extreme-wind event should only be used as a last resort.

Students/Staff Relocation: Students/Staff below will be relocated to the following five Mid-Del Safe Rooms.

<b>Del City Elementary</b>	<b>Midwest City Elementary</b>	<b>Parkview Elementary</b>	<b>Soldier Creek Elementary</b>	<b>Mid-Del Technology Center</b>
