 - b. *The present value of the severance benefits and Retirement Bridge under the prior agreement shall be calculated, effective as of the last day of June 2003.*
 - c. *To confirm the accuracy of the underlying information to be used in the present value calculations, each teacher shall be provided with his/her basic data that will be used in the calculations, including, but not limited to, the following information as of the last day of June 2003: base salary, age, years of service, and accumulated sick leave. The Financial Services Corporation shall assist in the preparation of this verification sheet for each teacher. Any corrections must be returned to the Association President within five (5) days of receipt. Corrections not returned by the deadline shall be disregarded.*

Using the above assumptions and the other assumptions contained on the buyout spreadsheet, the Financial Services Corporation shall prepare the present value calculations for each teacher and the contributions described hereinafter will be made.

The terms and conditions for the administration and operations of the VEBA shall be as follows:*
 - a. *The amount calculated for each employee will be invested in a separate account. There will be no commingling of accounts and each employee may determine how his/her account shall be invested among the investment options made available by the vendor for the VEBA.*

Failure of the grievant to adhere to the above time limits or to present issue within sixty (60) calendar days subsequent to circumstances giving rise to the dispute or complaint will constitute a basis for denial of the dispute. All time limits herein may be extended by mutual agreement to the Board and the Association.

The compensation model bargained between the West Washington School Corporation and the West Washington Education Association is set forth below. Under IC 20-28-0-1.5, a compensation model must use a combination of at least two of the following factors: Possession of content area degree and content area credit hours beyond the requirements for employment and years of experience (which cannot account for more than 50% of a teacher's salary increase); teacher evaluation; instructional leadership roles; and meeting academic needs of students. This model uses teacher evaluation, experience and meeting the academic needs of students as criteria to earn a base salary increase. Definitions of these factors are set forth below.

The parties have agreed that teachers will receive base salary increases during the 2021-2022 & 2022-2023 school years in accordance with the compensation model set forth below.

A. General Eligibility Criteria for 2021-2022 & 2022-2023

Under Indiana Code 20-28-9-1.5, a teacher rated "Ineffective" or "Improvement Necessary" may not receive any raise or increment for the following year unless eligible for the increase in accordance with Indiana Code 20-28-9-1.5(f). In other words, should a teacher's evaluation rating fall into one (1) of the bottom two (2) performance categories, the teacher's salary will remain the same as the previous year, or for all practical purposes the salary is frozen. The teacher must receive an evaluation rating for the prior school year and the rating must be either highly effective or effective.

All teachers must have been compensated for at least 120 days in the previous school year.

Teachers will be placed in two columns, BS for teachers who currently hold a Bachelor's Degree or MS for teachers who currently hold a Master's Degree.

B. Factors and Definitions

Evaluation: The teacher must receive an evaluation rating for the prior school year and the rating must be either highly effective or effective.

Experience: The teacher was employed with the West Washington School Corporation for at least one hundred twenty (120) days in the prior school year.

Meeting Academic Needs of Students: The importance of retaining teachers in the corporation based on their current salary level.

C. Distribution

Distribution Plan for 2021-2022:

For 2021-2022, the salary schedule will be increased for all eligible teachers by \$3,300 across the board and all eligible teachers will receive a \$1,200 step increase for a total base salary increase of \$4,500 to be distributed as follows:

Evaluation: \$3,300

Experience: \$1,200

Meeting the Academic Needs of Students: Teachers meeting this factor will have an additional amount applied to their base salary in a range between \$1,200 to \$2,500 as determined by the superintendent.

Distribution Plan for 2022-2023:

For 2022-2023, all eligible teachers will receive a one-step base salary increase on the salary schedule for a total of \$1,200 distributed as follows:

Evaluation: \$800

Experience: \$400

D. New Hires

Any new teacher hired by the corporation will be placed on the salary schedule at a level consistent with and which mirrors the salaries of teachers currently employed by the Corporation. If there is a difficulty with filling a position the superintendent will have the authority to hire within a range of 1 place on the schedule above that level.

E. Enrollment Stipend

All eligible teachers will receive an enrollment based stipend each contract year based on the chart below:

Enrollment Based Stipend

# Students	Stipend \$

900-924	\$3,000

950-974	\$4,200
975+	\$4,800

F. Salary Range

The salary range prior to any increases provided by this contract is \$36,700 - \$71,100

The salary range for 2021-22: \$40,000 - \$75,600

The salary range for 2022-2023: \$40,000 - \$76,800

G. Redistribution

Based on anticipated evaluation results, the parties believe that all will be distributed and that no redistribution will be necessary. However, in the event that there are funds that were otherwise allocated for teachers rated ineffective or improvement necessary, those funds will be equally redistributed to all teachers rated effective or highly effective. The redistribution will be paid as a stipend in the last payroll of the school year.

Schedule B increases will be set up on tiers.

- (0) Tier 0 = Base
- (4) Tier 1 = 5%
- (7) Tier 2 = 10%
- (10) Tier 3 = 15%
- (13) Tier 4 = 20%
- (16) Tier 5 = 25%
- (19) Tier 6 = 30%
- (22) Tier 7 = 35%
- (25) Tier 8 = 40%
- (28) Tier 9 = 45%
- (31) Tier 10 = 50%

An increase from Tier 0 will automatically occur on the 4th year and every 3rd year after. The board can vote to raise a schedule employee one Tier, but may do so only once in a two year period. Tier 10 or 50% base is the Max Out for a Schedule B position.
