MEMORANDUM

Date: October 4, 2021

TO: Whom it May Concern

FROM: Raymond Ritchie, Chief Operating Officer

SUBJECT: October 1 Reports, NRS 378-12468

According to NRS 387.12468, Nye County School District is required to prepare reports that compare the personnel and services provided during the previous school year with those to be provided during the current school year. These reports are to be posted on the District website on or before October 1. The Nevada Department of Education (NDE) is required to prescribe the format of these reports in the regulation.

NDE is working to develop a format for these annual reports. NDE has realized that the information for this report is derived from the annual 387 reports prepared by school districts and the 388 reports prepared by charter schools. These reports are not due to NDE until November 1st of each year.

The District in collaboration with NDE is still creating the report template based on existing data and to identify the best data source for each reporting requirement. This will ensure consistent data reporting across the state.

NDE will also work to revise the reporting deadline in statute, to align with the availability of the data to be reported.
