Demographics Report Update

DRAFT Enrollment Forecast Charts

- End-of-Year enrollment data received this week
- Cropper will run a stand alone analysis of EOY numbers, estimated turn around week of 6/4

Sustainability Visioning

Goal Setting Charrette - Stage II

HMFH ARCHITECTS

SETTING SUSTAINABILITY GOALS

AIA MATERIALS PLEDGE

support **human health** by preferring products that support and foster life throughout their life cycles and seek to eliminate the use of hazardous substances.

support a **circular economy** by reusing and improving buildings and by designing for resiliency, adaptability, disassembly, and reuse, aspiring to a zero-waste goal for global construction activities.

support **climate health** by preferring products that reduce carbon emissions and ultimately sequester more carbon than emitted.

support **ecosystem health** by preferring products that support and regenerate the natural air, water, and biological cycles of life through thoughtful supply chain management and restorative company practices

support **social health & equity** by preferring products from manufacturers that secure human rights in their own operations and in their supply chains, positively impacting their workers and the communities where they operate

- Scheduled for June 22
- 2 sessions planned: afternoon & evening
- Introduce full range of topics
- Establish desired outcomes to guide design process

Site Investigations

Traffic

- Traffic counts/observations over last two weeks
- Field review next week

GeoEnvironmental

- Gaudet Phase 1 investigations site visit tomorrow

Civil

- Compiled preliminary Site Observations last week after earlier site visit
- Formulating cross walk recommendations for Aquidneck Ave improvements by RIDOT

Site Investigations

Site Survey

- Aerial control point survey complete
- Initial legal research complete
- Site control network complete
- Wetland flag survey complete
- Initial monumentation survey complete
- Raw aerial mapping expected by June 1; field data to be added
- Issue preliminary plan soon after

2 Week Look-ahead

Demographics Report Follow-up Data:	received 5/24
Demographics run EOY numbers	week of 6/4
Review Space Program Efficiencies w/MPS:	5/31
Refinement of MS/HS Pod Layouts:	week of 5/22
Geoenvironmental Investigations Site Visit:	week of 5/22
Traffic Investigations Site Visits:	5/18-5/24
Traffic Data Analysis:	week of 5/29
Water Line / Street Work Coordination:	ongoing
Site Survey Preliminary Plan	mid-June
Support for CTE 4th Program Definition:	ongoing
Building and Site Schematics Begin:	week of 5/29
Prepare for Sustainability Visioning Workshop:	6/5 - 6/22
