

Old Bridge Elementary School Supply List 2023-2024

Dear Parents and Guardians,

We look forward to welcoming back our students this September. All students will be offered a district issued device and will be provided with guidelines and expectations for use. We will continue to minimize the sharing of supplies and provide basic items your student will need. Please note that classroom teachers may add specific items as their classroom may require. Some consumable items such as crayons, erasers, etc. might need to be replenished as school goes along. However, the list below will serve as a good starting point for September.
