

Ohio County Schools

Photography, Media and Social Media Permission Form

To the parent/guardian of _____

Homeroom _____ Date _____

One of Ohio County Schools Target Areas is Community Involvement. The school system's website is one way for the school system to showcase its tradition of excellence in education. Ohio County Schools' communications coordinator and county and school technology coordinators frequently update the website, which, with your permission, will include photographs of students in educational and/or athletic settings.

In addition, the television, radio, print media and social media outlets may enter your child's school and/or classroom to cover education stories, which may include names and photographs. This helps to keep the community informed about important events at the schools. Please take a few moments to read the following permission form, fill out both sections and return it to your child's teacher.
