

EEAG - USE OF PRIVATE VEHICLES TO TRANSPORT STUDENTS

Category Recommended- While these policies are not required by law, they are highly recommended for effective school board operations.

Any use of private vehicles for transportation of students to or from school on field trips, athletic events, or other school functions, must have prior authorization by the Superintendent of Winchester or his or her designee. The Board specifically forbids any employee to transport students, except the teacher's own children, for school purposes without prior written authorization by the Superintendent of Winchester or his/her designee; individuals providing unauthorized student transportation do so at their own expense and liability.

Any employee or private citizen using their own or a rented vehicle to provide school-authorized student transportation must have auto liability insurance of not less than \$500,000 Combined Single Limit and provide a Certificate of Insurance naming the District as an Additional Insured. The District will maintain liability insurance, which will be in excess of the owner's primary insurance for authorized student transportation.

A person under contract to transport one or more children to school, on field trips, to athletic events, or other school functions must have a valid School Bus Driver Certificate/ License in accordance with the applicable rules and laws. All vehicles must be approved by the New Hampshire Department of safety as meeting all applicable school bus safety standards. Parents transporting their own children are exempt from this requirement, per Department of safety regulations

Persons providing transportation on an incidental basis, i.e., not specifically as part of a contract to transport, must have a valid driver's license, and a vehicle which has a current N.H. inspection sticker. A commercial license is required for any vehicle that has a capacity of 16 or more.

No student shall be sent on school errands using any automobile. No Student will transport another student for school authorized transportation.

Reimbursement for use of private vehicles may be made, but only if the employee or other person has prior approval of the designated administrator.
