

# Tri-Valley School District 49-6

## Policy EFC: Vending Machines

Beverage vending machines for use in schools are authorized at the discretion of the building Principal provided the machines are not in competition with an established food service or concession program. Operation and financial management of these machines will be the responsibility of the Principal. Machine proceeds will accrue to students' activity funds.

Vending machines are authorized in teachers' lounges subject to the approval and management direction of the building Principal.

No food or beverage vending machines other than those authorized above are permitted in school buildings.
