

JUNIOR INFORMATION SHEET

I. Academics

1. Grad. requirements & credits - Jr. year is very important to most colleges. Consider your senior year course selections.
2. G.P.A. - check for accuracy.
3. Class Rank-used by colleges for admission

II. What colleges are looking for: Open, Selective, Highly Selective

- GPA
- Class Rank
- Test Scores – ACT or SAT
- Consistent improvement
- Challenging classes

III. College Timetable

- Start by asking yourself some questions. Does my academic plan meet my interest & abilities? Why do I want to go to college? What are my goals for the future? What are my academic and personal strengths and weaknesses? How you answer these questions will give you a great start toward your college choice.
- College information may be found in the guidance office and on-line-college websites.
- Visit colleges whenever possible. Actually seeing the campus, touring the facilities, visiting a class, will help you decide if the school is right for you.
- By the start of next school year, your selection process should be narrowed down to two or three schools.

IV. Docufide (Parchment) – allows students to send electronic transcripts.

- V. MME Test**
- Required for graduation
 - March 5th – ACT Plus Writing
 - A multiple choice test that measures English, Math, Reading, Science & Writing, reasoning abilities used to help predict college preparedness.
 - March 6th – WorkKeys –Applied Math, Reading for Information, and Locating Information.
 - March 7th – Michigan Math, Science, and Social Studies

- VI. Dual Enrollment** – Attend local colleges during Jr./Sr. year. – Limit of TEN classes per student during high school.
- Eligibility is based on PLAN /ACT scores.

VII. Follow the plan that is consistent with your career pathway!
