Rather, it is a guide to and a brief explanation of district policies and procedures related to employment. These policies and procedures can be changed at any time; these changes shall supersede any handbook provisions that are not compatible with the change. For more information, employees may refer to policy codes that are associated with handbook topics, confer with their supervisor, or call the appropriate district office. District policy is located at www.wallisd.net under Wall ISD; info for district personnel.

District Information:

Texas law grants the board of trustees the power to govern and oversee the management of the district's schools. The board is the policy-making body within the district and has overall responsibility for curriculum, school taxes, annual budget, employment of the superintendent and other professional staff, facilities, and expansions. The board has complete and final control over school matters within limits established by law and State Board of Education rules.

The board of trustees is elected by the citizens of the district to ensure a strong educational program for the district's children. Trustees are elected at large and serve three-year terms. Trustees serve without compensation, must be registered voters, and must reside in the district.

Board meetings will be held at least once a month. It is extremely important that all seven trustees attend each meeting. It's the goal that each trustee be given the opportunity to attend each meeting. In pursuit of having each of the seven board members in attendance, the day of the month for a board meeting will be determined at the prior month's meeting. In the event that large attendance is anticipated, the board may meet at the band hall. Special meetings may be called when necessary. A written notice of regular and special meetings will be posted outside the administration building at least 72 hours before the scheduled meeting time as well as posted on the Wall ISD web site. The written notice will show the date, time, place and subjects of each meeting. In emergencies, a meeting may be held within one-hour notice.

All meetings are open to the public. Under the following circumstances, Texas law permits the board to go into a closed session: to discuss prospective gifts or donations, property acquisition, personnel issues including conferences with employees and employee complaints, security matters, student discipline, or to consult with attorneys.

Equal Employment Opportunity

The Wall Independent School District does not discriminate against any employee or applicant for employment because of race, religion, sex, age, national origin, disability, military status, or on any other basis prohibited by law. Additionally, the district does not discriminate against an employee or applicant who acts to oppose such discrimination or participates in the investigation of a complaint related to a discriminatory employment practice. Employment decisions will be made on the basis of each applicant's job qualification, experience, and abilities.

Job Vacancy Announcements

Announcement of job vacancies by position and location are distributed and advertised when needed at all Wall ISD campuses, in the local newspaper and on the Wall ISD web site. All positions will be filled through a process of applications, interviews, and selection by supervisor and/or the school board.

Contract and Noncontract Employment

State law requires the district to employ all full-time professional and administrative employees in positions requiring a certificate and nurses under probationary, term, or continuing contracts. Employees in all other positions are employed at will that is not subject to the procedures for nonrenewal or termination under Chapter 21 of the Texas Education Code. The paragraphs that follow provide a general description of the employment arrangements used by the district.

Certification and Licenses

Professional employees whose positions require SBEC certification or professional license are responsible for taking actions to ensure their credentials do not lapse. Employees must submit documentation that they have passed the required certification exam and/or obtained or renewed their credentials to Russell Dacy (Superintendent), in a timely manner.

A certified employee's contract may be voided without due process and employment terminated if the individual does not hold a valid certificate or fails to fulfill the requirements necessary to extend a temporary certificate, emergency certificate, probationary certificate, or permit. A contract may also be voided if SBEC suspends or revokes certification because of an individual's failure to comply with criminal history background checks. Contact Russell Dacy (Superintendent), if you have any questions regarding certification or licensure requirements.

Probationary Contracts

All full-time, professional employees employed in positions requiring certification and nurses who are new to the district receive probationary contracts during their first year of employment. The probationary period for those who have been employed in public schools for at least five of the eight years preceding employment with the district is one year. For those with less experience, the probationary period will be three years, with an optional fourth year if the district has doubts about whether a term or continuing contract should be given.

Salaries, Wages, and Stipends

Employees are paid in accordance with administrative guidelines and a pay structure established for each position. The districts pay plans are reviewed by the administration each year and adjusted as needed. All district positions are classified as exempt or nonexempt according to federal law. Professional and administrative employees are generally classified as exempt and are paid monthly salaries. They are not entitled to overtime compensation. Other employees are generally classified as nonexempt and are paid based on hourly wages or provided compensatory time for each overtime hour worked.

Salaries and wages are reviewed on an annual basis and adjusted according to the budgeted amounts approved by the board. All employees will receive written notice of their pay and work schedules before the start of each school year. Classroom teachers and librarians will be paid no less than the minimum state salary schedule. Contract employees who perform extracurricular duties may be paid a stipend in addition to their salary according to the districts extra-duty pay schedule. Employees should contact personnel office for more information about the district's pay schedules or their own pay.

Paychecks

All employees are paid monthly. During the school year, paystubs are e-mailed or delivered to each employee. Paystubs will not be released to any person other than the district employee named on the paystub without the employee's written authorization. During summer breaks, paystubs will be mailed or e-mailed.

As of September 1, 2009 all employees are required to be on direct deposit.

An employee's payroll statement contains detailed information including deductions, withholding information, and the amount of leave accumulated.

Resignations

Contract Employees. Contract employees may resign their position without penalty at the end of the school year if written notice is received at least 45 days before the first day of instruction of the following school year. A written notice of resignation should be submitted to the superintendent or other persons designated by the board of trustees, which includes the campus principal.

