Dear Elementary

Dear kindergarten students in Miss Twyman’s class were studying the 5 senses last week! Ask the nearest kindergartener which sense is their favorite. To strengthen their scientific knowledge, they practiced a different sense each week. Monday was sound and they played Sound Bingo. Tuesday was taste and they were able to taste sour, bitter, salty, and sweet foods. Wednesday was touch where they felt a hidden object and made their best guess. Thursday was smell and they smelled a hidden object and made their best guess. Friday was sight and they searched for hidden objects. Students were able to practice using their 5 senses and identifying which part of the body uses which sense. These kindergarteners are working hard and learning so much! Keep up the good work!
