

Tri-Valley School District 49-6

Policy EF: Food Services Management

The Board considers the practice of serving food at school primarily a convenience for parents, children and school management; secondarily as a means of encouraging good health habits.

The school system will operate a school lunch program in each school, which will be under the supervision of the Food Service Director.

The cafeteria staff in each school will be directly responsible to the Food Service Director, but will cooperate with the building Principal in matters essential to the proper functioning of the food services program. The responsibility for control of students using the cafeteria will rest with the building Principal, who may assign appropriate staff to provide supervisory control.

The Board will approve the prices set for school lunches and the price of milk.

As required for participation in the National School Lunch Program, the Board agrees to the following regulations:

1. That a "Type A" lunch be made available for students.
2. Free and reduced-price lunches are provided to students who cannot afford to pay the price of the "Type A" lunch.

Students will also be permitted to bring their lunches from home and to purchase beverages and incidental items.

Adopted: 12/10/12

Revised: 2/14/22

Board Approved: 3/14/22
