646 responses

Parents: What do you think about mask wearing?

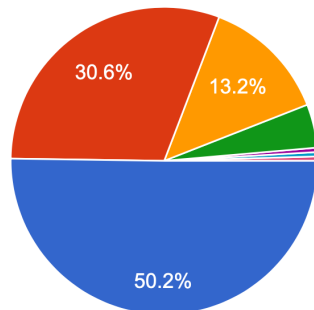

646 responses

- It should be optional for all students and staff.
- Masks should be optional for vaccinated students and staff, but required for non-vaccinated students and staff.
- It should be optional for students in grade 7-12 and staff but required for preschool and elementary students.
- It should be required when county transmission rates are substantial or high.
- Masks should be required for all students and staff.

Staff: Please share your comfort level and preference concerning mask-wearing.

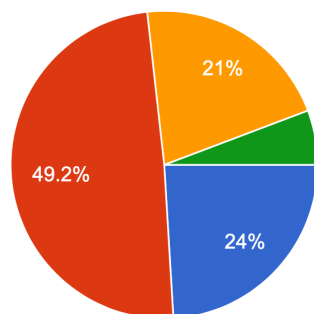

219 responses

- I prefer that all students and staff wear masks regardless of vaccination status.
- Mask wearing should be optional for all students and staff.
- Mask wearing should be optional for vaccinated students and staff, but required for non-vaccinated students and staff.
- Mask wearing should be based on county transmission rates only.
- Masks should be required when more than 10% of the community is infected.
- I think mask wearing should be optional for vaccinated students and staff, but required for non-vaccinated students and staff.
- Masking should be optional for vaccinated students and staff, but required for non-vaccinated students and staff.

Students: Please share your comfort level and preference concerning mask-wearing.
