October 15, 2021 (Weekly update)

We hope that everyone has a great weekend. We are expecting some cooler weather so enjoy the change as we are likely to see summer return at any time, lol!

In terms of active overall cases our numbers are going down, but we are seeing an increase at the high school. As you review back over the semester, you will see that often there is a trend on a campus for an increase and then it begins to reduce. However, as we mention later in the letter, we continue all protocols on all campuses. It is always a good idea to remind your students of what they can do to protect themselves as well (i.e. good hygiene habits etc).

### Currently

- High School—We have 6 student cases since our last update; 6 total active student case; Seniors (3), Juniors (0), Sophomore (2), and freshmen (1). We have 0 new employee cases for a total of 0 active employee cases.
- Junior High—We have 0 student cases since our last update; 0 total active student case; 8<sup>th</sup> graders (0); 7<sup>th</sup> graders (0); 6<sup>th</sup> graders (0). We have 1 employee case a for total of 1 active employee cases.
- Intermediate—We have 0 student cases since our last update; 0 total active student cases; 4<sup>th</sup> grade (0) and 5<sup>th</sup> grade (0). We have 0 employee cases.
- Elementary—We have 0 student cases since our last update; 0 total active student case; Pk (0), kinder (0), 1<sup>st</sup> grade (0), 2<sup>nd</sup> (1), 3<sup>rd</sup> (0). We have 0 additional employee case for a total of 0 active employee cases.
- NOTES—At this time we have 6 active cases...all other students and staff have returned. We are seeing a trend of high school students at this time, while other campuses have seen a decrease. As we have stated previously, we do expect there to be peaks and valleys when it comes to this pandemic but will continue to use all strategies regardless of the campus variances.
