Notes:
- All benefits include the following pharmacy plan: 2V - \$1033/60, 2.5x for M.O.
- IF TWO OR MORE PLANS ARE SOLD AS A MULTIPLE PLAN ARRANGEMENT, AN ADJUSTMENT TO THE RATES MAY BE NECESSARY.
- IF THE INITIAL PLAN IS AN HRA, ALL ALTERNATES ARE ALSO ASSUMED TO BE THE SAME TYPE OF HRA.

Quote Assumptions:
- Rates are guaranteed for the contract period of 6/1/15 through 5/31/16.
- Rates are based on your submitted census. UnitedHealthcare reserves the right to adjust the rates from audit date back to effective date if any of the following changes:
- Enrollment +/- 10%
- Average Contract Size +/- 10%
- Area Factor +/- 7.5%
- Age/Sex Factor +/- 10%
- Cobra enrollees are more than 10% of enrollment
- Any Material Changes
- This proposal assumes at least 75% of all eligible employees will enroll in an employer sponsored plan. This proposal further assumes that at least 50% of all benefit eligible employees (including spousal waivers) will enroll with UnitedHealthcare. If either assumption is not accurate, we reserve the right to require back to original effective date.
- Unless otherwise stated, this offer replaces and renders all previous offers null and void.
- Final rates contingent upon receipt and review of current carrier's renewal rates.
- Individual Medical Applicants will be required if the group is currently self-funded or does not currently have group medical coverage.
- Subject to approval of the Employer Form by UHC Medical Underwriting
- Multichoice is a pre-packaged product or plan designs. Only plan designs within a package can be offered to an employer and their employees.
- Plan designs from other packages cannot be combined to create a unique package.
- Your broker must request and provide the SBCs to you, the employer, for final plans selected. SBCs must be delivered by the employer to the members as required by reform law.
- Proposal includes ENRP. ENRP attracts non-emergency services provided by an out of network physician or other healthcare professional at a network hospital, facility or ambulatory surgery center. ENRP also affects emergency services provided by an out of network provider at any hospital, facility or freestanding emergency room.
- For emergencies, the affected services could include all types of providers: physicians, other health care professionals, and facilities.

The rates quoted are based on the following assumptions. Changes to these assumptions may result in an adjustment to the rates or revocation of the quote.

HSA Plan Assumptions:

- Please refer to the vendor bank collateral for HRA/HSA account fee information.
- HSA plans may include a non-embedded deductible and out of pocket. In that instance, no individual family member's deductible or out of pocket is considered satisfied until the family deductible or out of pocket amount has been met. Pharmacy copays will only apply after the deductible has been satisfied.
- Rates assume the Employer funds no more than 50% of the HSA/HRA deductible. UnitedHealthcare reserves the right to adjust rates if this assumption changes.
- HSA accounts must be paired with qualified HDHPs as determined under section 223 of the Internal Revenue Code.
- For calendar year 2014, the HDHP annual deductible cannot be less than \$1,250 for self-only coverage or \$2,500 for family coverage.
- Medical and pharmacy expenses covered under an HSA program are not eligible for reimbursement under an FSA program.
- Funds in the HSA account continue to accumulate and are fully portable to another HSA account.

Notes:

- All benefits include the following pharmacy plan: 2V - \$103/5/60, 2.5x for M.O.
- If the HSA is sold in combination with other medical plans, an adjustment to the rates may be necessary.
