Spirit Week a Big Success!

During a stressful pandemic, GCMS believes in the importance of continuing to show school pride while letting students have some fun with theme days. The week of Sept. 20-24 offered students the opportunity to show support for our MS teams and bring some extra smiles to faces during Spirit Week!

GCMS on the KY School Report Card

Recently, the KY School Report Card for 20-21 was released. To access the results for GCMS or any other school, go to www.kyschoolreportcard.com. Principal Gary Parker said, "While it's tough to compare this past year's performance with other years, the results still give us important data to continue our efforts to help students grow academically. Also, teachers are taking a look at individual student data to inform their instruction." Additionally, GCMS just concluded a Student Survey, gathering student input on a wide variety of subjects. Special thanks to the Principal's Advisory Council for their help in designing the survey.

Cross Country Runs On!

Despite some interesting conditions, GCMS Cross Country is still going strong at events in E-town, Bardstown, and Bowling Green!

Cougar Zone Going Strong!

Parents, don't forget to take advantage of this outstanding enrichment program at GCMS! Activities like Top Chef, Spanish, Robotics, Coding, Art, and Sign Language are offered each week. Additionally, students can attend tutoring in all subject areas!

Weekly SEL Lessons at GCMS

Navigating through adolescence can be a tough road,, particularly during this stressful pandemic. GCMS Counselors Sahale Christian, Aggie Manion, and Kelsie Hughes have developed weekly lessons for our students, exploring topics like self-awareness, bullying, suicide prevention, and social awareness. If we want our students to succeed academically, that "rebuilding" must include the foundation of social-emotional learning.

GCMS Teachers Striving for Improvement with GRREC

GCMS is partnering with the Green River Regional Education Cooperative to improve teaching practices. GCMS is appreciative of the work of Dr. Abshear and Dr. Noall in conducting observations and follow-up professional development throughout the year!