Contract employees may resign at any other time only with the approval of the superintendent or the board of trustees. Resignation without consent may result in disciplinary action by the State Board of Educator Certification. (SBEC).

The principal is required to notify the superintendent of an educator's resignation within seven business days following an alleged incident of misconduct for any of the acts listed in *Reports to the Texas Education Agency* on page 22. The superintendent will notify SBEC when an employee resigns and there is evidence to indicate that the employee has engaged in such misconduct.

Noncontract Employees. Noncontract employees may resign their position at any time. A written notice of resignation should be submitted to the campus principal at least two weeks prior to the effective date. Employees are encouraged to include the reasons for leaving in the letter of resignation but are not required to do so.

The principal is required to notify the superintendent of a noncertified employee's resignation or termination within seven business days following an alleged incident of misconduct of abuse of a student or was involved in a romantic relationship with or solicited or engaged in sexual conduct with a student or minor. The superintendent will notify TEA within seven business days of receiving a report from a principal, or of knowing about an employee's resignation or termination following an alleged incident of misconduct described above.

Health, Dental, and Life Insurance

Group health insurance coverage is provided through TRS-ActiveCare, the statewide public school health insurance program. The district's contribution to employee insurance premiums is determined annually by the board of trustees. Employees eligible for health insurance coverage include the following:

Employees who are active, contributing TRS members

Employees who are not contributing TRS members and who regularly scheduled to work at least 10 hours per week

TRS retirees and employees who are not contributing TRS members are not eligible to participate in TRS-ActiveCare.

The insurance plan year is from September 1 through August 31. Current employees can make changes in their insurance coverage during open enrollment each spring. Detailed descriptions of insurance coverage, employee cost, and eligibility requirements are provided to all employees at www.bcbstx.com/trsactivecare. Employees should contact Cheryl Marsh for more information.

Cafeteria Plan Benefits (Section 125)

Employees may be eligible to participate in the Cafeteria Plan (Section 125) and, under IRS regulations, must either accept or reject this benefit. This plan enables eligible employees to pay certain insurance premiums on a pretax basis (i.e., disability, accidental death and dismemberment, cancer and dread disease, dental and additional term life insurance). A third-party administrator handles employee claims made on these accounts.

New employees must accept or reject this benefit during their first month of employment. All employees must accept or reject this benefit on an annual basis and during the specified time period.

Supplemental Insurance Benefits

At their own expense, employees can enroll in supplemental insurance programs for dental, cancer and life. Premiums for these programs can be paid by payroll deduction. Employees should contact the personnel office for more information.

Workers' Compensation Insurance

The district, in accordance with state law, provides workers' compensation benefits to employees who suffer a work-related illness or are injured on the job. The district has workers' compensation coverage from Claims Administrative Services, effective 9/01/2000. Benefits help pay for medical treatment and make up for part of the income lost while recovering. Specific benefits are prescribed by law depending on the circumstances of each case.

All work-related accidents or injuries should be reported immediately to Cheryl Marsh. Employees who are unable to work because of a work-related injury will be notified of their rights and responsibilities under the Texas Labor Code.

Unemployment Compensation Insurance

Employees who have been laid off or terminated through no fault of their own may be eligible for unemployment compensation benefits under the Texas Unemployment Compensation Act. Employees are not eligible to collect unemployment benefits during regularly scheduled breaks in the school year or the summer months if they have employment contracts or reasonable assurance of returning to service. Employees with questions about unemployment benefits should contact Cheryl Marsh.

Teacher Retirement

All personnel employed on a regular basis for at least one-half of the normal work schedule are members of the Teacher Retirement System of Texas (TRS). Substitute's not receiving TRS service retirement benefits who work at least 90 days a year are also eligible for TRS membership and to purchase a year of creditable service. TRS provides members with an annual statement of their account showing all deposits and the total account balance for the year ending August 31, as well as an estimate of their retirement benefits.

Employees who plan to retire under TRS should notify Central Administration as soon as possible. Information on the application procedures for TRS benefits are available Central Administration. Additional inquiries should be addressed to: Teacher Retirement System of Texas, 1000 Red River Street, Austin, TX 78701-2698, or call 800-223-8778 or 512-542-6400. TRS information is also available on the Web (www.trs.texas.gov).

Reassignments and Transfers

All personnel are subject to assignment and reassignment by the superintendent or designee when the superintendent or designee determines that the assignment or reassignment is in the best interest of the district. Reassignment is a transfer to another position, department or facility that does not necessitate a change in the employment contract. Campus reassignment must be approved by the principal at the receiving campus except when reassignment is due to enrollment shifts or program changes. Extracurricular or supplemental duty assignment is part of a dual-assignment contract. Employees who object to a reassignment may follow the district process for employee complaints as outlined in this handbook and district policy DGBA (LOCAL)

Employees with the required qualifications for a position may request a transfer to another campus or department. A written request for transfer must be completed and signed by the employee and the employee's supervisor. Teachers requesting a transfer to another campus before the school year begins must submit their request by March. Requests for transfer during the school year will be considered only when the change will not adversely affect students and after a replacement has been found. All transfer requests will be coordinated by the superintendent's office and must be approved by the receiving supervisor.

