Re: Child Find Outreach

Beebe Public School District is responsible for locating, identifying, and evaluating any children with known or suspected disabilities who reside within the school district's boundaries to determine whether a need for special education and related services exists. We would like your assistance to make the public aware of the services available from Beebe School District.

Children from ages 3 through 21 can be screened. All child find referrals are considered confidential and services are provided at no cost to the family.

If you know a child who has a disability or one you suspect may have difficulty with learning, communication, vision, hearing, behavior, or motor control and coordination, please contact the special education department at your local public school district or the early intervention agencies.

Contact for Early Childhood Services is Wilbur D. Mills Education Service Cooperative at 501-882-5467.

For more information concerning school-aged child find screening or to make a referral, contact: Beebe Public Schools, Special Programs Department at 501-882-5463.
