Re: Backpack/Book Bag Guidelines

The WBSD Board of Education has approved the 2023-24 Student Handbook. A new addition to the handbook outlines the District's guidelines regarding student book bags and backpacks. Such items include, but are not limited to, traditional backpacks, drawstring bags, duffel bags, wheeled backpacks, or other totes that students may consider using to transport classroom supplies and materials to and from school.

Under these new guidelines, such items may be used to transport school supplies to and from school, but must be kept in student lockers during the school day.

These guidelines have been created to not only promote school safety and security, but promote student organizational skills. The district understands this will be a transition for both students and teachers. Staff members will work with students during class changes to promote and follow the new guidelines.

Students failing to abide by this policy will be considered insubordinate and appropriate consequences will be issued.

Sincerely,

A handwritten signature in blue ink, appearing to read 'David M. Brandon'.

David M. Brandon