Workload and Work Schedules

Professional and administrative employees are exempt from overtime pay and are employed on a 10-, 11-, or 12-month basis, according to the work schedules set by the district. A school calendar is adopted each year designating the work schedule for teachers and all school holidays. Notice of work schedules including required days of service and scheduled holidays will be distributed each school year.

Classroom teachers will have planning periods for instructional preparation and conferences. The schedule of planning periods is set at the campus level but must provide at least 450 minutes within each two-week period in blocks not less than 45 minutes. Teachers and librarians are entitled to a duty-free lunch period of at least 30 minutes. The district may require teachers to supervise students one day a week when no other personnel are available.

Paraprofessional and Auxiliary Employee:

All paraprofessional and auxiliary employees, regardless of certifications are employed at will and not by contract. Employment is not for any specified term and may be terminated at any time by either the employee or the district.

All salaries or wages paid to non-contractual employees is intended as a 40 hr work week.

The Superintendent shall recommend to the board for approval pay structures and compensation plans for all District employees. Pay structures shall be designed and administered for the purpose of attracting and retaining qualified employees to achieve District goals. The Superintendent shall administer and maintain pay systems in accordance with administrative procedures for the District compensation plan.

PAY SYSTEMS DESCRIPTION

The Superintendent shall assign positions to pay ranges that define the minimum and maximum base pay for the positions.

All employees shall be paid within the assigned pay ranges unless exceptions are granted by the Board.

PAY INCREASE BUDGET

The Superintendent shall recommend to the Board an amount for employee pay increases

as part of the annual budget. Pay increases beyond the budgeted amount for individuals or positions shall be subject to Board approval.

CLASSIFICATION OF POSITIONS

The Superintendent or designee shall determine the classification of positions or employees as "exempt" or "nonexempt" for purposes of payment of overtime in compliance with the Fair Labor Standards Act.

EXEMPT

The District shall pay employees who are exempt from the overtime pay requirements of the Fair Labor Standards Act (FLSA) on a salary basis. The salaries of these employees are intended to cover all hours worked, and the District shall not make deductions that are prohibited under the FLSA.

An employee who believes deductions have been made from his or her salary in violation of this policy should bring the matter to the District's attention, through the District's complaint policy [see DGBA]. If improper deductions are confirmed, the District will reimburse the employee and take steps to ensure future compliance with the FLSA.

NONEXEMPT

Nonexempt employees may be compensated on an hourly basis or on a salary basis. Employees who are paid on an hourly basis shall be compensated for all hours worked. Employees who are paid on a salary basis are paid for a 40-hour workweek and do not earn additional pay unless the employee works more than 40 hours.

A nonexempt employee shall have the approval of his or her supervisor before working overtime. An employee who works overtime without prior approval is subject to discipline but shall be compensated in accordance with the Fair Labor Standards Act.

COMPENSATORY TIME

Compensation for overtime hours shall be awarded at one and a half times the employee's regular rate of pay or by time and a half earned in compensatory time. The employee shall be informed in advance if overtime hours will accrue compensatory

time rather than pay. Compensatory time earned by nonexempt employees may not accumulate beyond a maximum of 240 hours. If an employee has a balance of more than 240 hours of overtime, the employee will be required to take compensatory time or, at the District's option, will receive overtime pay.

Compensatory time shall be used within the duty year in which it is earned. The District shall pay an employee overtime for all unused compensatory time remaining at the end of the fiscal year. Use of compensatory time may be at the employee's request or as determined by the employee's supervisor to protect the District's schedules and activities.

SUPPLEMENTAL DUTIES

The Superintendent or designee may assign noncontractual supplemental duties to personnel exempt under the Fair Labor Standards Act, as needed. The employee shall be compensated for these assignments according to the supplemental duty pay schedule established by the Board. These assignments may be discontinued at any time for any reason or no reason, by either party. The assignment of these duties shall not create any expectation of continued assignment to that same duty or any other duty.

Vacation Time

All 12 month (260 days) auxiliary employees will earn one (1) week of paid vacation after 6 months of employment and 2 (two) weeks after 1 year of employment. To be taken at the discretion of the campus principal or superintendent.

Travel Expense Reimbursement

Before any travel expenses are incurred by an employee, the employee's supervisor and/or principal must give approval. For approved travel, employees will be reimbursed for mileage and other travel expenditures according to the current rate schedule authorized by the board of

trustees and the Internal Revenue Service. Employees must submit receipts to be reimbursed for allowable expenses other than mileage.

Name and Address Changes

It is important that employment records be kept up to date. Employees must notify the Administration office if there are any changes or corrections to their name, home address, contact telephone number, marital status, emergency contact, or beneficiary. The form to process a change in personal information can be obtained from Cheryl March.

All employees will participate in the evaluation process with their assigned supervisor at least annually. Written evaluations will be completed on forms approved by the district. Reports, correspondence, and memoranda also can be used to document performance information. All employees will receive a copy of their written evaluation, have a performance conference with their supervisor, and get the opportunity to respond to the evaluation.

Harassment

Harassment of a coworker or student motivated by race, color, religion, national origin, disability, or age is a form of discrimination and is prohibited by law. A substantiated charge of harassment against a student or employee shall result in disciplinary action. The term harassment includes repeated unwelcome and offensive slurs, jokes, or other oral, written, graphic, or physical conduct relating to an individual's race, color, religion, national origin, disability, or age that creates an intimidating, hostile, or offensive educational or work environment.

