Superintendent

School Year 2022-2023

Dear Parent/Guardian,

The Asbestos Hazard Emergency Response Act (AHERA) requires the nation's schools to conduct detailed inspections to identify all asbestos containing materials that might be present in the school environment. AHERA requires the inspection results and the associated Management Plan be submitted to the Louisiana Department of Environmental Quality (LDEQ). A copy of the Management Plan must be kept and maintained at the school administrative office for review by the public during normal working hours.

This letter of notification is an annual requirement to the public. If you have any questions, please contact the designated person, Heith Parker at 318-872-0334 for more information or assistance.

Heith Parker, M.Ed.

Director of Operations