Employees who believe they have been harassed are encouraged to promptly report such incidents to the campus principal or supervisor. If the campus principal or supervisor is the subject of a complaint, the employee shall report the complaint directly to the superintendent. An employee who suspects or knows that a student is being harassed by a school employee or by another student shall inform his or her principal or immediate supervisor.

Any allegation of harassment of students or employees shall be investigated and addressed. An employee may appeal the decision of the principal or supervisor regarding the investigation into the allegations in accordance with the employee complaint and grievance policy and procedures to the greatest extent possible, complaints shall be treated as confidential. Limited disclosure may be necessary to complete a thorough investigation. The district will not retaliate against an employee who in good faith reports perceived harassment. District employees are required to report any cases of bullying to their supervisor.

Sexual Harassment

Employee-to-Employee. Sexual harassment of a coworker is a form of discrimination and is prohibited by law. Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct under the following conditions:

Submission to such conduct is explicitly or implicitly a term or condition of employment. Submission to or rejection of such conduct is used as the basis for employment decisions.

The conduct unreasonably interferes with an individual's work performance or creates an intimidating, hostile, or otherwise offensive work environment.

Employees who believe that they have been sexually harassed by another employee are encouraged to come forward with complaints. The district will promptly investigate all allegations of sexual harassment and will take prompt appropriate disciplinary action against employees found to have engaged in conduct constituting sexual harassment of other employees. The district's policy outlining the process of filing complaints of sexual harassment is reprinted below:

REPORTING REQUIREMENTS	Any District employee who receives information about sexual harassment or sexual abuse of a student that may reasonably be characterized as known or suspected child abuse or neglect shall make the reports to appropriate authorities, as required by law. [See FFG(LEGAL)] An employee who suspects or knows that a student is being sexually harassed or sexually abused by a school employee or by another student shall inform his or her principal, immediate supervisor, or Title IX coordinator. The District shall notify parents of any incident of sexual harassment or sexual abuse by an employee.
INVESTIGATIONS	Any allegations of sexual harassment or sexual abuse of students shall be investigated and addressed. In considering and investigating allegations that an employee has sexually harassed or sexually abused a student [see DHC (LEGAL)], the investigation shall proceed from the presumption that the employee's conduct was unwelcome. [See also FNCJ(LOCAL), which contains the complaint procedure for students alleging sexual harassment or sexual abuse by an employee or by another student]

Employee-to-Student. Sexual harassment of students by employees is a form of discrimination and is prohibited by law. Sexual harassment of students includes any welcome or unwelcome sexual advances, requests for sexual favors, and other oral, written, physical, or visual conduct of a sexual nature. Romantic relationships between district employees and students are strictly prohibited. Other prohibited conduct includes the following:

Engaging in sexually oriented conversations for the purpose of personal sexual gratification
Telephoning students at home or elsewhere and engaging in inappropriate social relationships
Engaging in physical contact that would reasonably be construed as sexual in nature
Enticing or threatening students to get them to engage in sexual behavior in exchange for grades or other school-related benefits.

In most instances, sexual abuse of a student by an employee violates the student's constitutional right to bodily integrity. Sexual abuse may include, but is not limited to, fondling, sexual assault, or sexual intercourse.

Any district employee who suspects or receives direct or indirect notice that a student or group of students has or may have experienced prohibited conduct based on sex, including sexual harassment, of a student shall immediately notify the district's Title IX coordinator, the ADA/Section 504 coordinator, or superintendent and take any other steps required by district

policy. All allegations of sexual harassment or sexual abuse of a student will be reported to the student's parents and promptly investigated.

Reporting Suspected Child Abuse

All employees are required by state law to report any suspected child abuse or neglect to a law enforcement agency, Child Protective Services, or appropriate state agency (e.g., state agency operating, licensing, certifying, or registering a facility) within 48 hours of the event that led to the suspicion. Alleged abuse or neglect involving a person responsible for the care, custody, or welfare of the child (including a teacher) must be reported to CPS. Reports to Child Protective Services can be made online at <https://www.txabusehotline.org/Login/Default.aspx>, to 944-8728 or to the Texas Abuse Hotline (800-252-5400). State law specifies that an employee may not delegate to or rely on another person to make the report.

Under state law, any person reporting or assisting in the investigation of reported child abuse or neglect is immune from liability unless the report is made in bad faith or with malicious intent. In addition, the district is prohibited from taking an adverse employment action against an employee who, in good faith, reports child abuse or neglect or who participates in an investigation regarding an allegation of child abuse or neglect.

An employee's failure to report suspected child abuse may result in prosecution for the commission of a Class A misdemeanor. In addition, a certified employee's failure to report suspected child abuse may result in disciplinary procedures by SBEC for a violation of the Texas Educators' Code of Ethics.

Employees who have reasonable cause to believe a child has been or may be abused or neglected should also report their concerns to the campus principal. This includes students with disabilities who are no longer minors. Employees are not required to report their concern to the principal before making a report to the appropriate agencies. In addition, employees must cooperate with child abuse and neglect investigators. Reporting the concern to the principal does not relieve the employee of the requirement to report to the appropriate state agency. Interference with a child abuse investigation by denying an interviewer's request to interview a student at school or requiring the presence of a parent or school administrator against the desires of the duly authorized investigator is prohibited.

Procedures for Reporting Allegations of Bullying

The district prohibits bullying on school property, at school-sponsored or school related activities, or in any vehicle operated by the district. Bullying may be verbal or written expression or expression through electronic means, or physical conduct. Bullying is not tolerated by the district and any student or parent of a student who believes that the student or another student has experienced bullying or that a student has engaged in bullying is encouraged to immediately report the incident. Retaliation against anyone involved in the complaint process is a violation of district policy and is prohibited.

Students or parents may report an alleged incident of bullying, orally or in writing, to a teacher, counselor, principal or other district employee. Students or parents may contact the district to obtain an incident report form that may be used to submit the complaint.

Please note that after submission of the complaint to the district employee, the district may assign the complaint to a campus administrator to follow up on the submitted complaint and any other important matters pertaining to the complaint. We encourage you to communicate with your designated campus administrator during this time.

Wall ISD has implemented networked computer systems in order to provide our students and staff with access to a world of information, including institutional and government resources, electronic mail, real-time communication, and the internet.

A Children's Internet Protection Act (CIPA) compliant, content filtering solution is in place in order to prevent access to certain sites that may contain inappropriate material, including pornography, weapons, illegal drugs, gambling, and any other topics deemed to be of non-educational value by Wall ISD. Although a conscious effort will be made by professionals to prevent access to materials that are inappropriate for the educational setting, no safeguard is foolproof. *The user is ultimately responsible for not seeking or initiating access to inappropriate material. Wall ISD is not responsible for the content accessed by users who connect via their own mobile WiFi type service (cell phones, air-cards, etc.)*

The District reserves the right to monitor access to and use of District email, District Internet, or other network or computer-related activity, engage in routine computer maintenance and housekeeping, carry out internal investigations, prepare responses to requests for public records, or disclose messages, data, or files to law enforcement authorities. Monitoring shall occur at any time to ensure appropriate use. **Reminder:** As an employee of a public school district, your communications regarding District business is subject to public information act requests.

Consider this possibility before sending any communication from a cell phone, or other similar device, which contains information or issues of District business.

Wall ISD strictly prohibits storing any files containing any student personally identifiable information (PH) including, but not limited to, special education, discipline, meeting notes, grades, etc. in personal accounts (such as a personal Google Drive/One Drive/Dropbox etc.) or on personal devices, and/or using personal email accounts to discuss student information.

Violation of this policy may result in revocation of school account privileges, school disciplinary action, appropriate legal actions, and/or termination.

Disciplinary Action –Misuse of technology may result in disciplinary action. The level of offense will be based on the severity of the offense as determined by the supervisor, technology director, and/or other administrator of the district. The disciplinary action will follow the level of offense disciplinary guidelines listed in the employee handbook.

Just as everyone in the school system is expected to use physical resources at Wall ISD responsibly, we are also expected to help protect technology resources at Wall. Protecting the networks is not the sole responsibility of Wall ISD system administrators any more than taking care of books is totally the responsibility of librarians. In order to receive a computer account and Internet access, please read and sign the attached agreement and return it to the appropriate campus office.

Computer Use and Data Management

The district's electronic communications systems, including its network access to the Internet is primarily for administrative and instructional purposes. Limited personal use of the system is permitted if the use:

- Imposes no tangible cost to the district.
- Does not unduly burden the district's computer or network resources
- Has no adverse effect on job performance or on a student's academic performance

Electronic mail transmissions and other use of the electronic communications systems are not confidential and can be monitored at any time to ensure appropriate use.

Employees who are authorized to use the system are required to abide by the provisions of the district's communications systems policy and administrative procedures. Failure to do so can result in suspension or termination of privileges and may lead to disciplinary action. Employees with questions about computer use and data management can contact Suzette McIntyre (Technology Director) or Russell Dacy (Superintendent).

Personal Use of Electronic Media

Electronic media includes all forms of social media, such as text messaging, instant messaging, electronic mail (e-mail), web logs (blogs), electronic forums (chat rooms), video-sharing websites (e.g., YouTube), editorial comments posted on the Internet, and social network sites

(e.g., Facebook, Instagram, SnapChat, Twitter, LinkedIn). Electronic media also includes all forms of telecommunications such as landlines, cell phones, and web-based applications.

As role models for the district's students, employees are responsible for their public conduct even when they are not acting as district employees. Employees will be held to the same professional standards in their public use of electronic media as they are for any other public conduct. If an employee's use of electronic media interferes with the employee's ability to effectively perform his or her job duties, the employee is subject to disciplinary action, up to and including termination of employment. If an employee wishes to use a social network site or similar media for personal purposes, the employee is responsible for the content on the employee's page, including content added by the employee, the employee's friends, or members of the public who can access the employee's page, and for web links on the employee's page. The employee is also responsible for maintaining privacy settings appropriate to the content.

An employee who uses electronic media for personal purposes shall observe the following:

- The employee may not set up or update the employee's personal social network page(s) using the district's computers, network, or equipment.
- The employee shall not use the district's logo or other copyrighted material of the district without express, written consent.
- The employee continues to be subject to applicable state and federal laws, local policies, administrative regulations, and the Code of Ethics and Standard Practices for Texas Educators, even when communicating regarding personal and private matters, regardless of whether the employee is using private or public equipment, on or off campus. These restrictions include:
 - Confidentiality of student records.
 - Confidentiality of health or personnel information concerning colleagues, unless disclosure serves lawful professional purposes or is required by law.
 - Confidentiality of district records, including educator evaluations and private e-mail addresses.
 - Copyright law.
 - Prohibition against harming others by knowingly making false statements about a colleague or the school system.

Use of Electronic Media with Students

A certified or licensed employee, or any other employee designated in writing by the superintendent or a campus principal, may communicate through electronic media with students who are currently enrolled in the district. The employee must comply with the provisions outlined below. All other employees are prohibited from communicating with students who are enrolled in the district through electronic media.

An employee is not subject to these provisions to the extent the employee has a social or family relationship with a student. For example, an employee may have a relationship with a niece or nephew, a student who is the child of an adult friend, a student who is a friend of the employee's child, or a member or participant in the same civic, social, recreational, or religious organization.

The following definitions apply for the use of electronic media with students:

- *Electronic media* includes all forms of social media, such as text messaging, instant messaging, electronic mail (e-mail), web logs (blogs), electronic forums (chat rooms), video sharing websites (e.g., YouTube), editorial comments posted on the Internet, and social network sites (e.g., Facebook, Instagram, SnapChat, Twitter, LinkedIn). *Electronic media* also includes all forms of telecommunications such as landlines, cell phones, and Web-based applications.
- *Communicate* means to convey information and includes a one-way communication as well as a dialogue between two or more people. A public communication by an employee that is not targeted as students (e.g., a posting on the employee's personal social network page or a blog) is not a communication; however, the employee may be subject to district regulations on personal electronic communications. See *Personal Use of Electronic Media*, above. Unsolicited contact from a student through electronic means is not a *communication*.
- *Certified or licensed employee* means a person employed in a position requiring SBEC certification or a professional license, and whose job duties may require the employee to communicate electronically with students. The term includes classroom teachers, counselors, principals, librarians, paraprofessionals, nurses, educational diagnosticians, licensed therapists, and athletic trainers.

An employee who uses electronic media to communicate with students shall observe the following:

- The employee shall limit communications to matters within the scope of the employee's professional responsibilities (e.g., for classroom teachers, matters relating to class work, homework, and tests; for an employee with an extracurricular duty, matters relating to the extracurricular activity).
- The employee is prohibited from knowingly communicating with students through a personal social network page; the employee must create a separate social network page ("professional page") for the purpose of communicating with students. The employee must enable administration and parents to access the employee's professional page.
- The employee shall not communicate directly with any student between the hours of 10 p.m. and 6 a.m. An employee may, however, make public posts to a social network site, blog, or similar application at any time.
- The employee does not have a right to privacy with respect to communications with students and parents.
- The employee continues to be subject to applicable state and federal laws, local policies, administrative regulations, and the Code of Ethics and Standard Practices for Texas Educators, including:
 - Compliance with the Public Information Act and the Family Educational rights and Privacy Act (FERPA), including retention and confidentiality of student records.
 - Copyright law
 - Prohibitions against soliciting or engaging in sexual conduct or a romantic relationship with a student.
- Upon request from administration, an employee will provide the phone number(s), social network site(s), or other information regarding the method(s) of electronic media the employee uses to communicate with any one or more currently-enrolled students.

- Upon written request from a parent or student, the employee shall discontinue communicating with the student through e-mail, text messaging, instant messaging, or any other form of one-to-one communication.
- All staff are required to use school email accounts for all email communications with parents. Communication about school issues through personal email accounts are not allowed as they cannot be preserved in accordance with the district's record retention policy.

An employee may request an exception from one or more of the limitations above by submitting a written request to his or her immediate supervisor.

If a student inappropriately communicates with an employee, that employee should immediately notify his/her supervisor.

Health Safety Training

Nurses, physical education teachers, marching band directors, coaches, athletic trainers or sponsors of an extracurricular athletic activity (including cheerleading) that is sponsored or sanctioned by the district or University Interscholastic League (UIL) must maintain and submit to the district proof of current certification or training in first aid, cardiopulmonary resuscitation (CPR), the use of an automated external defibrillator (AED), and extracurricular athletic activity safety. Certification or documentation must be issued by the American Red Cross, the American Heart Association, University Interscholastic League, or another organization that provides equivalent training and certification.

Personnel Records

Most district records, including personnel records, are public information and must be released upon request. Employees may choose to have the following personal information withheld:

- Address
- Phone number, including personal cell phone number
- Social Security number
- Emergency contact information
- Information that reveals whether they have family members
- Personal email address

The choice to not allow public access to this information may be made at any time by submitting a written request to Russell Dacy (Superintendent). New or terminating employees have 14 days after hire or termination to submit a request. Otherwise, personal information may be released to the public.

Policies for Control of Fraud

Wall ISD has and will continue to adopt policies and practices which will prevent or deter fraudulent activities. The following are just a few of the areas of concern.

1. All organizations or groups sponsored by Wall ISD are required to keep a record of revenues and expenditures.
2. All cash collected through the various organizations should be recorded and deposited within one week of collection.
3. It is against school policy to receive kickbacks or gifts from businesses or individuals doing business or services for the school district.
4. The expenditure of funds from any organization should include the signature of two professional employees (one which should be the campus principal)
5. Any use of credit cards must have administrative approval. Receipts will be verified through the central office.

Fraudulent activity can result in termination of employment.

Cell phone Usage

School cell phones used on school trips (when roaming) should be used only in an emergency. Personal roaming charges are to be reimbursed to the district by the user.

STUDENT ISSUES

Equal Educational Opportunities

In an effort to promote nondiscrimination and as required by law, Wall ISD does not discriminate on the basis of race, color, religion, national origin, age, sex, or disability in providing education services, activities, and programs, including Career and Technical Education (CTE) programs, in accordance with Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Educational Amendments of 1972; and Section 504 of the Rehabilitation Act of 1973, as amended.

Questions or concerns about discrimination of students on any of the bases listed above should be directed to the superintendent.

Student Records

Student records are confidential and are protected from unauthorized inspection or use. Employees should take precautions to maintain the confidentiality of all student records. The following people are the only people who have general access to a student's records:

Parents of a minor or of a student who is a dependent for tax purposes

The student (if 18 or older or attending an institution of postsecondary education)

School officials with legitimate educational interests

The student handbook provides parents and students with detailed information on student records. Parents or students who want to review student records should be directed to the campus principal for assistance.

Student Attendance

When absent from school, the student upon returning to school, must bring a note signed by the parent that describes the reason for the absence. These requirements are addressed in campus training and in the student handbook. Contact the campus principal for additional information.

Dietary Supplements

District employees are prohibited by state law from knowingly selling, marketing, or distributing a dietary supplement that contains performance-enhancing compounds to a student with whom the employee has contact as part of his or her school district duties. In addition, employees may not knowingly endorse or suggest the ingestion, intranasal application, or inhalation of a performance-enhancing dietary supplement to any student.

Psychotropic Drugs

District employees are prohibited by state law from doing the following:

- Recommending that a student use a psychotropic drug

- Suggesting a particular diagnosis

- Excluding from class or school-related activity a student whose parent refuses to consent to a psychiatric evaluation or to authorize the administration of a psychotropic drug to a student.

Asbestos Management Plan

The district is committed to providing a safe environment for employees. An accredited management planner has developed an asbestos management plan for each piece of district property. A copy of the district's management plan is kept in the superintendent's office and is available for inspection during normal business hours

Gifts and Favors

Employees may not accept gifts or favors that could influence, or be construed to influence, the employee's discharge of assigned duties. The acceptance of a gift, favor, or service by an administrator or teacher that might reasonably tend to influence the selection of textbook, electronic textbooks, instructional materials or technological equipment may result in prosecution of a class B misdemeanor offense. This does not include staff development, teacher training, or instructional materials, such as maps or worksheets, that convey information to students or contribute to the learning process

Visitors in the Workplace

All visitors are expected to enter any district facility through the main entrance and sign in or report to the building's main office. Authorized visitors will receive directions or be escorted to their destination. Employees who observe an unauthorized individual on the district premises should immediately direct him or her to the building office or contact the administrator in charge.

Copyrighted Materials

Employees are expected to comply with the provisions of copyright law relating to the unauthorized use, reproduction, distribution, performance, or display of copyrighted materials (i.e., printed material, videos, computer data and programs, etc.). Rented videotapes are to be used in the classroom for educational purposes only. Duplication or backups of computer programs and data must be made within the provisions of the purchase agreement.

Possession of Firearms and Weapons

Employees, visitors, and students, including those with a license to carry a handgun, are prohibited from bringing firearms, knives, clubs or other prohibited weapons onto school premises (i.e., building or portion of a building) or any grounds or building where a school-sponsored activity takes place. A person, including an employee, who holds a license to carry a handgun may transport or store a handgun or other firearm or ammunition in a locked vehicle in a parking lot, garage, or other district provided parking area, provided the handgun or firearm or ammunition is properly stored, and not in plain view. To ensure the safety of all persons, employees who observe or suspect a violation of the district's weapons policy should report it to their supervisor or call Superintendent Russell Dacy immediately.

Safety

The district has developed and promotes a comprehensive program to ensure the safety of its employees, students, and visitors. The safety program includes guidelines and procedures for responding to emergencies and activities to help reduce the frequency of accidents and injuries. To prevent or minimize injuries to employees, coworkers, and students and to protect and conserve district equipment, employees must comply with the following requirements:

- Observe all safety rules.
- Keep work areas clean and orderly at all times.
- Immediately report all accidents to their supervisor.
- Operate only equipment or machines for which they have training and authorization.

Employees with questions or concerns relating to safety programs and issues can contact their principal or superintendent.

Notification of Parents Regarding Qualifications

In schools receiving Title I funds, the district is required by the Every Student Succeeds Act (ESSA) to notify parents at the beginning of each school year that they may request information regarding the professional qualifications of their child's teacher. ESSA also requires that parents be notified if their child has been assigned, or taught for four or more consecutive weeks by, a teacher who does not meet applicable state certification or licensure requirements.

Texas law also requires that parents be notified if their child is assigned for more than 30 consecutive days to a teacher who does not hold an appropriate teaching certificate. Inappropriately

certified or uncertified teachers include individuals serving with an emergency permit (including individuals waiting to take the EXCET exam) or individuals who do not hold any certificate or permit. No later than the 30th instructional day after the date of assignment the superintendent or designee will send a written notice to parents. Information relating to teacher certification will be made available to the public upon request.

Complaints and Grievances

In an effort to hear and resolve employee complaints in a timely manner and at the lowest administrative level possible, the board has adopted an orderly process that all employees must follow when bringing formal complaints and grievances. Employees are encouraged to discuss problems or complaints with their supervisors or an appropriate administrator at any time.

The formal grievance process provides all employees with an opportunity to be heard up to the highest level of management if they are dissatisfied with an administrative response. Once all administrative grievance procedures are exhausted, employees can bring grievances to the board of trustees. For ease of reference, the district's policy concerning the process of bringing complaints and grievances is reprinted as follows:

PERSONNEL-MANAGEMENT RELATIONS: EMPLOYEE COMPLAINTS/GRIEVANCES

This policy provides employees an orderly process for the prompt and equitable resolution of grievances when a concern has not been resolved. The Board intends that, whenever feasible, grievances be resolved at the lowest possible administrative level. This policy shall not be construed to create new or additional rights beyond those granted by Board policy or law.

DEFINITIONS

For purposes of this policy, "days" shall mean calendar days.

The terms "complaint" and "grievance" shall have the same meaning. A grievance under this policy may include, but shall not be limited to, any of the following:

Grievances concerning an employee's wages, hours, or conditions of work. Specific allegations of unlawful discrimination in employment on the basis of sex (including allegations of sexual harassment), race, religion, national origin, age, or disability.

Specific allegations of unlawful discrimination or retaliation on the basis of the employee's exercise of constitutional rights.

Whistleblower complaints.

OTHER REVIEW PROCESSES

Procedures and information regarding sexual harassment by other employees are found at DHC and information regarding federal nondiscrimination is found at DAA.

An employee's dismissal or nonrenewal may be the subject of a grievance

	<p>under this policy only if the District does not otherwise provide for a review of the matter.</p> <p>The following are governed by other review processes and are not subject to this policy:</p> <p>Grievances regarding suspension without pay of a contractual employee: DF series</p> <p>Grievances regarding termination of an employment contract governed by Chapter 21 of the Education Code: DF series</p> <p>Grievances against a District peace officer: CKE</p> <p>Grievances regarding instructional materials: EFA</p>

[See DG(LEGAL)]</p> <p>The complaint shall first be filed in accordance with LEVEL TWO, below. Time lines for the employee and the District set out in this policy may be shortened to allow the Board to make a final decision within 60 days of the initiation of the complaint.</p>

All time limits shall be strictly complied with unless modified by mutual consent. Costs of any grievance shall be paid by the party incurring them.

The form must be filed within 15 days of the time the employee first knew or should have known of the event or series of events about which the employee is complaining.</p> <p>The principal or supervisor shall hold the conference within seven days after receipt of the written request. The principal or supervisor shall have seven days following the conference within which to respond.</p>
LEVEL TWO	If the outcome of the conference at Level One is not to the employee's satisfaction or if the time for a response has expired, the employee may

request a conference with the Superintendent or designee to discuss the grievance. The request shall be in writing on a form provided by the District and must be filed within seven days following receipt of a response or, if no response is received, within seven days of the response deadline. The Superintendent or designee shall hold the conference within seven days after receiving the written request. The Superintendent or designee shall have seven days following the conference within which to respond.

LEVEL THREE

If the outcome of the conference at Level Two is not to the employee's satisfaction or if the time for a response has expired, the employee may submit to the Superintendent or designee a request to place the matter on the agenda of a future Board meeting. The request shall be in writing on a form provided by the District and must be filed within seven days following receipt of a response or, if no response is received, within seven days of the response deadline.

The Superintendent or designee shall inform the employee of the date, time, and place of the meeting.

The Superintendent or designee shall provide the Board with copies of the employee's original grievance, all responses, and any written documentation previously submitted by the employee and the administration. The Board is not required to consider documentation not previously submitted or issues not previously presented.

The presiding officer may set reasonable time limits. The Board shall hear the grievance and may request a response from the administration. The District shall make an audiotape record of the Level Three proceeding before the Board.

The Board shall then make and communicate its decision orally or in writing at any time up to and including the next regularly scheduled Board meeting.

CLOSED MEETING If the grievance involves the appointment, employment, evaluation, reassignment, duties, discipline, or dismissal of the employee bringing the grievance, it may be heard by the Board in closed meeting unless the employee bringing the grievance requests that it be heard in public.

EXCEPTION

However, if the grievance involves a complaint or charge against another District employee or a Board member, it shall be heard in closed meeting unless an open meeting is requested in writing by the employee or Board member against whom the complaint or charge is brought.

Parent and Student Complaints (Policy FNG)

In the effort to hear and resolve parent and student complaints in a timely manner and at the lowest administrative level possible, the board has adopted orderly processes for handling complaints on different issues. Any campus office or the superintendent's office can provide parents and students with information on filing a complaint.

Parents are encouraged to discuss problems or complaints with the teachers or the appropriate administrator at any time. Parents and students with complaints that cannot be resolved to their satisfaction should be directed to the campus principal. The formal complaint process provides parents and students with an opportunity to be heard up to the highest level of management if they are dissatisfied with a principal's response.
